

WITH THE FARM WOMEN

By MAIDRED MORRIS

Doctors Wanted
Jones County Home Demonstration Club women are seeking a doctor for their county. There is no practicing physician located in the county and the women are determined to change the situation.

Mrs. Faytie Gray, home economics agent, reports the women hope to get a clinic with hospital beds for the county in the near future. At least, that is the goal they are striving for. Mrs. Wilmer Mallard, Trenton, Rt. 1, is chairman of the project committee.

4-H Leaders Assist With Project

Tapoco Community 4-H Club girls hemmed towels for the lunchroom at their club meeting recently. Miss Nellie Jo Carter, home economics agent in Graham County, reports surplus cotton muslin was used for the project and the girls learned sewing techniques by drawing threads to find the straight of the material.

For the younger girls, using an electric sewing machine was a new experience. Mrs. Tony Ayers and Mrs. Henry Owens, who are local 4-H leaders, assisted the girls with their work.

New Clothesline

Have you been having trouble with your clothesline? The W. R. Deans of Cedar Rock community in Franklin County had trouble keeping their line up. They have now put up concrete posts and cross pieces. The posts are set in concrete bases as are the metal braces which brace the posts. The posts are 30 feet apart and support three lines.

Mrs. Lillie Mae Dean, home economics agent, says the Deans used aluminum wire which does not color the clothes.

Remodeling Is Challenging Job

A century old house of original elegance and charm is a delightful remodeling challenge for anyone. Mrs. Otis Hendrix in Davie County has recently been planning the arrangement of the various rooms for family living and entertaining.

Miss Florence Mackie, home economics agent, says that most of the planning has now been

done and they are now making decisions for furnishing the rooms. Color coordination will be planned throughout the house.

Home Grown Cypress Paneling

An excellent demonstration on remodeling was seen in the home of Mrs. Lloyd Thomas at the Springfield Club meeting. Cypress paneling grown and cut on the farm was used on the walls of the large kitchen, den, the utility room and the bedroom. Another interesting feature was the large fireplace in the kitchen-den combination.

Miss Flora McDonald, home economics agent in Moore County, says Mrs. Thomas is planning to refinish some of her furniture.

Small Fruits

In a few years Mr. and Mrs. John T. Mathews of Mount Airy, Rt. 1, will benefit from wise planning now. The Mathews moved into a new home only one year ago and already have young fruit trees and grape vines growing. They have several varieties of cherries, apples, grapes and a pear tree. These fruits will supplement the food supply.

"The value of having their own fruit supply will pay off in the coming years," says Miss Ella Hampton, assistant home economics agent in Surry County.

Club Members At President's Council

Three members of the Edenton Woman's Club attended the District 16 President's Council meeting Monday at the Red Apple in Murfreesboro. They were Mrs. J. D. Elliott, local president; Mrs. W. J. P. Earnhardt, district awards chairman, and Mrs. R. J. Boyce, district education chairman.

Newest projects of the N. C. Federation of Women's Clubs is the "Dollars for Scholars," which District 16 clubs were asked to support. It is hoped that each club member in the state will give \$1 each to raise \$20,000. The money is to be used for four \$750 scholarships each year instead of the present \$150 schol-

HONEY OF A JOB—Bee fancier George Kuzare noticed a swarm of bees that had invaded a car parked in Pittsburgh, Pa. He donned a makeshift net, skillfully brushed them into a box.

arship every four years.

Plans were made for the district meeting in October at which the Manteo Woman's Club will be host.

District 16 will be host for the state convention in Pinehurst in May. This will be the first time in the federation that a district removed from the area of the convention has been responsible for the convention. Mrs. Edwin G. Brown of Murfreesboro is in charge of the arrangements.

Plans were made for an art contest, music contest at Chowan College and a sewing contest, sponsored by Vogue. The community achievement contest sponsored by Sears has been changed to community improvement contest, it was announced.

State President, Mrs. Gordon Maddrey, attended the District 16 meeting at which Mrs. Julian Porter, district president, presided.

VFW MEETS TUESDAY

William H. Coffield, Jr., Post No. 9280, Veterans of Foreign Wars, will meet Tuesday night, July 5, at 8 o'clock. Commander John Bass is very anxious to have a large attendance.

Leaders Trained For Club Lessons

House furnishings and home management leaders were trained last week in "Planning Family Living is a Family Affair" by Pauline Gordon, Extension specialist in housing and house furnishings. These leaders will present the lesson at the July Home Demonstration Club meetings.

Miss Gordon told the leaders that families should take into consideration the following in planning the total family's living: the total household operation, the part the family plays in the community, the satisfaction gained, their cooperation together, the family's savings, health, food, house, house furnishings, clothing, recreation and education and their personal preferences. The leaders were told each family has three things to spend—time, energy and money. They were told they have two things to cultivate—attitudes and knowledge.

Leaders attending this training school were: Enterprise Club, Mrs. Wallace Goodwin, Sr., Mrs. Henry Goodwin, Mrs. Fred Bunch; Advance, Mrs. J. C. Skin-

ner and Mrs. Bristoe Perry; Rocky Hock, Mrs. Thurman Ashley; Chowan, Mrs. C. J. Hollowell and Mrs. E. N. Elliott; Oak Grove, Mrs. Milton Evans and Mrs. Leroy Bunch; Center Hill, Mrs. B. P. Monds; Byrd, Mrs. D. M. Reaves and Mrs. M. T. Barrington; Gum Pond, Mrs. Marvin Smith and Miss Ila Bass; Colonial, Mrs. Guy Hobbs and Mrs. A. F. Downum; Wards, Mrs. A. D. Ward, Jr.; Ryland, Mrs. C. C. Copeland and Mrs. Eugene Jordan; Yeopim, Mrs. Harold Thomas; Mrs. Stanton Harrell and Mrs. Johnny Speight; Beech Fork, Mrs. W. T. Saunders; Miss Pauline Calloway, home economics agent, and Miss Catherine Aman, assistant home economics agent.

You cannot keep the people out of government and progress. If their intelligence does not rule, their ignorance will.

—Thomas B. Reed.

CARD OF THANKS

We take this means to express our heartfelt thanks and appreciation for the many beautiful flowers, cards of sympathy and deeds of kindness showered upon us during the illness and death of our husband and father, Raleigh Edward White.

Mrs. Raleigh Edward White, Mrs. Tom Bateman.
