

Weldon Proves No Match For Aces In Touchdown Parade

Reserves Play Almost Three Quarters In Smashing 52-0 Victory Friday Night

What developed to be more or less of a practice game took place on Hicks Field Friday night when Edenton's Aces in a touchdown parade completely swamped Weldon High School 52-0.

Weldon, having only 19 men in uniform, was completely outclassed in every department of the game, so that the score could have easily been 75-0. Early in the second quarter when the Aces led 27-0 Coach Billings sent in an entire team of reserves and from then on the regulars had a "vacation" for every eligible boy on the roster saw action during the game.

The regulars scored three touchdowns very easily in the first quarter and one at the beginning of the second quarter when the reserves were sent in and even these boys registered five touchdowns, but one by Douglas Sexton was called back due to a penalty.

Those who scored touchdowns were Carroll Forehand, Jerry Tolley 2, Leroy Spivey, Wayne Ashley, Richard Dixon, Douglas Sexton and Herbert Adams.

Edenton's defense was too rugged for the Weldon team, so that the visitors resorted quite frequently to the air, completing a number of short passes.

Total ground gained by Weldon during the game was only 24 yards including passing and rushing.

In the opening quarter Tolley thrilled the spectators with a beautiful 56-yard touchdown jaunt and again ran back a Weldon punt for 44 yards to score. Bubba Hopkins, the Aces' workhorse, had an easy night.

Town Decides To Lease Christmas Street Decorations

Councilmen Are Held In Session Until Midnight For September Meeting

Meeting Thursday night of last week instead of Tuesday, Town Councilmen were held in session until the midnight hour.

Quite a few matters came before the Councilman, one consuming the most time being a drainage problem back of the houses on East King Street. A delegation of some half dozen residents attended the meeting to request relief in removing water at the rear of these houses which frequently floods the entire premises. Each one in the group registered a complaint and urged the Councilmen to give serious consideration to giving some relief. It was explained that high tides forcing water back into the storm sewer lines was one of the principal causes for the flooded condition and that in the over-all survey of Edenton's drainage system the area claimed first priority.
