District Fish Fry

The annual Albemarle Soil Conservation District Fish Fry will be on Saturday afternoon, August 25, 1962, at Scott Halstead's Packing Shed in Elizabeth City. You will get all the good fish, slaw and cornbread you can eat for \$1.00. Meals will be ready to serve at 5:00 P. M., and will be served until after 7:00 P. M. Take your entire family and enjoy an evening out. There will be plenty of room under the shelter in event of bad weather. The district supervisors here in the county, Lloyd C. Bunch, Fahey Byrum and Joe Webb, Jr., have tickets available.

The proceeds will be used to help run your district program here in the county as well as the other four counties in the Albemarle District. It will be used for district expenses such as paper, stationery, postage and district sponsored contests; such as the conservation poster contest, land judging contest and woodland clinic. So let's plan to attend and enjoy a good meal out and at the same time support YOUR district program.

Mrs. W. J. P. Earnhardt will be in charge of arrangements, being assisted by Mrs. Wendell Copeland and Mrs. Leo Katkaveck.

Registration and Cokes will be served from 9 to 10 A. M., with music being rendered by Roger Lamb. Call to order will be at 10 o'clock. The meeting will adjourn for a 1 o'clock luncheon at the Edenton Restaurant. From 60 to 75 clubwomen are expected.

Pages will be Mrs. Harold Shore and Mrs. Tom Bass.

Other district officers are Mrs. E. Rawls Carter, vice president of Powellsville; Mrs. Heywood B. Houtz, second vice president of Elizabeth City; and Mrs. R. J. Boyce, secretary-treasurer of Edenton.

District department chairmen will speak on plans and instruc-

Thursday over in Camden County. One of the highlights of the meeting was the decision to continue the woodland clinic that was sponsored for Vocational-Agricultural students in the district for the first time this past year. Interest was high among the students and Agriculture teachers in the clinic. In fact it was the first clinic of this type held in the Eastern part of the United States that we know of. The contest involved studying the many phases of management needed on our woodland. Over 54% of the land in the county is woodland and we are missing a lot of potential revenue from it from managing it as it should be.

Group Participation

Sherlon Layton, Kermit Perry, Lloyd Bass and C. A. Bass met Tuesday night at the Rocky Hock Community Building to complete plans to construct a group ditch through their farms. This is one method to solve a group problem that is too large for one person to undertake by himself or is a community type problem, that involves several farms. The people may get together in the form of a group and pool their resources to solve the one large problem.

tions for the local clubs' respective department chairmen, who are as follows: Fine Arts, Mrs. J. L. Needham of Elizabeth City; music, Mrs. Wayne Massey, Jr., of Elizabeth City; art, education and scholarships, Mrs. Vasco Greene of Ahoskie; conservation, Mrs. Keith Fearing, Jr., of Manteo; international affairs, Mrs. W. H. Hollowell, Jr., of Edenton; public affairs, Mrs. Julian Porter of Severn; publicity, Mrs. J. P. Ricks, Jr., of Edenton; home life, Mrs. Dalton Parker of Sunbury; and General Federation Clubwoman, Mrs. Barham Fleetwood of Severn.

Door prizes will be awarded at the end of the luncheon through the courtesy of Hollowell's Drug Store and Belk-Tyler's.

area. Mrs. Bert Tyson, N. C. Division staff member and field consultant for the area, directed the workshop, which began at 10:30 A. M. and adjourned at 3 P. M. During the business session it was announced that the N. C. Cancer Society is approximately \$10,000 behind in its goal for 1962 and executive secretaries were asked to send the final report of their respective county crusade for cancer fund to headquarters by August 31.

It was also announced that the annual executive secretaries conference will be held October 20 at the Sir Walter Hotel, Raleigh. Counties represented at the meeting included Beaufort, Bertie, Chowan, Craven, Green, Halifax, Lenoir, Martin, Nash, Pitt, Onslow and Wilson. Attending from Chowan County was Mrs. W. J. P. Earnhardt.

Mrs. Erhardt points out that Chowan County needs only \$40 to reach its goal of \$1,500 set for the 1962 cancer crusade. Chowan County can keep 40% of this money to help those in the county stricken with this dreadful disease. "So," says Mrs. Earnhardt, "the more we give, the more we will have to help as well as possibly cure."

Many are finding it most gratifying to give to the Chowan County Cancer Society memorial fund in memory of a friend. Such a gift is greatly appreciated by the family of the deceased. The family will receive a notice of the gift and name of donor, the amount is not stated. Also the donor will receive a note of appreciation from the county unit. Anyone making a contribution or memorial gifts may mail them to Mrs. James Bond, treasurer, Chowan County Cancer Society, Edenton.

Oral Polio Clinic Planned In Edenton

Continued from Page 1, Section 1

The Salk vaccine, which has been used in previous clinics held in Edenton and the area, will prevent polio in the inoculated person, but does not kill virus present in the body. A Salk immunized person, therefore, can be a carrier of the disease virus.

The Sabin vaccine is taken orally and may be taken by people of all ages. It has been given widespread use in Russia and other countries and is reported to be very effective in wiping out polio.

The overall effect of the Sabin vaccine is to totally eliminate polio. It is, therefore, imperative, according to the Medical Society and Jaycees, that every person in Chowan County be vaccinated, whether they have had previous Salk vaccinations or not.

A Stumbling Block

By TERRY JONES

"It is good neither to eat flesh, nor to drink wine, nor anything whereby thy brother stumbleth, or is offended, or is made weak." Romans 14:21.

Not long ago a little girl picked up the telephone receiver just in time to hear a leader of her church say something very repulsive and wrong about the church. The girl became frustrated, upset and confused. She just couldn't understand how a Christian could say such a thing. Was this the way Christians talk? A perfect stumbling block had been cast in her path.

In our churches today we have sheep's clothing calling themselves Christians. A murderer is better for the Kingdom of God than a false Christian that sets a poor example of Jesus. These hypocrites will receive their due punishment but the sad thing about it is they cause so many others to follow them.

Professing Christian, never forget your life is an open book for the world to read. Don't be a stumbling block to some innocent onlooker. I myself pray to God that no soul will ever stumble into Hell because of something I did or didn't do.

authorize the appropriation of \$36 million over a three-year period to provide for mass immunization of children with an all-purpose vaccine to protect them against polio, diphtheria and tetanus. This program would be similar to the typhoid vaccine program and other medical campaigns of the past. During the 1940's North Carolinians were particularly hard hit by epidemics of polio. Mass treatment centers for this dreaded disease were set up in our state in an effort to cope with a grave health problem.

This possessive phrase is familiar to all. It represents the profound confidence American people have in physicians. But do you really have a family physician?

Even though you may have been fortunate, not requiring medical care, it is stitch-in-time wisdom to establish a "family doctor" relationship.

Simply contact the physician of your choice, requesting that you would like him to serve your family should the need arise.

And if such a need arises, our prescription department is prepared to serve you and your family.
