Cards of thanks, obituaries, resolutions of respect, etc., will be charged for at regular advertising rate.

THURSDAY, APRIL 30, 1964.

A LIFT FOR TODAY
This is your hour—Luke 22:53.
Liberal in all his other gifts, God shows us, by wise economy of his providence, how circumspect we ought to be in management of our time, chrysalis of eternity—Fenelon.

Eternal God, impress upon us the value of time and forgive us for wasted hours.

A Priceless Possession

People have different religious beliefs and worship according to their conscience without interference from the government and its officials.

Freedom of religious worship is one of the rights guaranteed by our form of government. Those who enjoy the blessing that it affords should be scrupulous in respecting the beliefs of those with whom they do not agree.

Religion in the United States suffers no threat of dictatorship. Its worst enemy, so far as we can see, is the failure of individuals to put into practice the principles of the religion that they profess.

Frankly, the editor of this newspaper never worries about religion that other people prefer. We trust that no one worries about our beliefs. The common task that confronts all men and women of every religious persuasion is to make their personal contribution in life so as to serve other people.

Instead of disputing about non-essentials we might follow the example of the great teacher who went about doing good. Life presents many pitfalls into which human beings plunge and it is up to all of us to avoid them as best as we can.

When, unfortunately some brother or sister stumbles, there is an opportunity for all of us to be helpful, if we are so minded.

Bikes In Bloom

Right behind the first crocus, the door-to-door seed salesman, Junior's first crush and other sure signs of spring, will come an army of 55 million bicyclists.

Spring biking gets an added boost this year in the person of the youngest of the young-in-heart, Dr. Paul Dudley White.

Dr. White has joined the campaign this May because he believes in its merit. He believes it is worthwhile. He also believes, as he has said so often, "Cycling is one of the best ways to achieve and maintain physical fitness."

Throughout May, Dr. White will be campaigning for more cycling for fun and good health by people of all ages, and for increased cycling facilities—more bike paths and trails in parks and recreation areas, more bike tracks, more safe cycling routes in our town and cities—more opportunity for America's legions of riders to enjoy their health giving sport in safety and pleasure.

The whole nation, we think, not just bike riders and their parents, should salute Dr. White for his unselfish dedication to the health and happiness of others.

When you find it difficult to make other people understand what you think, it may be that you do not understand it yourself.

Heard & Seen

By Buff

An interesting visitor in Edenton Tuesday afternoon was H. Clifton Blue of Aberdeen. Mr. Blue, a fellow weekly newspaper publisher, is a candidate for lieutenant-governor and met quite a few Edenton voters during his brief stay here.

Another interesting group in Edenton Tuesday was Mitchell F. Allen, Jr., president of the First National Bank of Eastern North Carolina from Jacksonville, N. C., and several of the bank's officials.

That a lot of people are concerned about their eyesight (which is as it should be) is reflected in the fact that up to noon Wednesday approximately 500 people attended the glaucoma clinic held at the Edenton armory.

Just a week or so ago I had a letter from Josiah Elliott, who was released from a hospital in Newport News. Joe said he had fallen by the wayside and had to be hospitalized.

Just returned from a trip to Maryland where a lot of people apparently are on the saving side. Someone who named rivers (some are not near as large as Pembroke Creek) were very saving on using letters to name the rivers.

We hear a lot about history in Edenton but I learned a new one the other day. On a letter written by Theo. Kromaine of Clarksville, Tenn., the following sticker was on the letter: "Kickowanna and the Hunter."

With the recent official opening of the Chesapeake Bay bridge-tunnel, Mrs. Ed Bond brought out a copy of the Edenton Daily News printed July 20, 1927. It was a special edition concerning the official opening of the Chowan River bridge.

Donnie Forehand and Thomas Corpew are leading in the Chamber of Commerce spring fishing contest. Forehand landed a 7½-pound bass and Corpew caught a 1-pound, 9-ounce speckled perch.

And speaking about fishing, a news release was in the mail this week about a new patented and tested electronic transistorized fish call.

MODIFIED BEATLES—Togetherness marks the theme of these New York his and hers Beatle haircuts. The hairstylist who created them calls them Beatle Bobs.

known for some time that fish respond to sonic oscillations (sound) between 50 and 300 cycles and to light waves.

beginning team and individual victory. The team, consisting of Sandra Bunch and George Wilkins, received a banner; Sandra Bunch won a medal for first place in the district in the beginning division with a high score of 222.

est scores; Sandra Bunch and Scot Ober received medals for individual achievement. The three students eligible for the district contest were as follows: George Wilkins and Sandra Bunch, beginning; Scot Ober, advanced division.

Weather Hinders Fishing Contest

Continued from Page 1, Section 1
The same day Bennett's Creek yielded up a 14-inch, 1 pound 9 ounce speckled perch for Thomas Corpew, also of Tyner, who was using a light casting rod and reel.

No contestants have entered any rock fish so far during the Chamber's contest and of course the beam will not be on the move until the water warms up.

Weather Hinders Fishing Contest

Clude Griffin, chairman of the Chamber's Recreational Committee, says preparations are under way for the special one-day fishing contest sponsored by the Chamber for contestants 15 years and under which will be held Saturday, May 9.

LIONS MEET MONDAY
Edenton's Lions will hold their weekly meeting Monday night, May 4, at 7 o'clock at the Edenton Restaurant.

Have you ever planted DeKalb Seed Corn? If not, you're missing out on one of the "best buys" in agriculture today. DeKalb Corn is bred to germinate strongly, stand, and produce big yields of high quality grain.
