

Lions' Eye Bank Seeks Donations

Goal of Club Set To Have 20 People Will Their Eyes

A campaign for willing of eyes to the eye bank is being conducted by members of the Edenton Lions Club during February.

The eye bank was organized here by the Lions a year ago. To date 20 persons have willed eyes to the bank in the hope that some day others may see. Already one person in North Carolina has been recipient of eyes as a result of the local program.

The goal is to obtain at least 100 persons who will donate their eyes, Dr. Richard Hardin, chairman of the program, announced.

Forms and information about willing eyes may be obtained from Dr. Hardin, Lions Club members or the Chowan Hospital.

"Good eyesight is not necessary," Dr. Hardin says, "as it will not affect the desirability of the cornea." He added that usually the older the persons, the more suitable the cornea is for transplantation.

Safety Magic Show In Edenton Schools

Continued from Page 1, Section 1

Kent County Sheriff's Department, Grand Rapids, Michigan, Lt. Pike has spent over 20 years as a policeman and later police safety officer at Jackson, Michigan. During that time, he helped to train schoolboy safety patrols, assisted in the development of driver education and safety projects and originated his unusual "Safety Magic" show.

In addition to his humor, he performs many sleight-of-hand tricks, including pouring endless amounts of water from a single jar, making flags and banners disappear then reappear, and many others. Each trick illustrates some point of safety. He uses five trunk-loads of equipment.

He begins his program with a short talk about several of the accident cases on which he worked and then explains how it could have been avoided.

"This is one of the most effective means of teaching traffic safety to young people that I have had the good fortune to observe," says George Maddrey, Consultant in Driver and Safety Education, N. C. Dept. of Public Instruction.

Lt. Pike has previously appeared in more than 80 North Carolina schools, 48 states, to nearly four million students. His schedule includes a performance at the Edenton colored high school Friday morning, February 23, at 10 o'clock and again at 2 o'clock at the John A. Holmes High School.

2.8 million dollars, joins Tyrrell and Dare counties from Sandy Point to East Lake. Appropriate exercises were held in connection with the bridge opening with dignitaries attending including Congressman Herbert Bonner, Governor Terry Sanford, Highway Commissioner Merrill Evans and Senator Lindsay Warren, for whom the bridge is named. The bridge writes "finis" to the state operated ferries, which made the last trip across the river as part of the ceremony.

Mr. Bonner welcomed the large number on hand for the ceremony, despite the inclement weather, on the Tyrrell County side, after which the two ferries made their final run. They were de-commissioned by Mr. Evans, after which a ribbon-cutting ceremony was held with Governor Sanford cutting the ribbon which officially opened the new bridge. A motorcade followed with Governor Sanford's car in the lead which ended at the Columbia High School, where the Columbia Woman's Club served a luncheon in honor of distinguished guests.

The bridge was built by T. A. Loving Company of Goldsboro and was completed in two years, five months ahead of schedule.

Firemen Called Out Twice On Friday

Edenton firemen were called out twice Friday afternoon. The first fire occurred at the dwelling of Annie Edney on East Church Street about 3:15 o'clock as the result of a faulty flue. The second fire occurred later in the afternoon as the result of a flue fire at the home of Robert Francis near Bolton's bridge. No damage resulted from this fire.

a permit to sell wine off premises at the Boyce Grocery.

Approval was also given to the U. S. Lumber Company subleasing a portion of the cold storage plant at the former Edenton Air Station to the Chowan Processing Company.

Councilman Luther Parks presented a report on the tennis courts, saying that he had an estimate of about \$18,000 to construct new and modern courts. The Councilmen turned thumbs down on this proposal in the belief that the work can be done more cheaply and further delayed action until a conference can be held with the Edenton school trustees, owners of the property.

Mr. Parks also presented a request from the Woman's Club to place a slab of cement on the playground to place some equipment, as well as a covering. It was agreed to provide the cement but not the covering.

During the meeting the Councilmen voted to purchase a \$25,000 certificate of deposit at Peoples Bank & Trust Company for a period of six months.

Property back of the stores on the east side of Broad Street between Edenton and King Streets was given consideration, it being hoped that the various merchants will purchase this land.

The Councilmen also agreed to take the proper steps to establish a line at the trash pile.

Heart Facts

From the Chowan County Heart Council

Question: Is there anything which an individual can do to protect his heart from disease?

Answer: One noted medical authority put it this way: To avoid a heart attack, keep your weight low, eat less fat and exercise moderately and often. Your Heart Council adds: your own doctor can advise you best on how to protect your heart. Arrange for a periodic health and heart check-up.

Question: Is there any way to guarantee good health?

Answer: Not completely. But your Heart Council suggests: sit down with your physician and do some stock-taking about your health and your heart. In the past few years research has developed important new tools to help you and your doctor protect your health.
