

## AROUND THE FARMS IN CHOWAN COUNTY

By C. W. OVERMAN, Chowan County Agent

**Red Cross Finance Drive Goes Over:** According to Bud Lynch, Chairman of the Chowan County Red Cross Finance Drive, we went over the top on the goal set for Chowan County. We congratulate all of the participating people in Chowan County for a fine job done.

As of Wednesday, May 3, we were facing a serious situation. The county quota was set at \$1865. The Red Cross officials informed the Chowan County committee that unless they raised \$1700 by May 15 the county would lose the Blood Bank. At that time, approximately \$1300 had been collected, of which between \$150 and \$200 had come in from the rural part of the county. This indicated that the Town of Edenton was carrying the bulk of the load.

At a meeting of the Agricultural Workers' Council on Wednesday afternoon, May 3, it was decided to appeal to the rural communities for immediate action. Indications were that many of the communities had not been worked. The Agricultural Worker teams went to their respective communities explaining the situation and informing the people of the necessary action if they desired to keep the Blood Bank in the county and the people went into action.

As of this writing, I have not been able to get definite figures and the amounts stated should be close estimates. Negro communities raised about \$150 or more. The total amount raised by white communities was some over \$540. This puts the Red Cross Finance Drive well over the top on its goal. We congratulate you people of the rural communities on rallying to action and doing a fine job in a few days.

**Spoiled Meat Survey Meeting:** Many families in Chowan County have encountered difficulty this year with their home pork supply spoiling, particularly the hams and shoulders. I have visited several farms in an effort to determine to cause of the trouble but in most instances it is beyond me.

On Thursday night of next week at the Advance Community Building at 8 o'clock, I am calling a meeting of all people who had difficulty with spoiled meat and any others who are interested. Dr. John A. Christian, our Extension Meat Specialist from State College, will be present to ask you questions, answer questions and try to determine the cause of this severe meat spoilage and also inform us how it might be avoided in the future. When the family meat supply spoils it is a serious situation and I trust that this is going to be our opportunity to learn how we can cure our meat so that we can expect it to cure and keep properly. Remember the time and place and be present, if you are interested.

**Nitrogen Leaching From Tobacco:** Tobacco fertilizer applied prior to the heavy rain last week may be short in nitrogen due to leaching, especially on light sandy soil. Phosphorous is all right and most of the potash is still there.

A tobacco grower who thinks he needs additional fertilizer to replace the leaching, should side-dress with 150 to 200 pounds of 8-0-24 tobacco sidedresses. This material should be applied on each side of the row and about four to six inches from the plants. There is no need to apply more complete fertilizer mixture.

**Peanut Nematode Control:** If nematodes have damaged peanuts previously in a field, they in peanuts again this year. The answer is Soil Fumigation with a nemagon material.

Nemagon may be purchased as granules or emulsifiable liquid. If applied before planting, use one half gallon to one gallon of actual nemagon per acre as row treatment. If trouble occurs after peanuts are up, use side-place treatment of one gallon to one and one-half gallons of actual nemagon per acre.

For further information, call the County Agricultural Agent's office or see your dealer. **4-H Club Work on the Community Basis:** Agricultural and Home Economics Extension Agents met at Elizabeth City on Wednesday and Wednesday, May 9 and 10 for a two-day workshop on the redirected 4-H Club program. Many counties are conducting their 4-H Club organizational work entirely in the schools. Several counties have some community 4-H Clubs.

Chowan County is fortunate in that we have been working with several community 4-H Clubs for many years and the idea is not new to us.

The plan of action was well-prepared and well-presented. I don't know of a single question from any of the agents failing to get answered. We should now have ample information and be in a position to proceed with organizing and conducting 4-H Club work on a community basis in our counties in the Eastern District. Chowan County workers are in the act of digesting the information received and formulating recommendations to the people in the county. As fast as time permits we will contact prospective leaders and proceed with community organizations in communities which do not presently have 4-H Clubs organized in them.

