Entered as second-class matter August 30, 1934, at the Post Office at Edenton, North Carolina, under the act of March 3, 1879.

Cards of thanks, obituaries, resolutions of respect, etc., will be charged for at regular advertising rate.

THURSDAY, JUNE 4, 1964.

A LIFT FOR TODAY

Wist ye not that I must be about my Father's business?—Luke 9:49.

God's business is primarily the salvation of a world. What is the measure of our concern for the lost about us?

Remembering Thy love for us, help us to find how much we can do for Thee, and not how little, O Lord.

Eyes On East

One of the longest, hardest-fought and expensive primary elections terminated Saturday, when North Carolina voters expressed at the ballot boxes their choice for Governor and a few other state officers.

The three leading candidates for Governor, Richardson Preyer, Dan Moore and Dr. I. Beverly Lake, all secured a creditable number of votes, with Mr. Preyer emerging from the race ahead of the other two, but not nearly enough votes to clinch the Democratic nomination.

A second primary election will, therefore, be held Saturday, June 27, when the voters of the state will decide if they want Mr. Preyer or Mr. Moore to be their Governor.

If the primary election is any indication in the runoff election, there will be a considerable amount of electioneering going on from now until June 27.

As was the case in the last election for Governor, eyes will no doubt be focused on eastern North Carolina, where voters played a major role in the election of Governor Terry Sanford. Eastern North Carolina registered a majority of votes for Dr. Lake last Saturday, so that this section may very easily have an important bearing on who will be nominated.

To be sure, both Preyer and Moore will try to woo Lake supporters into their camp and it is a big guess as to who will win the majority of the votes.

At any rate, during the primary election tactics neared the mud-slinging stage, and it is to be hoped that the second primary election will be on a higher level. After all, it is doubtful if mud-slinging and backbiting has ever won a large number of votes.

Both of the candidates for Governor are upright and capable men and each would be a credit to be in the Governor's office. There is very little difference in the platform or program of each candidate, so that it is up to the voters as to which candidate they prefer to serve as Governor.

No doubt, the second primary election will be hard-fought but, like a good football game, it can be fair and clean, and may be the best man win.

Credit Reflected

John A. Holmes High School graduates have reflected credit to themselves and to their school. This year \$49,815 was available to seniors in way of scholarships, loans and self-help jobs in order to further their education. This is next to the highest amount ever made available to local students and of this amount \$38,865 has been accepted by graduates.

Though Edenton has a small school, the fact that quality education is an important phase of teaching, reflects credit on the school and the students themselves.

Quite a few students will be able to further their educational and vocational training as the result of scholarships and other help. And this assistance has not merely been handed out but is awarded on the basis of the student's academic standing and record in high school. The fact that so many students have been rewarded by scholarships and other help is a credit to the students, teachers and general program of the school.

As so often said, graduation is not the end, but only another beginning, so that The Herald wishes the best of success and happiness for these young people who this week ended their high school careers.

Summer Safety

Summer begins June 21 and brings with it special hazards. The pleasures of water sports will be enjoyed by many millions of people, and they will carry with them special dangers.

Swimming is still the chief problem and basic rules of safety should be observed always—never swim alone, after eating or when overly tired; don't overestimate your ability and swim at protected pools or beaches, preferably under the supervision of someone who is trained in lifesaving techniques; never dive into unknown waters and if a boat capsizes,

Heard & Seen By Bill

The Chamber of Commerce spring fishing contest closed Sunday, but Jim Robinson has not given me the names of the winners. The weather man failed to cooperate in this year's contest, so that not so many whoppers have been caught as in previous years. And speaking about fish, Bob Evans, Chowan County Wildlife Protector, told me last week that he released a gang of fish in nearby waters. He said 2,600 largemouth bass fingerlings had been released in Pembroke Creek, Burnt Mill Creek, Bennett's Mill Pond and Dillard's Mill Pond. That's 2,600 in each of these places, so maybe by next year there'll be more fish caught in the contest.

