

Negro Home Demonstration News

By MRS. ANNIE S. CHARLTON, County Negro Home Demonstration Agent

NATIONAL HD CLUB WEEK
MAY 1-7, 1960
Theme: Today's Home Builds Tomorrow's World.

A few weeks before this observance of National Home Demonstration Club Week, our home demonstration members and clubs sent in reports on "What Home Demonstration Club Work Means To Me" or "How Home Demonstration Club Work Helps Our Families and Communities." Reports were received from these home demonstration clubs: Ryans Grove; Canaan Temple; Triangle; Edenton; Center Hill; Warren Grove; St. John; Paradise Road; and Virginia Fork.

The report printed in the column today on "What Home Demonstration Club Work Means To Me" comes from Mrs. L. B. Coston, Canaan Temple and Mrs. Mary Nixon, Triangle. Their report summarizes much of what is in all of the reports.

What Home Demonstration Work Means To Me

"What does Home Demonstration Work Mean To Me? First let us consider what Home Demonstration stands for—Examine the Emblem, The Motto, and the Aims of Home Demonstration work.

The Emblem—In the center of the Home Demonstration Emblem is the hearthfire which symbolizes the home and expresses the spirit of the finest attributes of the home, such as fellowship, comfort, peace and protection. The oak leaf is a symbol of strength; the sheaf of wheat, productivity; the Roman lamp, knowledge and other attributes of a successful home. Around these symbols are the words: "Home, Family, Community" with "Cooperative Extension Service" in the outside ring—designating the cooperation of the County, State and Nation in the Extension Program.

The Motto—"Lifting As We Climb"—depicts our efforts to ascend and help others to rise also.

The Aims—

1. To help the rural family to develop ideals and desirable standards for farming, homemaking, community life, citizenship, and a sense of responsibility for their attainment.
 2. To teach women to appreciate the value of new and tested methods in homemaking and to use this information in their homes so that it may lessen labor, increase farm income and improve the standard of living and satisfactions of farm life.
 3. To improve health by practicing better health habits and taking advantage of all available services.
 4. To stress the production of food and feed supply to enable each family to "Live-at-home."
 5. To strengthen, promote, and help put into practice the Extension program of Agriculture and Home Economics designed to carry practical and scientific information to the farm home.
 6. To discover, develop and use all available rural leadership.
 7. To reach every rural family through the Extension program.
 8. To encourage rural youth to become members of 4-H and YMW Clubs.
 9. To support the Negro Home Demonstration Loan Fund.
- Being the mother of three

small children with a low family income, I need and desire to know all this great service has to offer. Therefore, Home Demonstration Work means everything to me.

I have found that to make my family happy, healthy, and comfortable, I must use all our earnings to the best possible advantage. To do this, I—

- (1) must know the health rules so I may help my children acquire the best health habits.
- (2) must know the most nutritious foods which will supply all of the body needs.
- (3) must raise all the foods I can to increase our family income.
- (4) must know how to shop to the best advantage for those things I must buy.
- (5) must be alert to the social rules in order to prepare my children for society and mingling with the public.
- (6) must know how to market or the best values in food, clothing, and household furnishings.
- (7) must know how to prolong the use of our clothing, by proper care and repair.
- (8) must know how to grow and conserve all kinds of food in order to have plenty of food for my family at all times.
- (9) must know my relationship to others, so that I may respect their rights and be helpful to them, thereby fulfilling the office of a good citizen.
- (10) need to know how to use my leisure time to the best advantage and plan wholesome fun and recreation.

(11) must conduct my life and my home in such a way that I may be a light to those who have not availed themselves to join the Home Demonstration Club, so that it will give them a desire to become Home Demonstration Club members.

(12) Must learn more about the goodness of God and the right way to worship Him in order that I may teach and train my children to love and have reverence for God and love their fellowman.

In order to know and be able to do these things, one must be taught in school, by experience, or some efficient agent, such as our Home Economics Agent, in home demonstration meetings and other activities.

As I have already stated Home Demonstration work means everything to me.

This wonderful service is helping me to learn many vital things that are essential to one's life, home, family, community, county, state and nation. There is no other way I could have obtained this assistance.

By the knowledge and information I have gained from my Agent, Leaders, the association of the members of our club and the helpful literature from the Extension Service, I feel that I am prepared to be a better wife, a wiser mother, a better church member and a good and thoughtful citizen who will be willing to shoulder responsibilities and make our community a better place in which to live."

