

Trio Of Edenton Teams Victorious

By BILL GOODWIN
Edenton's Aces, Acelets and Jayvees took games from Scotland Neck in an Albemarle Conference triple-header played in the John A. Holmes High gymnasium Tuesday night.

The Aces, playing well-rounded basketball for the second straight night, upset the favored Scots 48-37. The Acelets powered their way to a 45-22 victory and the Junior Aces came through 40-31.

The Aces started strong and bounced out in front 15-7 at the first quarter halt. Then the Scots stormed from behind to a 23-19 half-time advantage. At the end of the third quarter the Aces had tied things up at 31-31.

With two minutes showing on the clock, the Aces were in front by a point, and during the final time the locals poured on the coals to win easily.

Johnny Phillips scored 17 points to keep up his standing at the head of the Aces' point department. But the turn of the tide came with Jerry Tolley retting 11, Bryant Griffin 7, Bobby Stokely 6, Fred Britton 5 and Bill Goodwin 2.

The Acelets had little trouble containing the Scots' impotent offense. Guards Norman Blanchard, Ida Campen and Mary Ann Hare continued their fine job on defense. Scotland Neck made only eight points during the first half and 14 in the final two periods.

Sara Relfe Smith took the night's scoring honors with 22 markers. Mary Ann Overton connected for 10, Beverly Morgan 7 and Barbara Layton, Frances Swain and Sue Bunch 2 each.

The Junior Aces won their third contest of the year behind Richard Hollowell's 18 points. Wayne Griffin bagged 5, Mac Wright, Dickie Cobb and Jimmy Dail 4 each, Cecil Fry and Joe Mitchener 2 apiece and Billy Boatwright 1.

The Aces and Acelets will be at home Friday night against Plymouth's Panthers, and will hit the road next Tuesday at Hertford.

Officers Destroy Two More Stills

Two more liquor stills were discovered and destroyed by officers Sunday.

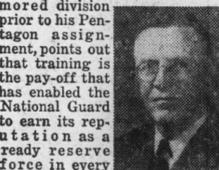

The first still was a 55-gallon outfit found four miles east of Edenton on Route 32 opposite

HELPING HANDS — National Guardsmen are usually among the first volunteers at the scene of a disaster. Training programs under tough Army standards help keep Guardsmen ready for any sort of emergency. These National Guard troops are en route from scene of an air crash.

Army National Guard "Most Ready" Militia Forces in U. S. History

"Training is the measure of a unit's ability to carry out a given mission," says Major General Clayton P. Kerr, a Texan who is currently assigned as the Assistant Chief for Army, National Guard Bureau. General Kerr, who commanded an armored division prior to his Pentagon assignment, points out that training is the pay-off that has enabled the National Guard to earn its reputation as a ready reserve force in every sense of the word.

General Kerr, who supervises administration and training of the Army National Guard's 4,500 company-size units and 400,000 officers and men, emphasizes the current mobilization readiness of the present-day Guard. "The National Guard," he says, "has already attained the highest degree of mobilization readiness ever reached in peacetime by a reserve force of the United States."

This advanced training status stems largely from the fact that since October, 1958, all of the elements of the Army Guard have been fully engaged in unit training, learning to function as an effective military team.

Destroyed included the still, 500 gallons of fermenting mash, a 55-gallon doubler, 20-gallon doubler, a copper coil and a copper condenser. Officers participating in the raid were Sheriff Earl Goodwin, ABC Officer Troy Toppin, Jailer Bertram Byrum, Officer W. F. Miller, ATO Officers Jack Gaskill, Roscoe Tidden and Joe Royster.

The second, a copper still, was found in the Greenfield section and was 50-gallon capacity. This still was being moved from the original site to a new location, with parts found scattered about.

Taking part in this raid were Sheriff Earl Goodwin, ABC Officer Troy Toppin, Jailer Bertram Byrum and Officer W. F. Miller.