I thought somebody was lacking at the Post Office and early this week I found out. Postmaster Jim Chestnut was taken to Chowan Hospital Friday and is still a patient. It was thought Jim had a slight heart attack, so that he's undergoing a lot of tests. Here's one of his many friends who hopes he'll soon be able to be on the job at the Post Office.

Jim Kinion, summer recreational director, has gotten together a softball league and from what I understand some changes, and good ones, will be made. I'm informed that each player must be a member of the group he plays for, so that young and good players cannot be picked up at random to help strengthen any particular team. Then I'm told that bunting and stealing bases will be prohibited, which is in favor of older players, who are not so agile and less likely to be hurt by fast running youngsters trying to steal bases. After all, the purpose of the summer program is to provide wholesome recreation for those of all ages and not primarily to have a winning team regardless. Jim is also planning girls' softball games, a little league and pony league as well as a basketball school for youngsters. Here's hoping his summer program will be successful and that a great number of our people will benefit by it.

The Missus went off Tuesday night to get some coaching for Eastern Star work. She came home with a bouquet of beautiful flowers, so maybe she was head of her class. The flowers were picked by Roy Leary by aid of a flashlight, for he doesn't have time to pick flowers during the day—he's one of our "regular" fishermen, you know. And what's more, he catches 'em.

In the mail last week was a package of cigars (my favorite brand) which was sent by Raymond J. Stansburg from Hillsboro, N. C. A note read: "Dear Mr. Bufflap—I hope you enjoy them." Just what the cigars are for is sort of a mystery, but I'm really enjoying 'em. Tanks, Mr. Stansburg!

Chowan County Commissioners are sort of scratching their heads as the result of every budget coming in showing an increase. They are hoping they can hold the same tax rate, but they'll be little short of magicians if the budgets stand as presented and the tax rate remains the same. They wouldn't be so bad off if all delinquent taxes were paid, for of the 1963 tax levy \$38,719.38 remains unpaid. And besides that, delinquent taxes for the 10-year period 1953-1962 amount to \$71,351. At their meeting Monday the Commissioners started to get hard-boiled, for they need the money and there's no excuse for some people paying their taxes and a lot of others paying little or no attention to it. As a result the Commissioners instructed Sheriff Earl Goodwin to begin executing garnishees for taxes and attach property in order to collect the money. Which means that somebody might ride up town and be obliged to walk home, or go in a barber shop or some other place and leave without a coat or hat, for Mr. Goodwin will be on the lookout to attach property which will, no doubt, let some people realize that they must do at least two things—pay taxes and die.

Methodists will, beginning next Sunday, June 7, be obliged to crawl out of bed a little earlier on Sunday mornings. The Church School will convene at 9 o'clock in the morning and the morning worship service will begin at 10 o'clock. Might be a case of some saying, "It's too darned early," but a lot of others will like it during the summer, for it gets pretty hot along about noon.

stay with it and don't try to swim a long distance to shore.

But now water safety is more complex. Proper management of the home swimming pool is a matter of concern to many thousands of families. Skin diving, water skiing and surf-boarding are specialized sports requiring particular care and knowledge.

This summer a greater variety of water sports are available than ever before—let's make them safer.

ARM DEFENSE—Wide-eyed visitor to Washington, D.C., Russell F. Forte, watches a Agriculture Department specialist thrust his arm into a cage full of mosquitoes. After spraying with a new repellent, mosquitoes shunned his arm instead of clinging to it.

Methodists Change Hours Of Services

Edenton Methodist Church will begin its summer schedule of services beginning next Sunday morning, June 7. The Sunday School will be held at 9 A. M., and the worship service with sermon will be conducted at 10 o'clock.

This schedule will continue through the month of August. All members and friends are invited to join these services each week.

