New Parking Area Is Now Completed; Handles 175 Cars

Adjoining Area Will Be Devoted to Parking Facilities at Later Date

Edenton's new parking area has now been completed back of the stores on the east side of Broad Street. Eden Street has also been hard surfaced and extended into the parking area so that there is now convenient access to the parking area which, when marked off, will accommodate in the neighborhood of 175 automobiles.

Another area will later provide additional parking space which, when completed, will increase parking facilities to about 214 cars. The old warehouse on county property has been torn down and when time permits cement will be torn up by town employees and removed to a fill on Jackson Street preparatory to extending this street. This additional area will subsequently be hard surfaced and marked off for parking.

The new parking area will be under the supervision of Edenton police and is expected to greatly relieve the serious parking situation on Broad Street. There will be no charge for parking in the new area.
