

SENATOR SAM ERVIN SAYS

Washington — Congress last week sent back to committee the bill to repeal the requirement under the National Defense Education Act that each student asking for a grant or loan under the Act must take an oath to support the Constitution of the United States and to defend it against all enemies, both foreign and domestic. I voted to recommend the bill.

Loyalty Oath
I am unable to see any reasonable objection to requiring the taking of a loyalty oath by a student applying for a grant or a loan under the Act. As passed by Congress in 1958, the Act requires each student to take an anti-Communist oath. I have sympathetic understanding of the position of those who object to singling out any group of Americans and requiring them to take a so-called anti-Communist oath; I do not accept as valid the argument, which I supported, was a

student seeking benefits from the United States Government makes that student a second-class citizen. I do not favor, however, singling out any group of persons and requiring them to take an oath or make an affidavit that is not required of all American citizens but I am in favor of requiring one who seeks to obtain any benefits from our Government to take an oath that he supports the Constitution which creates our Government.

The Mundt Amendment was not voted upon as the Senate adopted the Javits Amendment which was in the nature of a substitute to the Mundt Amendment. After much discussion, Senator Long proposed that the bill be recommitted. The vote was 49 to 42 in favor of this action.

Coach Tatum
Washington was saddened and shocked by the death of Football Coach Jim Tatum. His successful tenure as coach at nearby Maryland University and more recently at the University of North Carolina had made him very well-known and loved here in Washington. The Washington newspapers devoted much space to his life and career. Although a native South Carolinian, Coach Jim Tatum was closely identified with Chapel Hill. On his frequent visits here he never failed to attract top-level attention, at the same time helping to keep the North Carolinians here in Washington in touch with their State and their University.

NEXT TIME, WITH FEELING — Brandishing their machetes, a group of farmers from Cuba's Oriente Province seem to lack the proper accompanying facial expressions. They marched on Havana for the anniversary of the first rebel attack on the former government.

into such suicidal policies actually Communists? Probably a few of them are. Others are sincere pacifists. The vast majority are starry-eyed idealists, blissfully ignorant of the satanic nature of the Communist menace.

What should you and I as Christians do? Certainly we should be informed. A multitude of good books and pamphlets, well-documented, are available, and should be studied by every sincere Christian American. Also, we should be on the lookout for evidence of Communist influence, and protest as violently as possible whenever it rears its ugly head. You may find it subtly inserted in Sunday School literature, or perhaps in some pontifical pronouncement of a church council—but wherever you find it, protest against it.

The whole matter boils down to this — the function of the Church is to preach the Gospel and win souls. When it monkey-isms around in politics it is sure to make a monkey of itself.

Lena Leary Attends Clerks' Conference

Mrs. Lena M. Leary, assistant clerk of court, attended the eighth annual conference of assistant and deputy clerks of the Superior Court, July 30, 31 and August 1, at the Institute of Government in Chapel Hill. This is the sixth time the event has been held in Chapel Hill; others have been conducted in Charlotte and Southern Pines.

President H. L. Lewis, Jr., assistant clerk of Pitt County Superior Court, presided over the opening night session on Thursday, July 30. Albert Coates, director of the Institute of Government, extended the welcome of the town, the University of North Carolina, and the Institute of Government to the group. Judge William J. Bundy of the Superior Court delivered the keynote address.

Assistant and deputy clerks from throughout North Carolina who attended the conference, studied legislation passed by the 1959 General Assembly, administration of estates, regular reports required of clerks, and a panel discussion of various procedures and problems of clerks' offices. The conference concluded on Saturday, August 1, with a business meeting at which officers for the Association's 1959-60 year were elected.

Ricks Advances Mildew Warning

Mildewed clothing and linens are being brought into the laundry in increasing numbers, reports J. P. Ricks, Jr., president of Ricks Laundry and Dry Cleaners. Most of the mildew is in its early stages and can be removed satisfactorily. The recent prolonged rains and high humidity are the causes of this, Mr. Ricks said.

Mildew is a living fungus which thrives on warmth, moisture and darkness. It is often characterized with a musty stale odor. Fresh mildew can be removed, but when it sets into a material the resulting stain is practically permanent and if left too long will actually destroy the fabric.

