

Weekly Devotional Column
By JAMES MacKENZIE

things that need to be done. Let us get the Bible down from the shelf and give the counsel of God its rightful place in the councils of our land.

In recent years Alberta has become known internationally as the great oil producing Province of Canada, but every time I look at an oil well and see the pump going up and down and the oil flowing from the pipe, I say to myself, "Some day that well will be pumped dry, but there is a cruise of oil that will never run dry, but which will flow on forever and ever."

We should be anxious for people to know about that oil which in the lamp of God's Word produces a light that shines across the darkness of this world that men may find their way to Jesus Christ, the one Who alone can save and Who can solve their problems, whatever they may be.

ing at 2:30 P. M. The vice president, Mrs. H. W. Dale, was in charge and the group sang "Love's Old Sweet Song." Mrs. M. M. Nixon conducted the devotional, reading from Psalm 104 and she also read a reading "I Love My Mother Because." The cancer drive was discussed and Farm and Home Week was announced as well as the crafts workshop at Manteo. Mrs. M. M. Nixon won second place in the fashion show on cotton dress she made. Mrs. Nixon also modeled a hat she made. Mrs. Roland Evans modeled a dress and hat she made. Mrs. J. H. Asbell also modeled a dress she made. The club was reminded that this month is time to think about vacation and leisure and to plan for them. The hostess was Mrs. J. H. Asbell.

Mr. and Mrs. Dorsey Welch of Washington, N. C., had a dinner party Saturday night, May 14, in honor of Douglas Leary and Stuart Hollowell and their finances and their families and relatives.

Miss Becky Warren of Lillington, N. C., spent the week-end with Mrs. H. L. Leary.

The Boy Scouts of this area attended a Scout Camporee over the week-end at Camp Carter Perry.

Boys in the Rocky Hock area

who are interested in organizing a baseball team met with Charlie Peele at the Rocky Hock Community Center Saturday afternoon.

The Rev. Thurman W. Allred and Murray Tynch are attending the Southern Baptist Convention in session at Miami Beach, Florida.

The YWA of Rocky Hock Church met at the home of Mary Alice Perry Monday night.

The tentative date for the Rocky Hock Bible School is at present scheduled for June 13-17.

The senior class of Chowan High School will be guests at the morning worship service at Rocky Hock Church this Sunday, May 22.

The dedication of the new fish hatchery was held Monday, May 16. There was good music furnished by the John A. Holmes High School Band, good speaking and other activities. But where were the Edenton people on that beautiful sunny day?

Joe Hollowell, a student at State College, spent the week-end at home with his parents, Mr. and Mrs. J. B. Hollowell, at Cross Roads.

The Annie Hollowell Circle of Ballard's Bridge Baptist Church met with Mrs. J. B. Hollowell Tuesday night.

"There is no more urgent need in North Carolina than the improvement of public education."

Terry Sanford

Terry Sanford FRONT LINE FIGHTER for education

Terry Sanford puts education first. He will work for education—he will fight for education. This makes Terry Sanford different.

Many say they are for education. But they have done nothing for education. They say that North Carolina should wait—should hold the line—but those who wait are timid, or don't care about giving our children the education they need.

Terry Sanford believes the best way to raise the per

capita income of North Carolina—the best way to get more money from industry, from farming—is to give our children the education they need to compete. Education is our best investment.

Terry Sanford knows that we have a duty to prepare our children for life. Our children must live with the education we give them.

For North Carolina's future, they must have educational opportunities second-to-none.

LONG RANGE NINE-POINT PROGRAM FOR EDUCATION

1. Attract and keep more well qualified teachers.
2. Concentrate on basic courses; teach students to think.
3. Maintain constant study of teaching methods, teacher training.
4. Provide long range plans for adequate school funds.
5. Provide adequate classrooms without adding frills.
6. Recognize teacher quality, without using unworkable "merit rating."
7. Provide smaller classes for maximum quality teaching.
8. Make teaching profession attractive.
9. Assure quality education supported by improved industrial and farm economy.
