Cards of thanks, obituaries, resolutions of respect, etc., will be charged for at regular advertising rates.

THURSDAY, SEPTEMBER 8, 1960.

## Important For Farmers

What should be a very important event for farmers in Chowan County are the ASC elections which are scheduled to be held today (Thursday). These community elections will be held in the county's three designated agricultural communities, with polls open from 7 A. M. to 6 P. M.

The best way to prevent election difficulties and the only way to assure that the best possible committees will be elected is for farmers to turn out in goodly numbers and cast their votes for those in their respective communities who are most capable of assisting in the administration of all ASC programs.

Every farmer should familiarize himself with the slate of nominees for his respective community and vote for the men who are best qualified to serve them.

## Credit Where Due

The hog may seem a humble resident of earth. But, if he were given his just deserts, he'd be cited for 9,000 years of loyal service to mankind.

That point is made in a booklet telling the story of pork which has just been issued by the American Meat Institute. Thousands of years before Christ man began to adapt the wild hog to fit his needs. In ancient Rome the great poet Virgil gave thanks to the gods for corn to fatten hogs into fine hams and sausages. Long ago in Egypt hogs were considered sacred and were kept for the sole purpose of sacrifice on certain feast days.

Anyone who thinks the hog is stupid should think again. According to a study made by Cornell University, the pig is the most intelligent domestic animal in America. On top of that, he is a perfect conservationist, who will eat whatever his master provides, and is a prolific meat-making machine.

All honor to the immortal hog!

## You Earn More Than You Think

Employees of 1,064 big and little business firms throughout the country averaged \$1,132 in fringe benefits in 1959, according to a report by the Chamber of Commerce of the United States.

The Chamber found that employees average \$22.80 in fringe benefits for every \$100 in wages. Social Security, unemployment compensation, workmen's compensation and other legally required employee benefits accounted for \$4.20 of that. Private pension and insurance programs, separation pay, and other agreed-upon payments came to \$7.20. Paid vacations, holidays, rest periods, sick leaves, and other payments for time not worked added up to \$6.90. And profit-sharing payments, bonuses and similar payments were worth \$1.80.

The Chamber also found that 90 per cent of the companies had employee pension programs, and all but two per cent had insurance programs and paid vacations.

We're better paid than most of us realize.

## Northeastern Milling Co.

invites you to meet its new manager, Marvin Wilson at an open house on Saturday, September 10, from 8:00 A. M., until 4:00 P. M. Come and bring the family.

WATCH US SHELL . . . GRIND AND MIX A LOAD OF CORN AND TIME US AS WE DO IT!

## Heard & Seen By Buff

Chowan County Commissioners met Friday of last week instead of Monday of this week due to Labor Day—and so did the gnats. Some of the Commissioners complained while slapping at the gnats, but Commissioner Raleigh Peele said, "Why you don't know nothing. You should be in Rocky Hock, where we really have gnats. I feel as though I'm out of them in here." Anyway, the bloomin' gnats almost make me lose what religion I have when I'm trying to write with the devilish things crawling up my nose, in my eyes and even under my specks where I can't smack 'em. But their days are numbered for Mr. Jack Frost isn't too far away, which will mean the end of the gnats for a spell. You see there's always something pleasant to look forward to—but then I almost forget about the oil bill with the gnats gone.

Arriving in the office too late to appear elsewhere was the information that the Edenton High School Hornets will open their football season tonight (Thursday) at 8 o'clock on Hicks Field. The Hornets will tangle with the Lewiston Bulldogs and a battle royal is expected. Expected to start the game for the Hornets will be Lawrence Alford and Sherman Horton, ends; Richard Stallings and Albert Johnson, guards; Marshall Jordan, center; Ernest Goodwin and George Mizelle, tackles; Joe Blount, Lewis Horton, William Jordan and Johnny Bonds, backfield. The school band will be on hand, as well as the majorettes and cheerleaders to provide entertainment prior to the game and during the half time period. We'll know there's a game going on out there!