Materials hung in closets, in chests or drawers, cedar chests, trunks or boxes can be mildewed after prolonged high humidity as we have had. To combat mildew, soiled items should be cleaned immediately. If the items do not need cleaning, they should receive liberal quantities of sunshine and fresh air. The storage areas should also be well aired.

A Crusher

A much-married Hollywood actor was confronted by a gay damsel.

"Hello, there," she greeted him; "don't you remember me? Ten years ago you asked me to marry you."

"Really," yawned the actor, "and did you?"

110 Given Old Age Assistance In July

Mrs. J. H. McMullan, superintendent of public welfare, reports that 100 persons in Chowan County received old age assistance during July with \$4,071 being distributed. There were 24 cases of aid to dependent children who received \$1,665; 35 cases of aid to permanently and totally disabled, who received \$1,615 and 12 cases of aid to the blind, who received \$525.

There were two emergency assistance cases for which \$25 was spent. Other financial assistance included seven cases hospitalized in the county, \$485.94, of which the county's part was \$435.94, and two cases hospitalized outside the county, \$36.00.

Raleigh — The North Carolina Department of Motor Vehicles traffic accidents summary from 10 A. M., August 3, 1959, is as follows:

Killed To Date..... 644

Killed To Date Last Year..... 542

Frightened?
"Tell me what you eat, and I'll tell you what you are," said a lunch counter philosopher. Whereupon a meek little man sitting a few stools away, called to the waitress: "Cancel my order for shrimp salad, please."

WHY DO WITHOUT A LITTLE LUXURY LIKE THIS... LET ALONE

THESE BIG CHEVY VIRTUES!

bigger brakes

Bigger, yes, and built with bonded linings for as much as 66% longer life. And how's this for proof that Chevy's a real stopper: in a NASCAR*-conducted test of repeated stops from highway speeds, Chevrolet outstopped both of the "other two" time after time.

*National Association for Stock Car Advancement and Research.

award-winning engines

The NASCAR Outstanding Achievement award goes to Chevrolet! Chevy wins for "the creation and continuing development of America's most efficient V-type engines... for the establishment of new levels of V8 compactness combined with outstanding smoothness." And you can choose among eight V8's and the Six that won the Mobilgas Economy Run for its class.

full coil ride

You're the expert on ride, so you'll want to try Chevy's easygoing smoothness for yourself. MOTOR TREND magazine can give you a hint of what you're in for: "... the smoothest, most quiet, softest riding car in its price class." And Full Coil springs, of course, never squeak, never need grease.

fresh styling

POPULAR SCIENCE magazine gave Chevy's styling a thoughtful look, then said it this way: "In its price class, Chevy establishes a new high in daring styling..." You'll find your own happy way of saying that Chevy's the only unmistakably modern car in its class.

greater roominess

Automobile Manufacturers Association records carry the facts on this. In a Chevy sedan, for example, you've got more front seat head room than all but one of the high-priced cars! And Chevy's front seat hip room spreads up to 5.9 inches wider than comparable cars.

bigger savings

Here's solid proof that Chevrolet squeezes more miles out of a gallon: In the famous Mobilgas Economy Run, two Chevrolet sixes with Powerglide took the first two places in their class. Winning mileage: 22.38 m.p.g. And that, friends, took top honors for Chevy from every full-sized car!

higher trade-in

N.A.D.A.* Guide Books prove that your Chevrolet will keep its value. Chevy used car prices last year, for example, averaged up to \$128 higher than comparable models of the other two cars in Chevrolet's field.

*National Automobile Dealers Association.

Here Comes the TOP GRAIN-SAVER OF THE 13-FOOTERS New McCORMICK No. 101 SELF-PROPELLED

See the all-new No. 101. See how you can bin up to 1,500 bushels of grain in a day. It's your best buy in a 13 footer. Let us show you why.

- You Get All These Features**
- Powerful 55-hp IH engine
 - Straight-through 28" separator
 - 40-bushel grain tank
 - Simple "outside" adjustments
 - Only 5 daily lubrication points
