\$2.50 Per Year In North Carolina

### **Edenton Youth Overcomes Handicaps**

With the March of Dimes campaign still in progress, it is interesting to learn of the progress made by 9-year-old Jarvis Belch, son of Mr. and Mrs. Jake Belch of Edenton. Shortly after birth, doctors advanced the opinion that Jarvis would not live much less walk. But the boy is now in his second year at St. Ann's Episcopal School at Charlottesville, Va., where he is very much alive
despite his handicap. Jarvis cannot use either arm and has only
30% motion in his left leg, but can romp around with other chilare and despite the fact that he cannot use his arms, he won the
