

20 Names Of Chowan Men Killed In World War II To Be In Battleship Museum

W. E. Bond Requests Notification of Any Who Might Be Omit- ted From List

Plans for the museum aboard the USS North Carolina Battleship Memorial at Wilmington have progressed to the point where the Honor Roll of Carolina's war dead of World War II are about ready to be submitted to the engraver. Mr. Bond has made several inquiries relative to those who were killed in the war, but has not been able to learn of any who are not included in the list received by him. If there are any others in the county who are not listed, Mr. Bond will very much appreciate hearing who they may be so that he can add any additional names to be placed on the Honor Roll from Chowan County.

The list sent to Mr. Bond from Rear Admiral Robert B. Ellis USN (ret), superintendent of the museum, includes the following from Chowan County:

Edenton Savings And Loan Association Assets \$4,059,240

Edenton Savings & Loan Association reports an increase in total assets to \$4,240.02 as of December 31, 1963.

James M. Bond, secretary, said that this figure represents a 10% increase over total assets reported one year ago, and he attributed the institution's growth to continued economic prosperity in the local community.

According to the institution's 1963 annual report, net savings gains recorded during the past year total \$316,436.37, increasing total savings to an all-time high of \$3,686,723.96.

Edenton Savings and Loan also paid a record total dividend to savers of \$136,870.46 during 1963, based on a regular dividend rate of 4%.

Chowan Exceeds Quota Of Blood

118 Pints Given With 120 Turning Out To Give Blood

Last Monday produced another successful visit of the Red Cross bloodmobile to the Edenton Armory. Frank Roberts, bloodmobile chairman, reports that Chowan County went 20 pints over its quota. The quota was 90 pints, with 118 pints being taken in. One hundred twenty-two people showed up to give blood, with only four being rejected for medical reasons. This was the lowest number of rejections in quite some time.

Thanks go to the Jaycees and Jayettes, to the attendant doctors, Nurse Twiddy and the Hospital Auxiliary, as well as the Red Cross personnel. The banding together of these various organizations helped make the bloodmobile visit a success. Most of all, of course, thanks go to the many people who showed up to donate a pint of blood.

The next visit, according to Roberts, will probably be later in the week, rather than on a Monday, and a change of hours is contemplated, with the bloodmobile visiting Edenton from 11 to 5 instead of 10 to 4.

above the volume recorded in the previous year.

Mr. Bond commented that the strong savings inflow and substantially increased home lending volume at the institution was indicative of the consistently growing demand for savings and loan services in this community and elsewhere in the nation.

"The savings and loan system provides the most efficient employment of real savings toward the investment in long-term real estate lending, particularly in the area of private single-family homes," he said. "We feel that savings and loan institutions have now achieved a critically important place in our total economy and that their influence will continue to expand in the foreseeable future."

Mr. Bond predicted a further increase in housing and home financing activities during 1964.

Distinguished Novel- ist Says Intention Is To Eventually Move To Edenton

It was reported last week that Inglis Fletcher had decided to sell historic "Bandon" plantation to Southern Properties, to be developed into building lots. Following a disastrous fire which destroyed the old colonial mansion early in October of last year, Mrs. Fletcher had decided not to duplicate the home but expected to rebuild on the site. However, she says it would be a terrible job to rebuild Bandon and that it would be just as difficult to live there again.

Southern Properties is developers of Arrowhead Beach and the 63-acre estate will add considerably in providing quite a few more very desirable home sites. The company already owns 250 acres along Chowan River near Bandon and the lots have added considerably to Chowan County's property valuation.

Following her decision to sell Bandon, Mrs. Fletcher indicated that she might purchase a home in Edenton. However, she would like first to go to Trinidad to collect material for another novel and live for a while in Charleston, S. C., with her son, Comdr. John G. Fletcher. If and when she returns to Edenton she plans to continue writing novels.

Tailoring Course Scheduled To Begin In Edenton February 13

A tailoring course will be taught at John A. Holmes High School beginning Thursday, February 13, and lasting for six weeks. Mrs. Edna Reeves, instructor for the class and head of the local home economics department, has announced that classes will begin at 8 o'clock in the home economics department. Miss Brenda Reges, student teacher from East Carolina College, will assist Mrs. Reeves. Adults in the area are invited to enroll in the class.

Tailoring a garment, usually a suit or coat, requires hours spent outside the class. The actual instruction period will include demonstrations on tailoring techniques and allow time for help with problems which the women encounter. This class will be primarily for ladies who have sewn quite a lot and who wish to learn the "extras" which add to the value of tailored garments.

There is no charge for the course. However, each student will furnish her own materials and supplies. The first meeting will include organizing the class and helping members to select proper supplies needed for the course.
