Continued from Page 1, Section 1 by industry to the county.

"During this week, newspapers and television and radio stations serving the county should acquaint the people of the county with the contribution being made by industry. In turn, the people of the county should, as individuals, express their appreciation to the owners, managers, and employees of industry for this contribution.

"The leaders in each of the various communities in the county are encouraged to designate a day during Industry Appreciation Week, at which time the community may, as it deems appropriate, recognize the contribution of its own industry.

"Adopted this the Seventh Day of November, 1960."

In connection with the observance, the Commissioners will cooperate with the Chamber of Commerce in seeing to it that letters of appreciation will be mailed to all industries in Chowan County, both old and new.
