

Term Of Court Lasts Only Day And Half

Continued from Page 1, Section 1

E. Small, Jr., W. H. Parker, W. H. Saunders, Melvin E. Copeland, Herman W. Nixon, G. E. Nixon and Robert S. Hollowell. The judge appointed Kermit Layton as foreman.

In his charge to the Grand Jury Judge Bone said the Grand Jury is an ancient institution and played an important part in the judicial branch of the government for many years. He said a movement was on foot to abolish the Grand Jury and that in some states it has been done, but that those opposed to its abolishment deem it necessary for proper administration of justice. "The Grand Jury is made up of men not professionals and officers of a county," he said. "You come from the body of your citizenship and therefore, you serve as a safeguard between the people and over ambitious prosecution by the government, one of the chief purposes served by the Grand Jury. You are an important part of the court."

Judge Bone explained three classes of duties of the Grand Jury, indictments, presentments and inspection of county offices and institutions. He also explained the various kinds of crime, pointing out the difference between capital crimes, felonies and misdemeanors. He emphasized the importance of presentments.

The first case disposed of Monday morning was Johnnie Kenly Leary. He was charged with murder and felonious hit and run in connection with the death of James Parker. It was charged that Leary hit Parker with his automobile and failed to stop. Leary entered a plea of involuntary manslaughter and was sentenced to not less than three nor more than five years in state prison.

Robert Glenn Ward was charged with violation of his probation, and was ordered to serve two years. He violated his probation in connection with a charge of drunken driving in September, 1959.

In civil actions coming before the court, Mattie Knight Perry was ordered to pay \$200 to Berkeley Feed Corporation and costs of court due to a debt.

In the case of E. J. Goodwin, administrator of George Carroll Goodwin, vs. Lloyd Bass, the plaintiff was awarded \$5,000 and costs of court. George Goodwin was killed in an automobile accident.

The only other case tried was a divorce granted to Shelby Spencer Bridges from Richard Arlen Bridges.

The Grand Jury report was to the effect that conditions in general in the county were in a satisfactory condition.

Aces Preparing For Championship Game

Continued from Page 1, Section 1

the same score and Reynolds is in the playoffs for state honors with Greensboro, so that the strength of Hanes is reflected in the showing they made with Gray.

The Hanes record for the season follows:

- Hanes 0, Gray 20.
- Hanes 27, Northwest Forsyth 7.
- Hanes 26, Walkertown 0.
- Hanes 14, Glenn 7.
- Hanes 20, Gritt 0.
- Hanes 19, Kernersville 6.
- Hanes 35, Madison-Mayodan 13.
- Hanes 27, Southwest Forsyth 6.
- Hanes 27, Trinity 0.
- *Hanes 34, Siler City 13.
- *Hanes 14, Boone 0.
- *Playoff game.

Advance reports are to the effect that Hanes has a very strong team which is sparked by Buddy Bovender, Larry Lentz, Don York and Bill Knott, a quartet of backfield men who are capable of carrying the pigskin.

Bovender, a junior, is reputed to be one of the outstanding backs in the state. He is the biggest ground gainer and has chalked up long runs and kick

returns in every game. He is a dangerous runner and a good passer.

Lentz is a very fast and shifty wingback who has broken loose for considerable gains and will be counted upon to give the Aces no little trouble.

York and Knott are fullbacks and are considered dangerous if given half a chance to find an opening. Both have been work horses during the season.

The team boasts a very outstanding line with the stalwarts being Elwood Hudspeth, Jim Ingold, Russell Bryan, Doug Hunt and Pat Wilkinson.

The Hanes team is coached by Will Alexander, a former University of North Carolina star, who played under Coach Carl Snavelly during the Charlie Justice era. Coach Alexander uses a single wing formation used by Coach Snavelly. Coach Billings stated Tuesday morning that the Aces are in tip-top condition and that the boys are practicing very hard in anticipation of the strongest opposition they have met during the entire season.

The Aces, too, will enter the fray with a very outstanding record. They have won all 12 games played and have amassed a total of 459 points. The strength of the defense is reflected in the fact that only 31 points were scored against them and some of these points were made with the second string playing. If the Aces can score 41 points Friday night, they will have scored the staggering total of 500 points during the season.

Friday night's game is expected to attract in the neighborhood of 5,000 football enthusiasts, and tickets in advance of the game can be purchased at Mitchener's Pharmacy or Hollowell's Drug Store. Principal Hiram Mayo says seats will be bought in from Chowan and Hertford High Schools to increase the seating capacity, but that he doubts if enough seats will be available for all who attend, especially with favorable weather. He, therefore, urges local people to purchase their tickets in advance to help eliminate the necessity for a long wait at the ticket office.

The Edenton band, of course, will be on hand and is practicing to present a very interesting program at half time.

FBI Agent Speaks At Ruritan Meeting

Continued from Page 1, Section 1

officials and the public in general. He said there were less than 6,000 FBI agents in the country, which means one for about every 35,000 people. He said law enforcement is separated by way of federal, state, county and city organizations while on the other hand crime is well organized, and that the F.B.I. endeavors to bring about full cooperation with all law enforcement agencies. He explained the F.B.I. organization and pointed out three of the major divisions, the identification division, the F.B.I. laboratory and the training division.

Mr. Roney stated that the F.B.I. has 160,000,000 sets of finger prints on file in the identification division and that a finger print could be matched in a matter of a few minutes. The F.B.I. laboratory is the best equipped in the world, he said as he presented a crime picture in the nation. He said the F.B.I. acts as a service agency for law enforcement agencies and is ready at any time to be of service.

At the conclusion of his address, Mr. Roney answered questions asked by a number of those present.

MASONS MEET TONIGHT

A stated communication of Unanimity Lodge No. 7, A. F. & A. M., will be held tonight (Thursday) at 8 o'clock. McKay Washington, master of the lodge, announces that Malachai Burgess, deputy Grand Master, will make an official visit, so that all members are requested to attend.
