

## SENATOR SAM ERVIN SAYS

Washington — There appears to be increasing evidence that the people of this country are being jolted into the realization that there is a limitation on the amount of money that we can continue to pour overseas. The hue and cry is now going up to save the dollar.

**Sanity Needed**—In the rush to spend overseas, the country almost lost its sanity as the result of great pressures built up to justify the need for ever-increasing foreign aid spending. This I have witnessed on numerous votes in the Senate where it was unpopular to call a check on foreign aid spending. Now it is generally recognized that our country has over-extended its generosity to the point that the dollar crisis is very real. We need the courage and sanity to stand up on this issue and demand that others help share the cost of the burden. While we were supporting freedom

around the world—a noble goal—it created a threat of great proportion to our domestic economy. We have, when the truth is known, done far more than our share. Moreover, it is time that we faced the problem squarely and quit being led into poverty by some who fail to realize that there is a limit to the amount of dollars available.

**Trade Barriers**—While this nation has been lowering its trade barriers, many nations that have been the beneficiary of our spending have been erecting higher barriers. So it is with encouragement that I look upon recent developments which indicate that our country is now alert to the problem and that our friends abroad are understanding our problem. We should be able to save a good deal of money by cutting down our share of the burden forth-

## Edenton Basketball Teams Top Chowan

**By BILL GOODWIN**  
The Edenton Aces reopened their basketball season on the local court Tuesday night with a 32-30 squeaker over Chowan's Bulldogs as the Acelets continued their unbeaten ways, 47-40.

The Holmes High teams will journey to Plymouth Friday night to battle the Panthers in an Albemarle Conference game. Both the Aces and Acelets have recorded one previous conference win, downing Perquimans before Christmas.

Both the Aces and Bulldogs turned up cold as fishes, with both teams missing shots that usually would fall. Edenton could not drop their long jumpers and the Aces' defense kept Chowan from getting the ball in to their big men.

Dickie Modlin tied the game for Chowan with a minute and a half left with a pair of foul shots, 30-30. Fred Britton sank a gratis toss with a minute remaining to put the Aces ahead by one. The Bulldogs could not get off a good shot in the time remaining, and Jerry Tolley, who took a rebound off the boards with seconds left, got the final Edenton point from the line with one second to go.

Britton led the Aces with 13 points. He was the only man in the game to hit in double figures. Herb Adams had 7, Bob and Stokely 5, Wayne Griffin, six and Tolley, one. Modlin scored nine to pace Chowan, while Larry Toppin had 7, Jimmy Turner and Joey Asbell six each, and James Copeland two.

The Acelets jumped into the lead and fought off a Chowan surge to win their fourth of the year. Chowan could get no closer than one point after the Acelets established a 25-17 lead at halftime.

Sara Relfe Smith led the Acelets with 22 points. Janet Faye Hendrix stole honors for the night, though, with 28 for Chowan. Beverly Morgan had 15 and Mary Anne Overton 10 for Edenton. White and Blanchard had six each for Chowan.

He who fights and runs away May live to fight another day. —Oliver Goldsmith.

## 'Scouting The Skies' Presented To Help Scouting Activities

A program to develop Boy, Girl, Cub and Brownie Scouts in the science of astronomy, and to assist them in passing requirements for merit and proficiency badges opened at the Morehead Planetarium in Chapel Hill Tuesday night. It will be given every day in the week through February 6.

Titled "Scouting the Skies," the initial program was presented by James E. Wadsworth, Planetarium staff narrator. Wadsworth said that "Scouting the Skies" is of vital interest to Scouts of all ages, Scout leaders, parents and the general public. "It gives them, as well as youngsters, a clearer understanding of the basis of this ageless science, and enables them to explain it and to enhance the interest of others," Wadsworth said.

All the diagrams used in the presentation are intentionally reproduced directly from the handbook. Pictorial representations are the Morehead Planetarium's own telescopic views of similar ones shown.

The program encompasses constellations, bright stars, planets, eclipses, satellites and other phases of astronomy.

"Scouting the Skies" will be presented every evening in the week at 8:30 o'clock, at matinees on Saturdays at 11 A. M., and 3 P. M., and on Sundays at 3 and 4 P. M.

## John M. Elliott New Sinclair Marketer

Continued from Page 1, Section 1

cently severed his connection with the Byrum Company. Mr. Elliott states that he is pleased to become marketer for Sinclair in the Edenton area, that he will continue to handle Sinclair oil products for the home and farm, and that he will make every effort to provide the most efficient service. He invites his friends to visit him at his office on North Broad Street.

**Flat**  
A—So you've just got back from your long week-end. Feel any change?  
B—Not a penny.

**MOON TRIMS HIS BEARD**—Sam Harris, of Medfield, Mass., trims his beard with scissors electronically operated by moon-bounce signals. The trimming takes place at a ham radio operators convention in New York. The signals traveled about 523,000 miles.

## Chowan County Farmers Urged To Protect Cotton Allotments

"Do you want to keep your cotton allotment?" asks H. O. West, local ASC office manager.

Mr. West points out that allotments will be reduced for failure to plant as much as 75% of it. "You can prevent this loss of allotment," says Mr. West, "by releasing the unwanted acreage to the ASC office."

Mr. West further states, "If you plan to plant your full allotment, no action is needed. But if you do not plan to plant your allotment, then release it to the ASC county office."

"The releasing will help you and the county retain its cotton allotment. The week of February 20 through 24, 1961, has been set aside as the week for farmers to release their cotton allotment at the ASC county office.
