

County News

By MRS. ROLAND EVANS

On Monday evening, July 24, the annual Baptist Associational Man any Boy Night was held at the Kiwanis Park in Elizabeth City from 5 to 7 o'clock.

The guest minister for the morning worship service at Rocky Hock Church Sunday was the Rev. Robert Harrell, pastor of Brookside Baptist Church in Nashville, Tennessee.

Mrs. Bristoe Perry and Mrs. John Perry visited their sister, Mrs. Lester Copeland, Sunday afternoon.

Mr. and Mrs. Cecil Nixon spent Sunday in Portsmouth, Va., with relatives.

The Rev. and Mrs. Robert Harrell and children returned to their home at Nashville, Tennessee Monday after a visit with relatives and friends in Chowan County.

George Goodwin is a patient in Chowan Hospital.

Mrs. Bristoe Perry visited Mrs. Norman Keeter Friday morning.

Mr. and Mrs. Van Small are the proud parents of a baby girl.

Mr. and Mrs. Bristoe Perry and Mrs. J. F. Perry visited their mother, Mrs. Dixie Nixon at Portsmouth Hospital Thursday afternoon.

Lester Copeland returned home from Norfolk General Hospital Wednesday of last week and is doing nicely.

Mr. and Mrs. Gordon Boyce visited Mr. and Mrs. Lester Copeland Sunday afternoon.

Mrs. J. F. Perry visited Mrs. Martha Ward Saturday afternoon.

Mrs. Bristoe Perry and Mrs. Carlton Perry attended a "Coke" party Saturday in honor of Miss Mary Pearl Harrell.

Mrs. Carlton Perry, maid of honor, gave a miscellaneous shower Friday night for bride-elect Mary Pearl Harrell.

Mrs. Mary Allred has returned home from the hospital and is doing nicely.

Mrs. Hazel Keeter went to Nags Head recently with Mrs. Audrey Phthisic.

Mrs. Libby Byrum has returned to Winston-Salem after a visit with Mrs. Hazel Keeter.

Mr. and Mrs. Stuart Holland and family visited relatives in Greenville over the week-end.

Mrs. Margaret Overman, Virginia Holland, Martha Harrell, Geraldine Evans and Miss Sara Davenport visited Mr. and Mrs.

Marvin Shaw recently. Mrs. Libby Byrum and Mrs. Hazel Keeter visited Mrs. Edith Perry recently.

Miss Diane Modlin of Tyner visited Mr. and Mrs. Graham Farless last week.

Miss Roseland Lowe has returned home after a visit with her grandmother, Mrs. Effie Evans.

Mr. and Mrs. Gary R. Dail of Mechanicsville, Penn., left for their home after visiting Mr. and Mrs. James Dail.

Mrs. Pete Dail gave Pete a surprise birthday party Monday, July 17. About 20 guests were present. He received many useful gifts. The hostess served punch, birthday cake, peanuts and mints. It was held at their home in Westover Heights.

Mr. and Mrs. Gary R. Dail and Mr. and Mrs. Pete Dail went to Nags Head recently.

Mrs. Norman Keeter is ill. Sympathy goes out to the family and relatives of Hayward Saunders who passed away last week. The funeral was held at Norfolk Wednesday afternoon. Many Chowan County people attended.

Miss Margie Harrell and Bill Welch visited Mr. and Mrs. Alma Byrum Sunday afternoon.

Mr. and Mrs. W. D. Elliott held a social hour in honor of Miss Mary Sue and Jim Spencer at their home Friday night, July 21, between 8 and 10:30 o'clock. Many friends went by to help honor the newlyweds.

Those representing Chowan County during this week on the State College campus in Raleigh are Judy Evans, Leon Evans, Kay Bunch, Lester Rae Copeland and Johnny Winborne. Judy and Kay competed in the State Dairy Foods Team Demonstration Tuesday afternoon. On Wednesday afternoon Lester Ray Copeland competed in the State Poultry Barbecue Demonstration. Judy and Leon Evans will represent Chowan in the State Health Pageant tonight (Thursday).

Mr. and Mrs. Calvin Keeter and boys visited Mrs. Norman Keeter on Sunday, also Mrs. Perry.

Mrs. Nelia Bunch of Tyner is doing nicely after hurting her hip.

Each evening during the week of July 24-28, a Soul Winning Clinic is being held at Rocky Hock Church, studying the book "Every Christian Job." Film strips are being shown.

Center Hill-Cross Roads Fire

Department has elected directors and training sessions will be held Monday nights to teach members how to use the fire equipment.

Fund Raising Drive At Chowan College

Chowan College will launch a new fund-raising campaign for \$900,000 this fall.

In a special session held on the campus last week, the Chowan trustees considered the immediate building needs of the college in light of greatly overcrowded conditions and then voted unanimously to initiate the drive. Of the total goal, \$650,000 is needed for a new classroom-administration building; the other \$250,000 will provide a more adequate library facility.