SUNDAY SCHOOL LESSON

Continued from Page 4, Section 2

each other. Reconciliation comes from good intentions. All too often we pass on gossip, and even true statements, which hurt and harm. Reconciliation will not issue from such activities. When we talk about other

people, let us guard our tongues and develop the habit of "accentuating the positive."

Another concrete way in which we can work for peace, and be peacemakers, is to seek the causes, not the symptoms, of tension.

But we must, of necessity, bear in mind the contrast between a peaceful person and one who makes for peace. A peaceful person may be spineless, never hurting anybody, never saying anything that will give offense. Sometimes, however, a Christian has to speak out and hurt, as Jesus sometimes did, in order that peace may follow.

Jesus emphasized this matter of reconciliation. He said that if you are at worship and suddenly recall that a man has something against you, leave your gift; go and be reconciled with that man, or that family. Reconciliation is more important than giving gifts to God.

God wants men of right relationships more than gifts around his altar. And who is to say that an act of reconciliation, a repudiation of feelings of bitterness, is not, indeed, a valuable gift in God's eyes, in its own rights? Too, we should feel the importance of helping a man who holds a grudge against us to be free. His release from hate, bitterness, covetousness and misunderstanding is vital for his growth as a child of God, too. We are obligated to help him, even as we are to help ourselves.

Jesus taught that vengeance and retaliation are wrong. A man should develop within his character the spirit of good will toward all men. Certainly this is the only way that peace can be maintained. We must learn to differentiate between sin and sinner. We should hate the sins of man, but we must not hate the man. Love the sinner, hate his sins.

The toxins of hate, greed, superiority, indifference and impurity must go. Peace cannot come to humanity until men deal with the toxins that produce the boils. We must be concerned with helping people caught in the webs of high tariffs, soil erosion, depleted soils, impoverished minds and dwarfed souls. We must learn to seek to be perfect—"be mature"—as our Father in heaven is mature. This means to grow in character and to develop actions consistent with good will toward others. It means putting our shoulders to the yoke and pushing with all our might. We are to help make peace. And what a reward awaits us: they shall be called Sons of God!

Minutes Of Board Of Public Works

Edenton, N. C. March 30, 1960

The Town Council and the Board of Public Works met this day in joint special session at 8:00 P. M.

Members present: Town Council—Mayor John A. Mitchener, Jr., J. Edwin Bufflap, George A. Byrum, Luther C. Parks, W. C. Bunch, Jr., and R. Elton Forehand. Board of Public Works—Thomas C. Byrum, Jr., chairman, Jesse L. Harrell, Ralph E. Parrish, James P. Ricks, Jr., and J. H. Conger, Jr.

This special meeting was called to discuss the extension of water and sewer facilities in the industrial park for a prospective industry.

Motion was made by George A. Byrum, seconded by J. Edwin Bufflap, and duly carried, that water and sewer facilities be extended in the industrial park along a street to point "D" as shown on a map of the industrial park prepared by Wm. F. Freeman dated 1-27-60, providing an industry now being considered is secured. Voting no: Ralph E. Parrish.

J. H. Conger, Jr. took the oath of office as a member of the Board of Public Works.

There being no further business, the group adjourned. ERNEST J. WARD, JR., Clerk.

Edenton, N. C. April 5, 1960.

The Board of Public Works met this day in regular session at 8:00 P. M., at the Edenton Municipal Building with the following members present: Thomas C. Byrum, Jr., chairman, Jesse L. Harrell, Ralph E. Parrish, James P. Ricks, Jr., and J. H. Conger, Jr.

The minutes of the regular meeting of March 1, 1960 and special meetings of March 8th, 17th and 30th, 1960 were read and approved.

Jesse L. Harrell, Chairman of the Finance Committee, reported that after all contracted obligations of the Board of Public Works were paid there would remain a cash balance in E & W Board funds of approximately \$84,000.00.

On motion by Jesse L. Harrell, seconded by J. H. Conger, Jr. and carried, the Town Council's request that balance of \$84,000.00 be transferred to them is approved.

On motion by Jesse L. Harrell, seconded by James P. Ricks, Jr. and carried, E & W bills in the amount of \$24,676.74 be paid. Of this amount \$14,434.30 was for general expense of operation, \$5,664.99 covered the purchase of new billing machine, and \$4,577.45 was for sewer and water extensions.

