## County Tax Rate Will Be \$1.58

Continued from Page 1. Section 1, 422.81 from intangible tax; \$1,609.50 from poll tax and an estimated \$1,000.00 balance from last year. This brings the requirements to \$180,022.50 and requires 81 cents of the tax rate.

For the bond fund \$45,947.20 is budgeted, but \$3,719.70 is anticipated from an unexpended balance, so that the requirement is \$42,227.50, calling for 19 cents of the tax rate.

For charity the budget calls for an appropriation of \$23,000.00, of which \$7,442.50 is anticipated from state and federal funds, leaving \$15,557.50 to be raised. This requires 7 cents of the tax rate.

For health the budget calls for an outlay of \$17,780.00. Of this amount \$16,500.00 is budgeted for the district and \$1,280.00 for the county and requires 8 cents of the tax rate.

Next to schools, the welfare budget is the largest. This calls for an appropriation of \$203,212.90. Included in this amount is \$84,560.00 for old age assistance,

\$49,746.40 for aid to dependent children, \$46,174.00 for aid to permanently and totally disabled and \$22,732.50 for administration. However, \$175,870.90 is anticipated from state and federal funds and with an expended balance of \$3,094.50, the requirements are reduced \$178,765.40 to the county's appropriation of \$24,447.50 and calls for 11 cents of the tax rate.

Requirements for revaluation expense is fixed at \$4,445.00 or two cents of the tax rate.

For agriculture and economics the requirements are \$17,780.00. This will require 8 cents of the tax rate.

For Civil Defense \$4,445.00 is budgeted which will require 2 cents of the tax rate.

In the general county fund, \$110,250.00 is budgeted. This requirement is reduced to \$44,450.00 due to \$65,800.00 anticipated from other sources. These include \$35,000.00 from ABC store earnings, \$10,600.00 in costs from Recorders and Superior Courts and a surplus of \$20,200.00 in the general fund. The general county fund requires 20 cents of the tax rate.

## Drastic Change In Operation Of JP's

Continued from Page 1. Section 1 other quarters.

According to Chief Griffin, in the past the Police Department has acted more or less as a collecting agency for the various courts, such as allowing defendants to come into police headquarters and submit to various violations of law. In this procedure the police collect the money, give receipts from the various justices of peace receipt books, placing the money in envelopes showing amounts collected, keeping records and amounts of money that come into their hands, then turning this money over to the proper justice of the peace at some later date, seeing to it that each justice of the peace gives proper credit as the money is turned over to him. In short, says Chief Griffin, the Police Department is doing the general office work that should be done by each justice of the peace.

Mr. Gardner says that the new method will be of great benefit to the Police Department and

will put an end to the type of complaints recently received from the Governor's office.

Meet every adverse circumstance as its master.
