

Councilmen Agree To Call An Election For Sewage Bonds

\$543,000 Is Sought to Construct a Sewage Disposal Plant for Pollution Abatement

Meeting jointly Thursday night with the Board of Public Works, Town Councilmen adopted a recommendation presented by the Board of Public Works calling for a bond election for \$543,000. The money, if the election is carried, will be used for the construction of a sewage disposal plant and thus carry out pollution abatement as directed by the State Stream Sanitation Commission.

It was a rather lengthy meeting during which Tom Byrum, chairman of the Board of Public Works, by the use of charts, explained in detail the work required to be done by the Sanitation Commission, as well as sewer extensions when funds are made available.

The \$543,000 bond issue will take care only of the present sewage system, so that dumping raw sewage into local waters can be eliminated.

A previous bond election for pollution abatement was defeated by 53 votes, so that members of Town Council and Board of Public Works are hopeful that the next election will be carried.

Following the defeat of the first election, the Town of Edenton was given an extension with the provision that a time schedule be set up which provided for an election in November and that construction would be started by June, 1962 and the project completed by the fall of 1963.

All necessary information has been forwarded to Reed, Hoyt, Washburn & McCarthy, bond attorneys in New York, who will handle the legal requirements of the election before the actual date of the election is announced.

Enlistment Limited In National Guard

First Sgt. John H. Asbell, Jr., of the local National Guard unit states that the unit has received unofficial information that after September 1st this year, until further notice, men without prior service will not be permitted to take advantage of the 6-month active duty program offered by the National Guard unless they are under 20 years of age.

This means that all men who will be past their 20th birthday on September 1st this year will have no choice but to volunteer for three or four years, or to accept the draft which is for two years active duty.

Capt. Richard T. Duke urges all eligible young men who would like to serve with their local National Guard unit, and who have personal plans which can be better accomplished by being away from home for only six months instead of from two to four years, to contact the National Guard armory at the earliest possible time. The National Guard is, at present, authorized to enlist more men, and priority will be given those men who could not be enlisted after September 1st under this new ruling. Mr. Asbell will also be available after normal working hours at 2061.

Rocky Hock Defeats Colerain To Win League Championship

The Rocky Hock Orioles became the Roanoke-Chowan League champions this week when they defeated Colerain 3 out of the first 4 games of a series. Rocky Hock won the first game by a 7 to 0 score when Franklin Hollowell pitched a 2-hit shutout. Hollowell struck out 16 men and was never in trouble as he went the distance. Thomas Rhea was the losing pitcher for Colerain. Marvin Ashley and Murray Nixon had two hits each for Rocky Hock while Askew had the two hits for Colerain.

On Tuesday night Colerain bounced back to defeat the Orioles by a score of 7 to 4. Spivey was the winning pitcher, giving up only 4 hits and striking out 11. Ted Chappell was the losing pitcher for Rocky Hock, giving up 6 hits and strik-

Plans Shaping Up For County Fair October 2nd To 7th

\$1,500 Will Be Offered This Year as Prize Money For Exhibits Placed on Display

Plans are rapidly shaping up for the 1961 Chowan County Fair, according to Robert S. Marsh, president. The big event will be held the week of October 2-7 at the American Legion building and fairgrounds.

Mr. Marsh states that a total of \$1,500 will be offered in prize money for such exhibits as corn, small grain, peanuts, cotton, soybeans, tobacco, dairy and beef cattle, registered and grade hogs, horses, ponies, sheep, goats, rabbits, chickens, ducks, geese, turkeys, pigeons, eggs, educational booths etc. There are more than 50 entries in the horticultural department alone.

Clothing, arts and crafts, cakes, canned fruits, candies, flowers, potted plants, etc., are included in the fair's premium list.

The fair is open to any citizen of Chowan County, Edenton as well as the rural section. Residents of Edenton have won many prizes in past years.

The Home Feed & Fertilizer Company will again award a trophy for the grand champion educational exhibit. In event the same club or organization wins the trophy for three consecutive years, it becomes permanent property and another trophy will be issued. The Advance Community 4-H Club won the grand champion trophy in 1960.

E. L. Pearce, Rocky Hock seedsman, will again sponsor a pumpkin booth in which will be displayed pumpkins grown by Chowan boys and girls. Mr. Pearce offers prizes for the largest pumpkins grown from free seed which he furnishes for contestants. The fair will also award prizes to the top three pumpkin contestants.

Sanford Extends Congratulations To Local C. Of C.

Says Steps Taken to Realize Full Potential as No. 1 State of South and Nation

In a letter to James M. Robinson, executive vice president of the Edenton Chamber of Commerce, Governor Terry Sanford was high in praise of Chowan County in providing opportunities for its citizens. The congratulatory letter was in response to a letter written to the Governor.

Mr. Robinson's letter follows. North Carolina's smallest county, Chowan, within the past 30 days, has held a successful election to spend \$289,000 for improvement of its educational facilities and has put its stamp of approval on a county-wide water resources survey to cost \$72,000 over a 4-year period. Federal and state financial assistance on the latter makes it an unusual "bargain" for the county.

Chowan County is the second county in Eastern North Carolina after Martin to sanction such a progressive move for attracting new industry and aid.

20 Years Ago

Representatives of the Albemarle District of Boy Scouts met in Edenton at which time the district was completely organized and a program put into effect which was calculated to bring Scouting to the fore in the Albemarle counties.

There was no little comment, tempered with a great deal of criticism about the proposed town budget. The rate was reduced from \$1.00 to 95 cents, and many expressions were advanced that by maintaining the old rate some needed improvements could be made.

E. W. Spires reported that 10,965 pounds of old aluminum had been sent to Edenton for use in defense work. The metal came from 16 of the 17 eastern counties participating in the Rudy Tolley.