Burroughs Corporation, \$5,644.99; Byrum Hardware Co., \$31.87; Tidewater Supply Co., \$64.19; Williamston Office Supply Co., \$15.12; Bunch's Garage, \$165.49; Motorola C. & E. Inc., \$93.50; Coastland Oil Co., \$277.43; East Carolina Supply Co., \$146.17; Electrical Equipment Co., \$1,238.48; Ashley Welding & Machine Co., \$90.02; Line Material Industry, \$49.90; Transport Clearings of the Carolinas, \$15.39; M. G. Brown Co., Inc., \$28.78; Carolina Machinery & Supply Co., \$30.02; Edenton Construction Co., \$78.50; Addressograph-Multigraph Corporation, \$27.75; Executive N. Hines, \$62.00; Wm. F. Freeman, Inc., \$149.09; Connell Construction Co., \$4,428.54; Bill Potts, \$9.00; Postmaster, \$93.04; salaries paid in month of March, \$3,728.95; total, \$28,405.69.

Received for current water and merchandise, \$21,850.74. Disbursements in excess of receipts, \$6,554.95.

Ralph E. Parrish, Chairman of the Electric Department, reported that we had a net loss during the month of electric customers and a drop in dollar income of approximately \$2,000.

On motion by Ralph E. Parrish, seconded by James P. Ricks, Jr. and carried, Chairman Byrum was authorized to request bids on light delivery truck to replace truck No. 30 used by the Water and Sewer Department; truck No. 30 being a 1953 model.

On motion by J. H. Conger, Jr., seconded by James P. Ricks, Jr. and carried, Superintendent Richard N. Hines is authorized to inform Mr. Phthisis that no refund could be made on the metering equipment recovered as this material remains the property of the Town of Edenton, and as long as it is in use the policy provided that it is maintained by the E & W Board without cost to the customer; it never becoming the property of the customer.

Chairman Byrum reported that he has requested the chairman of the Town Council to call a special joint meeting of the Town Council and the E & W Board to consider an assessment policy, however, the Chairman of the Council has not advised him of a time or place for this meeting.

On motion by Ralph E. Parrish, seconded by Jesse L. Harrell and carried, the request of the Town Council that two caution lights be installed in the proximity of the Edenton Colored Schools on Oakum Street for the protection of the school children is approved, and Superintendent Richard N. Hines is authorized to order and install the lights.

Chairman Byrum appointed J. H. Conger, Jr. to serve on the Finance Committee with Jesse L. Harrell.

Ralph E. Parrish and Superintendent Richard N. Hines were authorized to contact H. A. Valentine and make the necessary arrangements to secure easement for electric services to the properties he is developing on West Albmarle Street Extended.

There being no further business the meeting adjourned. RALPH E. PARRISH, Secretary.

FILTER-FLO WASHER

Model WA-650S

REMOVES LINT...AUTOMATICALLY!

One Simple Dial To Set!

You have a choice of either a normal wash cycle for regular family wash or a short wash cycle for delicate fabrics. The normal cycle gives you a choice of 1 to 15 minutes—you wash most of your clothes on this cycle. The short cycle, from 1 to 4 minutes, is for items such as lingerie, synthetics, woolsens, etc.

Saves Hot Water 3 Ways...

- 1—New choice of wash water temperatures offers a choice of hot or economical warm or cold temperatures.
- 2—You can select warm or cold rinse water for a further economy.
- 3—Water Saver offers a saving of up to 20 gallons of water on small loads, much of which is hot water.

A full tub of wash water circulates and filters at the rate of six gallons per minute. The General Electric Filter-Flo Washing System cleans and recleans wash water to give you cleaner clothes. Lint is caught in the moving filter... not on the clothes.

How The Filter-Flo Washing System Works:

1. Even "ground-in" dirt is loosened and carried away as clothes are washed piece by piece by Activator Washing Action.
2. Lint and soap scum are carried out of wash basket as wash water continuously overflows into outer tub.
3. Heavy sand and silt are swept from bottom of washbasket by special fins on the Activator washing post.
4. Pump continuously circulates water up and through filter, cleaning and recleaning it at the rate of 6 gallons a minute.
5. Only cleansed, sudsy water flows back into the washbasket. NO LINT FUZZ ON CLOTHES!
