

Assistant Chief Of Police Leo LaVoie Is Discharged From Police Department

Action of Chief James H. Griffin Is Causing Considerable Dissat- isfaction In Edenton

Assistant Chief of Police Leo LaVoie was discharged from the Edenton Police Department on Wednesday of last week by Chief of Police James H. Griffin. The discharge was a climax to disagreement between LaVoie and Griffin relative to a change in LaVoie's rank and unsatisfactory reports to Town Council by Mayor John Mitchener and Elton Forehand, who compose the Police Commission. Chief Griffin, in an interview with The Herald, stated that he wanted to put the Police Department on a more systematic basis and that in order to provide proper ranks he had arranged to give LaVoie the title of Captain, but that he would still remain assistant chief of police.

Griffin stated that when he took over the duties of Chief of Police there was lack of respect for LaVoie and more or less lack of cooperation among the members of the force.

Chief Griffin said he had a conference with LaVoie relative to a change in rank, though there would be no change in authority or salary. He said LaVoie was receptive to the change but soon thereafter registered some resentment and said he would not accept the change in title.

Griffin also stated that LaVoie was requested, along with all officers, to attend a class for instruction on a time clock for registering speed on the streets, but that LaVoie failed to attend. In another instance, he said, a conference of all officers was called but that LaVoie again refused to put in an appearance.

Elton Forehand, who is assistant police commissioner, reported.

Chowan Cattle Will Be Treated For TB And Bangs

Goal Is to Test All Cattle So That County Can Be Considered Brucellosis Free

Dairy and beef cattle in Chowan County are now being tested in order to recredit the county this fall. C. W. Overman, County Extension Chairman, said that this routine test is done every three years. Mr. Overman said that the goal is to test all cattle in the county. If no infection is found, following test of all cattle, the county can then be considered brucellosis free. Certified completely free counties are tested every five years.

Every effort will be made to test the animals at a time that will best fit the farm work schedule. The program differs to that of former years in that heifer calves between four and eight months old will be encouraged to be calfhood vaccinated.

The TB and brucellosis (Bangs) work will be done by Dr. H. C. Jackson, veterinarian (disease control), who is stationed in Edenton. The program is sponsored by the Agricultural Research Service, and is done without cost to the cattle owners. When funds are available the local veterinarians are asked to assist in the program.

Post Office At Tyner Scheduled To Be Improved

Competitive Bids For Work Are Requested To Be Submitted Be- fore Friday, Aug. 9

Congressman Herbert C. Bonner announced last week that he has been advised by the Post Office Department they are seeking competitive bids for an improved building to house its postal operations at Tyner.

The Post Office Department will award a contract to the bidder who designates a building suitable to the department's needs and agrees to improve it (or provide a new building) according to departmental specifications and then rent it to the department for a basic period of five years with three, five-year renewal options.

The department's capital investment will be limited substantially to postal equipment. The building will remain under private ownership, with the owner paying local real estate taxes.

The modernization program by the Post Office Department will make a dual contribution to improving the economy of Tyner.

Town Councilmen Adopt Tax Rate Of \$1.00 For 1963-64

Also Decide to Pave Parking Area Adja- cent to Three Stores Without Meters

In a brief meeting of Town Council held Tuesday afternoon, the Councilmen adopted the budget for 1963-64 which was previously approved as presented by the Finance Committee.

The Overall budget provides for estimated expenditures of \$246,569, which is somewhat higher than last year. However, the tax rate has been set at \$1.00 per \$100 property valuation, which is the same rate as last year.

During the meeting the Councilmen voted to pave the parking area adjacent to Belk-Tyler's store, Edenton Furniture Company and P&Q Super Market. It was also decided that while the area will be marked for parking, there will be no parking meters installed.

Medical Staff Of Chowan Hospital Elects Dr. Hardin New President Of Staff

Succeeds Dr. E. Bond, Who Served During Illness of Dr. Frank Wood

At the regular medical staff meeting of Chowan Hospital held July 2, Dr. Richard Hardin was elected president to succeed Dr. Edward G. Bond, who had acted as president of the staff during the illness of Dr. Frank Wood.

Other officers elected were Dr. Roland Vaughan, vice president, and Dr. David O. Wright, secretary-treasurer.

Dr. Hardin is a native of West Jefferson, N. C. He graduated from Wake Forest College and the Bowman-Gray School of Medicine. He served three years in the U. S. Navy as a flight surgeon before starting the general practice of medicine in Edenton 13 years ago.

He expresses his appreciation to the hospital staff for making it possible to have the hospital accredited in April, 1962.

Dr. Hardin in a statement had this to say: "We of the staff will continue to give the high degree of medical care to the public that Chowan Hospital has always given. It is a pleasure to announce the following chiefs of service: Chief of Medical Service, Dr. Edward G. Bond; chief of Surgical Service, Dr. L. P. Williams, Jr., and chief of Obstetrical Service, Dr. Roland Vaughan."

Pulpwood In State Totaled \$46,478,000 During Year 1962

Production of Wood For Pulp and Paper Industry Part of All Time High

Purchases of pulpwood grown in North Carolina and delivered to pulp and paper mills during 1962 totaled \$46,478,000, it is reported by H. J. Malsberger of Atlanta, general manager of the Southern Pulpwood Conservation Association.

Last year's total for the state, he added, was one per cent higher than the value of \$45,838,000 recorded for 1961 deliveries.

These figures were based on the results of a 12-state pulpwood production survey made by the U. S. Forest Service Experiment Stations at Asheville, N. C., and New Orleans, La., in cooperation with SPCA.

Among the 96 counties in North Carolina where pulpwood was produced, the three leading counties, and the value of deliveries shipped from each, were Beaufort, \$1,822,020; Pender, \$1,247,300; and Brunswick, \$1,139,620.

North Carolina's share in the production of wood raw material for the pulp and paper industry, Mr. Malsberger explained, was part of an all-time high pulpwood harvest for the South as a whole.

"I do not believe in class legislation. I have never voted for class legislation. This new civil rights bill is class legislation. I cannot vote for it."

"This bill, under the guise of putting an end to racial discrimination, would firmly plant the seeds of federal dictatorship in the fields where relations between private citizens have heretofore flourished without interference. The freedoms, which under our Constitution have made our country great, would become the subject of political control."

"Our private enterprise system would be distorted beyond regard to the broader interests of
