Harding, was built in 1660 and has been officially recognized by the N. C. Chapter of the Colonial Dames of the 17th Century.

The Iredell house on East Church Street was begun in 1759. The home of James Iredell, North Carolina attorney-general and associate justice of the U. S. Supreme Court, it is now owned by the State, which appropriated funds for its restoration.

Ernest J. Ward, Jr., and Grayson Harding were appointed to make arrangements for the celebrations.

Do you have your fall garden planted? The fall garden should be given a definite and important place in the farm program. The time to plant the fall garden depends upon the hardiness of the different vegetables and upon the time required for maturity. Tender vegetables must be planted on time to produce a crop before frost occurs. They should be given a little more time in which to mature during the fall months than is required for maturity during warm weather. Plant such fall vegetables as rutabagas, cauliflower, broccoli, cabbage, collards, ch-

nese cabbage, kale, spinach, lettuce, turnips and mustard.
