

### KNOW YOUR SOCIAL SECURITY

F. E. ... representative of the Social Security Administration, is in Edenton every Thursday at the North Carolina Employment Security Commission in Citizens Bank Building.

An older man usually spends a lot of thought on future possibilities. How can I support my family if I become disabled? What should I do now to assure my family the decencies of life if I die? These are matters he often ponders. They are, though, of more vital concern to the young man than to the old.

Each young man should ask himself, "if I should die, have I taken the proper steps to see that my wife and children will have enough income so that they can live in reasonable comfort? He should see that his marriage record is properly recorded, that any prior marriages were legally ended and that the birth certificates of all his children are

correct and properly recorded. He should, each two or three years, check his Social Security record to see that his earnings are correctly recorded to his number.

The self-employed young man, particularly the farmer, has been the most dilatory about taking care of these matters. If a man makes as much as \$400.00 in a year, from a business he is running, the law requires him to file a Federal Income Tax Return and pay a Social Security Tax. He should bear in mind also that with the passing of each year more Social Security credits are required (up to 10 years) in order to qualify for payments.

### Negro Home Demonstration News

By MRS. ONNIE S. CHARLTON, County Negro Home Economics Agent

Mrs. Helen W. Branford, 4-H Club Specialist, was most interesting at the training school for 4-H Club leaders last Thursday. Fifteen attended and Mrs. Branford took up the ten objectives of Youth Development. Suggestions were worked out with leaders on how much of this can be done in Chowan County. The objectives are:

1. Acquire attitudes, skills, knowledge for a satisfying home and family life.
2. Enjoy a useful work experience together with the responsibility and satisfaction of personal accomplishment.
3. Develop leadership talents and abilities to reach optimum citizenship potentials.
4. Appreciate the values of research and learn scientific methods of making decisions and solving problems.
5. Recognize the importance of scientific Agriculture and Home Economics and their relationship to our total economy.
6. Explore careers related to Agriculture and Home Economics and recognize need for continuing education.
7. Appreciate nature, understand conservation, and make wise use of natural resources.
8. Cultivate traits of healthful living, purposeful recreation, and intelligent use of leisure time.
9. Strengthen personal standards and philosophy of life based on lasting and satisfying values.
10. Gain attitudes, abilities and understanding for working cooperatively with others.

Wintertime Is Citrus Time

Citrus fruits include oranges, grapefruits, tangerines, tangelos, lemons, limes, kumquats and citrons are popular favorites during the winter season. Oranges and grapefruits are the two favorites chosen by consumers.

Oranges and grapefruit are easy to use. Just cut either one, prepare in seconds as you prefer, and they are ready to add fresh tangy flavor to mealtime or snacking.

There was a time when an orange in the toe of a stocking at Christmas was a luxury treat. Today, the majority of the people in our country consider an orange, or its nutritional equivalent in some other form than fresh, to be a necessary fruit for good health. The factors contributing to the situation are:

1. A better and more widespread knowledge and understanding of human nutrition.
2. Average and low income families can well afford citrus fruit in their grocery buying each week.

Size does not affect the quality and grade of citrus fruit. Select oranges and grapefruits by their weight as to size. Many times this will be in accordance with the variety from which you are selecting.

When shopping for oranges and grapefruit, look for the following characteristics:

1. Firm fruits that are heavy for their size—for best flavor and excellent juice.
2. Fruits that are free of soft or mold spots to avoid spoilage and to insure fresh flavor.
3. Tight-fitting skins—a sign of plenty of juice.

Most men and women talk well, and some practice what they say. —Mary Baker Eddy.

### Frankly Speaking

By Frank Roberts

The teenagers have been asking for things to do, to keep 'em busy. Well, the Legion has come through with trying colors offering roller-skating. Next, we're going to run a record hop. Lots of dancing, lots of music, lots of prizes and lots of fun. You'll hear more about it later, but I can tell you now that it'll be at the Edenton armory on Saturday night, March 19th. We'll be featuring all kinds of music, including plenty of the top 40 numbers. Incidentally, America's biggest independent station, WNEW in New York City, has switched formats on their dancing party for teenagers. Now, they're spotlighting swing music. It continues to show which way the trend is going.

You figure it out. A new rule for CBS stations is: "No editorializing." A few weeks after the rule went into effect, the network itself editorialized on the Jack Paar situation. Speaking of Jack Paar, I think the other personalities will have run out of jokes on the Paar situation. All of 'em were pulling jokes, much to the delight of newspaper critics. Said critics usually abhor repetition on television, but they said nothing about the repetition of Paar jokes. They even praised them! Be that as it may, the voice of the critic is small and the public continues to listen to and watch what they prefer.

At WCJD we've been having a ball with our nearly 200 new albums, featuring outstanding artists. The reception on our new music policy continues to be heartening. As in my last column, I'd like to offer special thanks. Thanks first of all to Earl Jones for a swell phone call. And special thanks to Mrs. Lee Roy Barrow for a very nice letter. It was her letter, which partially inspired us to include a hymn or spiritual every morning. We also spotlight one march a morning on the show. Also on WCJD, contests in the afternoon, in addition to those we have in the morning. Tom Shields on his show offers prizes... so tune in, hear good music, a good emcee and see what you can win.

Closing thought: "A husband is always a sensible man; he never thinks of marrying." Well!!!

### Dr. Bob Jones At Berea Church Feb. 26

A one day evangelistic conference will be held at the Berea Baptist Church near Elizabeth City Friday, February 26, from 10 A. M. until 12 o'clock noon and at 7:30 in the evening.