In communities which already have 4-H Clubs we believe that the leaders will appreciate and be receptive to recommended progressive changes. These changes will be submitted as recommendations only for the communities to accept as they see fit. All Extension workers will be working together in this effort.

### Hospital Auxiliary Will Meet Friday

Chowan Hospital Auxiliary will meet in the nurses' home Friday afternoon, May 19, at 3 o'clock. This will be the last meeting until next fall, so that all members are urged to be present.

### Methodist Men To Meet Tonight

The Men's Club of the Edenton Methodist Church will meet tonight (Thursday) at 6:30 o'clock. A dinner meeting will be held at the Colonial Restaurant and President George Lewis is hopeful that every member will be present.

### Joe Stone Elected On Motel Board

The North Carolina Motel Association ended its 8th annual convention Saturday at Plantation Inn, Raleigh, with the election of officers and a final night's banquet and dance. Among the motel operators who were elected to the board of directors to represent this area was Joe Stone, manager of Colonial Motel Court.

Honesty isn't any policy at all; it's a state of mind or it isn't honesty. —Eugene L'Hote.

## Engagement Announced

Mrs. Margaret Gregory Nixon of Hobbsville announces the engagement of her daughter, Miss Mary Vaughan Nixon, to William Stanford Perry of Suffolk, Virginia. Miss Nixon is the daughter of the late Thomas E. Nixon. Mr. Perry is the son of Mrs. William F. Perry of Edenton and the late Mr. Perry. An August wedding is planned.

A dance will be held at the VFW post home Saturday night, beginning at 9 o'clock.

### 20 YEARS AGO

Continued from Page 1, Section 1

At an organization meeting of the Board of Public Works, West Byrum was named as chairman to succeed Fred P. Wood, who declined to be a candidate in the municipal election.

Dr. Leon R. Meadows, president of East Carolina College, was graduation speaker at Chowan High School where the smallest class in recent years graduated. The graduates included 13 girls and two boys.

Mrs. R. P. Badham was re-elected as president of the Edenton Garden Club.

A delegation of about 500 Negroes appeared before the County Commissioners requesting improvements and additions to the colored high school.

Three Edenton girls, Anna Wood, Mary White and Betty Wales, took prominent parts in a May Day pageant at St. Mary's School in Raleigh.

Geddes Potter, John W. Graham, L. S. Byrum, J. Edwin Buffal and Julian Wood, members of a special roads committee from the Chamber of Commerce, formulated a road program to be submitted to the State Highway Commission. The group especially urged the Commission to accelerate repairing of the damaged Williamston fill.

A fine spirit of cooperation was reported by Postmaster C. E. Kramer in the program of mail box improvement in the

county. J. H. McMullan won in a three-corner election for Mayor of Edenton, defeating L. H. Haskett and T. Wallace Jones.

Edenton's Rotary Club passed a resolution in a movement to secure an addition of another story to the Post Office building.

Chowan County Commissioners passed a resolution endorsing Richard D. Dixon as a special Superior Court judge.

Mrs. John F. White, cancer chairman for Chowan County, reported that the county's quota was more than trebled, with \$166.50 collected and the quota being \$50.

### Legal Notices

## New Lilliston Rolling Cultivator

NOW ON DISPLAY AT  
**HOBBSIMPLEMENTCO.**

This New Cultivator Will Revolutionize  
All Cultivating Systems

### CHECK THESE FEATURES

- the Rolling Cultivator cultivates all crops, whether they are planted on the level, on a high bed or in a furrow.
- the gangs can be angled to throw dirt toward or away from the plants, as they break the crust and remove the weeds along the way.
- the machine will follow any contours — work on rolling ground as well as flat.
- the weight of the independently floating gangs can be adjusted so that those running over the plants will remove weeds and grass without harming the most tender crops.
- the gangs can be angled and tilted to prepare beds for planting.
- the Rolling Cultivator is a high-speed tool, capable of operating as much as three times faster than other cultivators.
- it does everything any cultivator will do, everything any rotary hoe will do, and much much more... yet it is priced at less than the cost of one tool.