The fund-raising campaign scheduled for this fall is the second phase of a long-range development program inaugurated by the Chowan trustees in 1957. The program got under way in the fall of that year with a fund-raising drive which has brought about \$500,000 to Chowan for building needs. An additional dormitory for women and a new cafeteria were added to the Chowan campus as a result of phase one of the development program.

CHRISTIAN SCIENCE

The availability of divine protection will be brought out in Christian Science services Sunday. Highlighting the Lesson-Sermon on the subject of "Love" is the Golden Text: "The Lord thy God in the midst of thee is mighty; he will save, he will rejoice over thee with joy; he will rest in his love, he will joy over thee with singing." (Zephaniah 3).

This citation will be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (p. 571): "At all times and under all circumstances, overcome evil with good. Know thyself, and God will supply the wisdom and the occasion for a victory over evil. Clad in the panoply of Love, human hatred cannot reach you."

From the Bible will be read this verse from Psalm 84: "Blessed are they that dwell in thy house: they will be still praising thee."

AROUND THE FARMS IN CHOWAN COUNTY
By C. W. OVERMAN, Chowan County Agent

ACP Fall Sign-up July 17-31

The fall sign-up for ACP conservation practices has been scheduled in Chowan County for July 17-31, according to Handy O. West, Office Manager. By signing up during this period, it will help your county office do better planning on using the available money, also, the money will be allocated on a "First Come, First Serve" basis. Therefore, to be sure you get funds set up for the practices you desire, come early and come during this period.

Practices you may want fall assistance with may be the following: Pasture seeding and fertilization, winter cover crops, drainage and forestry assistance. Forestry assistance involves weed tree elimination, seed bed preparation, tree planting and stand

This Is National Farm Safety Week: "Safety Is A Family Affair."

Let's ask ourselves these questions, "Am I Morally Responsible?"

Do I take unnecessary chances while driving or performing farm work? Do I let children ride on the tractor or otherwise carelessly? (After one is injured it is too late). Are my children ever left alone in the farm home? Am I courteous to other drivers and pedestrians?

Has my home and farm buildings been carefully inspected for safety hazards and these hazards removed in the last six months? Do I, as a parent, know and understand what steps should be taken if a child eats poison? Have you learned how to administer the mouth-to-mouth re-

suscitation? Are my driveways and intersections near my farm clear from view obstructions for the safety of passing motorists?

If you can truthfully answer "yes" to these questions you are safety conscious, otherwise you have hazards. Of course, there are many other safety hazards.

According to the National Safety Council, in 1959, farm residents experienced, 5,300 deaths and over 200,000 disabling injuries by motor vehicles; 2,700 deaths and 400,000 disabilities in home accidents; 3,400 deaths and over 300,000 disabilities in work accidents; and 900 deaths and 120,000 disabilities in other accidents. This is a total of 11,700 deaths and over one million disabling injuries to farm people of the United States in one year.

Last Sunday evening my best bird dog was killed on the highway. I have a pen and usually kept him in it, except to run out a little each day. This time I neglected penning him before going to church. I know now what I should have done but it

is too late. "Let's Live and Let Live Safely."

Watermelon Troubles: During the last three weeks I have had many calls relative to diseased watermelons. I have visited many fields and sent several plant specimens to the Plant Disease Clinic at N. C. State College.

Diagnostic reports show the main trouble to be Downy Mildew. There is some light infection of fusarium wilt. The spotted cucumber beetle has caused much damage in some fields. In addition to feeding damage, the beetles have helped spread the disease organisms.

The crop and disease is generally too far advanced for control measures to be effective now. The control of both the insects and diseases are prevention and not cure. If we will let this year's experience be a lesson to us by which we will profit, next year we will apply a combination insecticide-fungicide regularly from the beginning.

Control of downy mildew and

insects may be accomplished by applying a cuke and melon dust (combination for insects and disease) every ten days beginning about June 10. Use application rate recommended by manufacturer.

Reminders: File your application for Federal tax refund on farm used gasoline. Take soil samples on land to be seeded to pasture this fall. Start planting the fall vegetable garden. Dust your cotton every five days.

Raleigh — The Motor Vehicles Department's summary of traffic deaths through 10 A. M., Monday, July 24 follows:

Killed To Date.....575
Killed To Date Last Year.....617

Now a new gasoline with an exclusive combination of additives that makes your car run better, farther

PURE Firebird Super

with Tri-tane

1. Cuts down on engine wear!
2. Saves you money on repairs!
3. Keeps your engine at the peak of its power!

You may feel these benefits are a little hard to believe since there's a general feeling that all gasolines are "pretty much alike." But new PURE Firebird Super contains something found in no other gasoline—Tri-tane.

This exclusive combination of additives was developed after five years of research and over 4½ million miles of tests. What it does is reduce piston ring wear, pre-ignition and compression loss, increase spark plug life, virtually eliminate the need for carburetor cleaning and adjustment.

Try some—see if it doesn't do everything we say it will do.

New PURE Firebird Regular—If your car runs well on regular, chances are it will run even better, farther, on PURE Firebird Regular. And you'll enjoy greater economy. PURE Firebird Super or Regular are yours at no extra cost.