And speaking about football, Carroll Forehand, Bubba Hopkins and Jerry Tolley were very happy Friday night when this trio chalked up five touchdowns between them against the Camden Rebels. But they were not half as happy and proud as Douglas Sexton, who made his first touchdown for the Edenton Aces. Douglas is only a freshman. His pappy, Bill Sexton, and his uncle, Calvin Sexton, were gridiron war horses years ago for the Edenton school, so that young Sexton, no doubt, has the football fever in his bones and seems to have the making of a star performer to follow in the footsteps of his dad and uncle. Another proud Edenton player also was Jimmy White. Jimmy kicked his first field goal for extra point in a regular game, but the Aces were off sides and the play was called back. After the game Jimmy, a lineman, said, "Shucks, I made my first point in a football game and then they took it away from me." Anyway, Jimmy played a steller game, intercepting a pass and almost getting away for a touchdown, and being in the majority of tackles when the Rebels had the ball. He was full of himself and here's hoping he causes the Roanoke Rapids Yellow Jackets just as much trouble.

Although at the outset of Friday night's game it appeared as though a tight game was in prospect, the Aces, after the first quarter, went into high gear to run rough shod over the Camden Rebels to the tune of 38-0 and even then practically all of the reserves saw some action. However, Roanoke Rapids is on deck tomorrow (Friday) night, and they'll no doubt put up a much stronger opposition than did Camden. The Aces will be out for another victory, but at the same time Roanoke Rapids Yellow Jackets will also be trying to avenge last year's 25-6 defeat at the hands of the Aces. The band, majorettes and cheerleaders will be on hand to make the game interesting, so let's all turn out and give the Aces our support.

While Rudolph Dail did a pretty good job over the loudspeaker at Friday night's football game, the press box didn't seem the same without Bus Wozelka occupying his usual seat. Wonder why Bus can't get a job in Edenton—especially during the football season.

Various branches of county government have presented their needs for office space in the hotel building when it is changed into an office building. The only trouble is that the building has only one first floor, for most of the departments would rather be on the ground floor.

Football has about taken over the stage, but the Rocky Hock baseball team hasn't thrown in the towel yet. The boys were defeated Tuesday night by Colerain 3-1, and plan to play Perrytown Friday night on the Chowan High School diamond. This will be a homecoming game with a door prize to be awarded. The team sports a 17 win and 7 loss record for the season, which isn't bad for any baseball club.

Northeastern Milling Company will observe open house Saturday, September 10, from 8 A. M. to 4 P. M. The event is planned in order for people to meet the new manager, Marvin Wilson, and to inspect the plant. Free refreshments will be served and five prizes awarded, including 25 fryers, \$10 in merchandise, one ton free grinding and mixing, \$2 in cash, and 10 pounds of dog food. The concern hopes many people will attend the open house observance.

Reports are to the effect that rockfish are biting like the dickens in Albemarle Sound. The only trouble is that a lot of 'em are under 12 inches and must be thrown back—only to die and float on the water. What one fisherman asked was if it was worse for the fish slightly under the limit to be thrown back and die than to take 'em home to be eaten?

## Letter To Editor

RESENTS ACTION

Dear Editor:  
I have been reading with the utmost disgust where some schools in the State of North Carolina are refusing the application of Indian students.

America is the "melting pot" of the world and according to the democratic tradition of the United States, all men are equal, from log cabin to White House, etc.

I would venture to say without fear of successful contradiction that this same school that refuses admission to the American Indian has a mixture of German, Dutch, Irish, etc., in their students now enrolled. If we wish to come right down to the fine points of the issue, the Indian is the only true American!

It seems bad enough that our ancestors stole the Indian's country and pushed them back on desolate reservations, but now that we are an educated people we add to the sins of our ancestors by denying them free and equal rights. How can we expect foreign nations to respect democracy? Actually, we are "our own worst enemy." I would venture to say that "Red" newspapers in the Soviet Union have a "Hay Day" over such situations as this.

It is my desire that this letter may be printed in your newspaper and that a copy of the paper be placed upon the desk of the high school superintendents where this deplorable condition exists.

No, I am not an Indian, but am a mixture of Dutch, English and Irish, and yet attended schools of my choice. If I had Indian blood in my veins I would be proud, however, to at least have a trace of the "real American" in my blood.

Yours for Democracy,  
Verne Gainer.

