

**Rocky Hock Church
125th Anniversary**

Continued from Page 1, Section 1
First Baptist Church, Roseboro, N. C.; the Rev. Frank Cale, Jr., pastor of the First Baptist Church, South Boston, Va.; the Rev. Paul Harrell, pastor in Arlington, Va.; the Rev. Ralph Harrell, under appointment a missionary to Tanganyika by the Southern Baptist Foreign Mission Board; the Rev. Robert Harrell, pastor of Brookside Baptist Church, Nashville, Tenn.; the Rev. Lindsay Harrell, serving as missionary to the Amazon and currently attending language school in Oklahoma; the Rev. John Winborne Privott, Association of the North Roanoke Association; the Rev. Robert White of Winston-Salem; the Rev. Carroll Copeland, pastor of Grandview Baptist Church, Anchorage, Alaska, and the Rev. Raymond White, pastor of West Bend Baptist Church, West Bend, N. C. In addition, one of Rocky Hock's fine ladies, Betty Ann Harrell, is at present preparing for service on the mission field.

At least twelve ministers have served as pastor of Rocky Hock Baptist Church, of which four are still living and are the Rev. W. F. Cale, Jr., of South Boston, Va.; the Rev. W. C. Francis, retired and living in Wilmington, N. C.; the Rev. R. E. Gordon, serving as a missionary under appointment by the Southern Baptist Foreign Mission Board to the Philippines, and the Rev. Bomar L. Raines, pastor of the First Baptist Church, Kings Mountain, N. C.

All members, former members and friends of the church are cordially invited to attend.

**Shooting Of Film
Will Start Soon**

Continued from Page 1, Section 1
To point out the excellence of the latest three organizations for which Mr. McGowan had made motion pictures, Mr. Alexander sent copies of letters received.

One from the Knoxville, Tenn., Tourist Bureau had this to say: "In January, 1959, we contracted with Mr. McGowan to make a 27-minute color film and two 13½-minute black and white films. We worked very closely with Mr. McGowan and found him to be honest, trustworthy and pleasant to work with. Mr. McGowan has had years of experience and knows how to get the most from his subject. The officers and board of directors of the Knoxville Tourist Bureau were pleasantly surprised and more than satisfied with our film "Where Lakes and Mountains Meet."

"The film was released October 1, 1959, and since then has played to over 300 audiences. We have received many complimentary letters and not one word of criticism have we had."

Another from Silver Springs, Fla., Chamber of Commerce read like this:

"Jack McGowan has done some excellent jobs for us and for many other, accounts with which we are familiar. The superiority of his work in all instances makes it quickly possible for us to say that you can deal with him with full reliance that the end product will be well done or he will continue in your service until such an objective is attained. We believe Jack is his most severe critic and when you get that kind of fellow working for you, you really have something."

"The most recent film Jack produced here was one for the Ocala-Marion County Chamber of Commerce and this was produced under our direction through our agent—Marion Advertising Agency. You may wish to write to the manager of the Ocala Chamber, Mr. Jim Hughes, and obtain his opinion also of the excellence of the film produced for that organization by Jack McGowan and his Guided Tours Production."

A third letter from the Ocala-Marion County Chamber of Commerce in Florida, had this to say:

"Jack McGowan of Guided Tours Productions, Inc., has produced a very fine film for this Chamber. This film is a 13½-minute color film of Marion County. Twenty copies of the film are presently on tour of the television stations throughout the eastern part of the United States. We have received most favorable comments on the showing of these films."

"We have four color prints of the film in this office which are used for local showing and all who have seen it compliment it most highly."

Opportunity is often lost through inaction.
Silver Springs.

**Firemen Answer Six
Alarms During June**

Fire Chief W. J. Yates reports that Edenton firemen were called out six times during June, five of the fires being in Edenton and one out of town. They were out 7 hours and 20 minutes for the Edenton fires and an hour and 40 minutes out of town.

The firemen were on the air one minute in Edenton and 15 seconds out of town. They traveled 11 miles in Edenton and 18 miles out of town. Hose laid in Edenton was 3,450 feet and 450 feet out of town.

For the Edenton fires 89 volunteers responded and 20 out of town. Property involved in Edenton was \$139,000 and \$600 in the county. Damage in Edenton amounted to \$108,000, most of which was caused by the Spedie Food Products fire, and \$600 outside of Edenton. Insurance in Edenton was \$86,500 and none in the county. The firemen held one fire drill.

**Watershed Project
Has Been Accepted**

Continued from Page 1, Section 1
percent, \$53,135. Watershed program share (P.L. 566) is 56 percent, \$67,496.

Benefit-cost ratio for the project is 3.9 to 1 or \$3.90 benefit for every dollar spent. Based on action by the local landowners and the favorable benefit-cost ratio, the project is being submitted to Washington for approval. Mr. Thompson expects approval and that the watershed planning party will start work by January 1, 1961. The date depends on when the local organization will be ready to assume their responsibilities.

Chairman Wallace Goodwin says that W. S. Privott, local Attorney, has been asked to file the necessary papers this week for organizing the drainage district. He says that almost 100 percent of the watershed landowners have signed legal petitions for the drainage district.

Landowners at the meeting voted to ask the Farmers Home Administration to furnish a watershed loan to the local organization. Mr. Privott was asked by the group to contact the Farmers Home Administration for the loan.

Mr. Goodwin says that meetings will be held regularly to keep landowners informed of the program the project is making.

Watershed personnel of the SCS were impressed by interest shown by local people in the project. One comment heard was that there was more cooperative spirit in this group than in any watershed group in North Carolina to date.

**Alligator Killed In
Pembroke Creek**

Continued from Page 1, Section 1
ligator was upside down with its head on the creek bank. Mr. Twiddy also found what he supposed to be a nest, but no eggs were found. He was unable to lift the dead alligator in his boat so he tied the front legs with a rope and towed it to the Marina. News of finding the alligator spread rapidly, so that many people drove out to the Marina to see the first alligator ever killed in this section.

The dead alligator was iced up by Scott Harrell, manager of the Marina, sent to a taxidermist in Suffolk, where it will be mounted and later exhibited at the Marina.

**Development Meeting
In Ryland Community**

Continued from Page 1, Section 1
port concerning each project that has been selected to work on this year. The minutes of the last meeting were read by the secretary, Miriam Byrum.

During the business session a motion was made and carried to have a barbecue chicken supper in September, the proceeds to go in the building fund for the community building. The following committee was appointed to make plans for the supper: Bernice Langley, chairman; Jean Copeland and Celia Rae Copeland. July 30 was set as the date to meet at the building site to clean up the grounds for the community building. The entire community is urged to participate. The community picnic was planned for August 9 at 6:30 o'clock.

James H. Griffin, soil conservationist, showed the films "The Earth Is the Lord's" and "Rescue Breathing." These films were very much enjoyed and proved to be very helpful. The community wishes to thank Mr. Griffin for this service. The meeting adjourned with prayer by Pastor Copeland.