Doctor Planning To Locate In Edenton

Dr. James N. Slade of Los Angeles, Calif., visited his parents and friends here recently. He has specialized in the course of pediatrics and is now on the medical staff in the County Hospital in Los Angeles.

Dr. Slade visited here on a short trip to plan for a location to begin practice here in the late autumn months. He is the father of A. V. Slade.

Two From Chowan Graduate At UNC

Among the 2600 graduates at the University of North Carolina who received degrees at the 170th commencement at Chapel Hill Monday, June 1, were two students from Chowan County. The two were John Stuart Fletcher II, and Frank Jefferson Ward, Jr.

Fletcher received a LL.B. degree, Bachelor of Laws and Ward received an AB degree, Bachelor of Arts in Education.

Summer School Will Be Held In E. City

A summer school will be held at the Elizabeth City High School for the benefit of students in the area who failed in their work this year.

Classes will be held for reading from the elementary to high school level; English from junior high school through the 12th grade; biology and all courses in high school math and U. S. history.

The full course of five weeks will cost \$30 and one house unit of three weeks will cost \$20.

Prospective students must register June 4 and 5 and the classes will begin Monday, June 8. Those who enroll must present a note from the school principal for credit.

YEOPIM CLUB MEETS

The Yeopim 4-H Club held its regular meeting Wednesday, May 20, at Joe Crisanti's summer picnic house on Albemarle Sound. The meeting was called to order by the president, James Brabble. Due to the absence of the secretary, Connie Overton, Juanita Jethro took the minutes for the meeting and called the roll. The pledge to the American flag was given and the 4-H Club pledge was said. The Lord's Prayer was prayed after which the meeting was turned over to Harry Venters.

The program was a demonstration and a talk on outdoor cooking. He told members what they were going to have and how it was fixed. For supper the group had campfires delight, potato chips, drinks and roasted marshmallows.

Former Student Wins Scholarship

Edwin Byrum, a 1960 graduate of the John A. Holmes High School and a member of the senior class at Wake Forest College, has been selected for the National March of Dimes Scholarship sponsored by the local March of Dimes Chapter. To be eligible for this scholarship in the field of medicine, a student must be an outstanding undergraduate student who has exceptional ability and interest in medicine. Byrum has been accepted at the Bowman Grey School of Medicine.

Young Byrum has a long record of achievement and success in his educational career. In high school he served as class president for three consecutive years and was valedictorian of his class. He received the local Woman's Club scholarship and a Wake Forest academic scholarship in 1960. For the past three years he has been a recipient of the Hankins scholarship at Wake Forest College. Having made the Dean's List six out of eight semesters, Byrum is president of the Honorary Medical Fraternity. He will graduate on June 8.

Edwin is the son of Mr. and Mrs. James Byrum of Edenton. He hopes to become a medical missionary.

51 JAILED IN MAY

Jailer Bertram Byrum reports that during May 51 persons were jailed in the Chowan County jail. Confinements ranged from one to 31 days. The expense, including jail and turnkey fees amounted to \$506.35.

TO THE VOTERS OF CHOWAN COUNTY

I want to say "THANK YOU" for your vote and support in the May 30 Democratic Primary. I promise to do my best to fulfill the duties of Commissioner of Chowan County. Again I want to say I appreciate your help.

Miss Frances Holton Graduates At Salem

Miss Frances Holton, who received both the President's Prize in Chemistry and the H. S. Pford Award for outstanding senior, received her Bachelor of Science degree from Salem College. Her major is in chemistry.

The largest class in the history of Salem was graduated on Sunday, May 31. Over 90 students received degrees in Arts, Science, and Music at the close of the 192nd session of the institution.

Miss Holton is the daughter of Mrs. David Q. Holton of Edenton. She is vice-president of the senior class, vice-chairman of the judicial board of student government, and vice-chairman of May Day. She is a member of the Order of the Scorpion, honorary service organization, and she received a certificate of merit for her work with the Pierrette Players.
