faith; but it is just as necessary that we tell it. We must tell it because if we do not we will lose it. The simple truth remains that if our faith is not vital enough to be shared it is not vital enough to save us from the sins of selfishness and conceit. If we do not care deeply that others share the good news of our life in Christ, it is because we have not found all that Christ's coming should mean to us.

The Christian movement moves only through the lives of Christians whose vital faith is both

OH, MY ACHING BACK

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress and strain—you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless, uncomfortable feeling.

Doan's Pills work fast in 3 separate ways: 1. by speedy pain-relieving action, to ease torment of nagging backache, headache, muscular aches and pains. 2. by soothing effect on bladder irritation. 3. by mild diuretic action tending to increase output of the 15 miles of kidney tubes.

articulate and apostolic. Notice the apostolic zeal that characterized Philip and the articulate way in which he shared his news.

If we are truly fired with a desire to share our good news, God will lead us to the right opportunity, just as he led Philip to the eunuch. Not everyone is ready for our witness, of course. To thrust it upon them is to impinge on their freedom. God does not force himself or anyone, and neither should we do so. Courtesy and understanding are parts of a genuine love that cares for others. But how often a word is dropped from which a conversation may be opened that will lead to a vital sharing of our good news. Surely many such opportunities will come with those around whom we live and work with, day in and day out?

It will not be too difficult to find many in our day-to-day circle who are perplexed and in need of counsel, if we will only look around us with open hearts. However, some of these areas in which perplexities exist may be very personal and delicate ones, and we must be very careful not to impose. In all our witnessing we must be "as wise as serpents and harmless as doves." (Matthew 10:16) as Jesus told the seventy when he sent them out in His name. But if we exhibit true love and concern, surely an opportunity will arise in which we can do our

witnessing? Always there is the possibility that people may misunderstand and begin to persecute you. This is the price we pay for having convictions, but it is infinitely worth it. Remember, as pointed out in last Sunday's lesson, many men have died for their convictions since the early days of Christianity, so how can we refuse to make some minor sacrifice when they made the supreme sacrifice?

All we have to do is to remember that he who loves Christ will love his brother, and will do everything in his power to share with him the kingdom of God.

Frankly Speaking

By Frank Roberts

First of all, don't forget the big game tomorrow night at Greenville, as the Aces play Smithfield. Traditional Edenton support is expected to back the Aces.

More abbreviated television reviews. Caught a few more of the many new ones. One was called "4 Just Men," and in alternate weeks, stars Jack Hawkins, Vittorio deSica, Dan D'Arcy and Richard Conte. Complete with international settings, excellent photography and exciting suspense. On the subject of television, the opening monologue on Bob Hope's show last week, included this little gem concerning the TV quiz scandals: "Imagine a bunch of guys saying show-biz is dirty . . . and they're in politics." Still on the subject of tee-vee, is Governor Rockefeller's rejection of both tee-vee and radio men from one of his press conferences. That should stand him in no good with those powerful influences. Of course, the big television news concerns the fact that we have a new channel in our area. Only trouble is, the reception is so poor, no one is able to watch for any length of time. Anyway, channel 13, WVEC-TV carries all ABC . . . while WAVY now has the complete NBC line-up. On the overall scene, WAVY winds up

with the better shows. One thing, though, you'll hear something of a great friend of mine, and a fellow who has many other friends in this area, Harry Doggett. And still on the subject of television: if there's a better vocal group around than the Top 20 on Tennessee Ernie's show, I've yet to see 'em, and, of course, ole Ern is always a delight.

Notice how many sports stars are becoming actors? Chuck Connors, ex-Dodger star, was, of course the first. Now appearing on television is Bob Mathias, and in the movies both Satchel Paige and Althea Gibson, have recently made their acting debuts.

The movie theatre in Hertford closed down last week. Somehow that almost seems like a step in the wrong direction, especially with so many good movies around these days. Actually motion picture entertainment, for the most part, is superior to that on television.

The TV quiz scandal is touching Great Britain. A contestant on the English version of "What's My Line," is crying scandal. Also from England: a survey of leisure-hour activities in 2 English cities has come up, without comment, on this finding: television is keeping people from joining church and civic groups.

One of the things in the news I wish I didn't have to read, are those stories from Cuba . . . with Castro's constant blasting of the U. S. I think the man is sick, sick, sick.

A dee-jay in Chicago had his life threatened, after publicly stating that he was going to expose the "payola." Meanwhile, another dee-jay (this one in New York), says there's no such animal.

Boy, the Jaycees are a busy group. Coming up soon, some work in behalf of the farm boys and girls. Right now . . . they are busy selling some delicious peanut brittle, for a dollar for a big delicious box, and, they're also busy selling tickets for the Jaycee Thanksgiving dance, on the 25th of the month. Tix are just three dollars per couple. Speaking of civic organizations, thanks to the Woman's Club of Edenton for taking the time and writing such a nice thank-you note for our help on that wonderful Halloween party.

Closing thought: "History is but the unrolled scroll of prophecy." Oh, last week's thought

was authored by Socrates. And we'll be around again next week.