P. S. I am a veteran of World War II with 3½ years in the South Pacific.

## FHA At Chowan Plan For Activities

The Future Homemakers of America of District I held a planning meeting August 23 in the home economics room of the Perquimans High School. This meeting was held to help plan the rally which is to be held October 1 at Perquimans High School.

Each Chapter was represented by the sponsor and two girls from their chapter. Representing Chowan Chapter were Mary Alice Perry, Judy Haste and Mrs. Loraine Rogerson. A great deal of planning for the rally was accomplished. The Chowan Chapter wishes to have a great number at the rally, so keep October 1 in mind.

is being prepared by the executive secretary of the Commission and will be ready for distribution during September.

In order to cooperate in the event the County Commissioners at their meeting Friday appointed four as a committee which includes Miss Elizabeth Moore, Mrs. E. N. Elliott, George Gelbach and Mrs. Raymond Carr.

North Carolina was an important battleground in the war. There were 11 battles and 73 skirmishes fought in the state. The battle of Bentonville March 19-21, 1865, was the largest and bloodiest battle ever fought on North Carolina soil.

The greatest of all North Carolina's contributions to the Confederate cause was in men. The state furnished 125,000 or about one-seventh of the total, although her military population was only one-ninth of the whole.

## Mrs. Wells Named Tar Heel Of Week

Edenton friends will be interested to know that Mrs. Winifred T. Wells of Wallace was named "Tar Heel of the Week" by the Raleigh News and Observer Sunday. Mrs. Wells is a sister of W. D. Townson, Jr., of Edenton.

Mrs. Wells is the wife of Dr. D. L. Wells, Jr., a Wallace dentist and is attorney for Duplin County and the only woman county attorney in the state. She is the mother of two sons and in addition to her duties as county attorney, she maintains a full-time practice and is also town attorney for Wallace and Teachey. Currently she is president of the Duplin County Bar Association.

A native of Murphy, Mrs. Wells is the daughter of Mr. and Mrs. W. D. Townson, who still make their home there.

## FISH FRY

Members of Edenton Chapter No. 302, Order of the Eastern Star and Unanimity Lodge No. 7, A. F. & A. M., plan to hold a fish fry at Sandy Point Beach Wednesday night, September 14. All members of both organizations are urged to make plans to attend the affair which will begin at 6:30 o'clock.

## CELEBRATES BIRTHDAY

Mrs. Bertie Warner celebrated her birthday Sunday with her family at Ocean View. Those present for the occasion were Mr. and Mrs. George Warner and two children of Portsmouth, Mr. and Mrs. Henry Warner of Warrenton, Pa., Mr. and Mrs. David Cool and daughter of Portsmouth, Mr. and Mrs. Gerald Brabble and family of Edenton, Mrs. Gertha White of Hertford and Donnie Nixon of Edenton.

## Mayo Pleased With Outlook At School

Continued from Page 1, Section 1

The number of students in the senior English classes have been reduced. Spelling is being required in the high school and taught as a part of the English classes. Advanced science is being offered for the first time this year. Wilmington and Edenton are the two schools in the state offering this program.

The science program now consists of general science, biology, chemistry, physics and advanced science. A course in art is being offered for the first time in high school. The third year of mechanical drawing is offered for seniors. Six other high schools offer this course in the state. Trigonometry is being taught this year. Twelve high schools offer this course in the state. Our math program consists of seven courses: First and second year algebra, plane geometry, solid geometry, trigonometry, general and business math.

"Tenth grade health and physical education is being required for graduation. The State Board of Education has recommended that four years of health and physical education be offered as soon as facilities and personnel are available.

"World history is also being required for graduation. Conversational French is being offered to the students of the seventh, eighth and ninth grades.

"Our school is requiring 17 units for graduation this year and will require 18 units for graduation after this school year.

"We have not solved all of our problems but some have been and are being eliminated. Our school is accredited by the State Department of Public Instruction in Raleigh and a member of the Southern Association of Colleges and Secondary Schools. We are proud of our school and those who are working for its continued improvement."

## CIVIC CALENDAR

Continued from Page 1, Section 1

tonight (Thursday) at 8 o'clock. Edenton Jaycees will meet tonight (Thursday) at 8 o'clock instead of 7 o'clock at the Edenton Restaurant.

Edenton Lions Club will meet Monday night, September 12, at 7 o'clock.