Dr. Bob Jones, Sr., founder of Bob Jones University, and internationally known evangelist, will be the featured speaker. Dr. Jones will discuss "Evangelism of the Past, Present and Future" at the morning services. He will speak at the evening service on "Old Time Evangelistic Messages." All Bible believing Christians are invited to attend.

Dr. Jones is being sponsored by the Evangelistic Ministerial Association of Elizabeth City.

### WISDOM of the Ages

"Knowledge knows no forbidden frontier; the process of creation is never finished."

Professional knowledge is essential—consideration and understanding are equally necessary.

Williford FUNERAL HOME 2518

### New Sorority Formed At E. Carolina College

Installation of the ninety-ninth chapter of Kappa Delta Sorority was held at East Carolina College on February 6. The local chapter at East Carolina was installed as Gamma Sigma.

Kappa Delta was founded in 1887 at Longwood College, Farmville, Va., and is one of 26 national Panhellenic Conference members. Other chapters in the state are at Duke University, High Point College, Queens College and the University of North Carolina.

When local sororities were authorized on the campus at East Carolina, one group of students formed Delta Sigma Chi Sorority. They petitioned Kappa

Delta in the fall of 1959, were officially accepted by the Sorority and became pledged of Kappa Delta last October 15. Since that time they have been receiving instruction under the direction of the Greenville Alumnae Association of Kappa Delta.

Representing the National Council of Kappa Delta for the installation was Mrs. Frederick T. Morse of Charlottesville, Va., national president; Mrs. Kenneth Gallagher of Stillwater, Oklahoma, national chapterman, and Mrs. Julia Ober of Norfolk, Va., past president and national Panhellenic conference delegate. Mrs. Gallagher was the installing officer. Mrs. Morse gave the address at the installation banquet on Saturday evening and Mrs. Ober presented

ed the charter to the new chapter. The first initiation ceremony for the new chapter was held at the First Presbyterian Church Saturday afternoon, February 6. The installation banquet was held in the Parish House of St. Paul's Episcopal Church. Guests of the chapter were Dr. James Tucker, dean of student personnel at East Carolina College and Mrs. Tucker; the Rev. Richard Ottaway, assistant rector of St. Paul's Episcopal Church, and Mrs. Ottaway; the husbands of the Kappa Delta Alumnae Association and of the honor initiates.

Among the alumnae who

graduated recently at East Carolina College and was initiated was Miss Alma Hardison. Miss Hardison is the daughter of Mr. and Mrs. Julius L. Hardison of Edenton.

Raleigh — The Motor Vehicles Department's summary of traffic deaths through 10 A. M., Monday, February 22, 1960 is as follows: Killed To Date 167 Killed To Date Last Year 134

This the 16th day of February, 1960.

PEOPLES BANK & TRUST COMPANY Executor under the Will of Inez Felton

### "Defend, O Lord, this Thy child..."

With these words, and the remainder of a short prayer, a Bishop of the Episcopal Church confers the sacrament of Confirmation—a rite which Episcopalians believe gives to its recipient God's strength for full participation in all the privileges of membership in the church and for the responsibilities attached to it.

There are many misconceptions about "Confirmation." Some people think of it as "joining" the church. That's not the case. Because, one who has been baptized with water in the name of the Trinity is a member of the Christian family—a member of the Body of Christ, which is the Church. He or she can't be "more" a member.

But we do believe that Confirmation, which means "strengthening" (Scriptural authority for which appears in Acts 8: 12-18), is a spiritual aid to those who receive it. Other than Baptism, there is no specific ceremony that makes you a "member" of the Episcopal Church. Confirmation, however, elevates a member to a "communicant" standing and enables him to receive the further privilege of Holy Communion.

Those of us who have received the "laying on of hands" by the Bishop feel there is special benefit in Confirmation. Wouldn't you like to know more about the Episcopal Church?

"CORVAIR HANDLES BETTER, STEERS MORE EASILY, RESPONDS MUCH MORE QUICKLY AND HOLDS THE ROAD MORE SECURELY THAN ANY STOCK FOUR-DOOR SEDAN EVER MADE IN THE U.S." —Jim Whipple, Car Life

If you think we're enthusiastic about Corvair, leaf through the leading automotive, sports and science magazines and see what the experts are saying. Then, by all means, drive one yourself.

"Corvair's steering is so light that at parking speeds it feels power assisted; it is so precise as to be absolutely without play, and it is fast enough to allow complete control over every situation." —Karl Ludvigsen, Sports Cars Illustrated

"Steers like a feather and is extremely quick... This is a beautifully designed automobile, engineered by real pros..." —Tom McCull, Mechanics Illustrated

"Most surprising thing to me outside of the excellent handling characteristics was the feeling of relaxation inside... I didn't have the sensation of driving a small car and the hoodroom was greater in the Corvair than in some standard size cars..." —L. H. Hawk, Automotive News

"So far as shopping goes, the Corvair is a housewife's dream. It's small and easily maneuvered without any power steering, and so easily parked... it's a lot easier to unload a cart full of groceries into a front trunk at the supermarket than it is into a rear one." —Rosemary Francis, Popular Science

"I want to state as firmly as I can that the Corvair handles as beautifully and is as safe as—if not safer than—any family car on the road today." —Jim Whipple, Car Life

"There is none of the typical whine normally associated with rear-engine vehicles. Inside the car, the effect is quite unlike anything we have ever experienced. It almost seems that there is no engine, and the general effect is so quiet as to be almost uncanny." —John R. Bond, Road & Track

"No written word can suffice for the genuine pleasure that you will receive behind the wheel of America's newest and most advanced contribution to transportation... It is a great car." —Don Stewart, Motor Life
