Watch Your
P's & Q's

You've heard the old saying about watching your P's and Q's . . . It originated in England's old taverns where ale was sold by Pints and Quarts and if a guest became a little tipsy he was cautioned to watch his P's and Q's, but with us here P & Q means Fair Prices and High Quality. Yes, it pays to watch your P & Q.
