

Rocky Hock Section News

By MRS. T. W. ALLRED
 Several Rocky Hock families have just now gotten to their vacation time, and their absence was felt at the services at church on Sunday. The O. C. Long family spent a few days in Washington over the week-end. Clark and Phyllis Peele and Alvin and Sarah Evans were in Baltimore and in the same vicinity for a few days (These Oriole fans really support their team!) At least one carload of fans went up for the Sunday game, but we'd better not call any names, we might put them on the spot! Ha. Several families were at Nags Head and others visiting relatives and sight-seeing for a day or two. Everybody deserves a little time off from the regular routine, but we hope that by the time the revival gets here week after next that everyone will be back in harness and ready to attend to FIRST things FIRST!

We imagine that the fact that school will start the week before the revival begins will force some families to get back into a regular schedule, whether they like it or not!

Several visiting families helped our attendance a little on Sunday. Two couples from the Norfolk area were in the morning worship service. Our house guests, the Wayne Dawkins family from Graham (the home church that we left to enter the ministry) have been in the area once before in the five years that we have lived here. They noted so many changes, however, that they didn't know when they got to the community! Things do have a way of changing, don't they?

The Allred "Motel" may have to stretch its walls a little this week as our "family" grows for about a week. On Thursday (20th) we look forward to having Ho Eun Kim and his wife, In Ja, from New Jersey with us for a week-end visit. Plans are being made now to have them share an informal concert with interested friends sometime during their stay. This will be our first meeting with In Ja and the first time that we have seen Kim in about seven years. We believe that all the Edenton folks would enjoy meeting and knowing this delightfully talented couple.

Barbara and her family will also be coming in for our "family" reunion on Thursday evening and we hope that David and Ruth will be able to come for at least an overnight visit in between setting up their trailer home in Wake Forest and getting ready to start classes there at Southeastern.

On next Sunday evening, August 23rd, Jimmy will bring the message during the worship hour and tell of some of his experiences as a summer missionary in North Dakota. We also hope to be able to have the Kim's visiting or to play the Korean hymn and organ during the service at that time.

Tonight (Thursday evening) the Brotherhood will be having its annual family picnic at Willie Bush's cottage on the Chowan River at 6 o'clock. This is an event that the whole church family always anticipates and we are sure it will be well attended and there will be good things in abundance!

This coming Tuesday evening, August 25th, all the Juniors of Rocky Hock are invited to a home-made ice cream supper at the Rocky Hock Community Building. This is a Junior Training Union event, and we are inviting members, prospects and all those Juniors who should be a part of this group. We will also be registering Juniors for the fall program of Junior Choir at this time and urge all interested Juniors to remember this important time.

Don't forget to bring your good used summer clothing (clean) to the church this next week if at all possible, to send to the Sidas family to use in the ministry of the Baptist work on the island of Antigua. This is a missions project that should involve the whole church family!

Don't forget the prayer services on the Wednesday evenings between now and revival. Pray daily and come together as a church family at this special time.

Edenton Directory Now Being Planned

A new Edenton city directory for 1965 is now in the process of being prepared by Wing Publications, Inc., of Columbia, S. C., according to James M. Robinson, executive vice president of the Chamber of Commerce.

Harry C. Stone, the editor, expects to remain in Edenton to supervise the sales and census taking operations.

The directory will contain an article on the town, a classified business section, a listing of all residents, a street guide and a cross reference telephone listing. Census taking is expected to begin next week and local people who desire temporary work are invited to apply by mail to Wing Publications, Inc., general delivery, Edenton.

Schools In Edenton Open September 2

Continued from Page 1, Section 1
 A total of 21 Negroes have been registered to enter the white schools this year. Of this number five are expected to enroll in the elementary school and 16 in the John A. Holmes High School.

A full complement of teachers has been employed for the school year, with all vacancies filled. New teachers filling vacancies due to resignation and retirement include Mrs. Frances Hollowell, mathematics; Rittie Jean Biggs of Williamston, English and social studies; Mrs. Irene Patten, public school music; Mrs. Maryann Bunch, first grade; and Mrs. Loretta B. Roberson, third grade.

Replacements in the D. F. Walker school include the principal's secretary, Connie Best; Betty Jean Brown, fifth grade; George Hood, 8th grade; Wilbur G. Pierce, 11th grade; Sylvia Heath, English. Three additional teachers have been granted Walker School by the State. They include Rice DeLoatch, vocational education, 9th grade; Linwood Lewis, vocational training, 10th grade; and Louis Belfield, Math and Science.

DOUBLE FUN—Mingled with the roar of a roller coaster ride were the screams of twins getting double enjoyment on a day's outing in Coney Island, N.Y. The ride was part of the festivities at the amusement park's annual "Twin Day."

Saint Joan At St. Paul's Wednesday

Continued from Page 1, Section 1
 ty by faith and inspiration to overcome the separateness that divides our world.

Playing the coveted role of Saint Joan will be Renee Rozan. The several roles of the men who completed Joan's history will be skillfully and deftly enacted by Paul Caruso and Clifton Scott.

The Bishop's Company was founded by Phyllis Beardsley Boker in 1952, and is in its 12th year of bringing fine drama into the houses of worship in America and Canada. It has appeared in over 6,000 houses of worship and has a touring record of nearly a million miles.

Seat reservations may be made Monday through Friday from 9 A. M. to 12 o'clock noon, by calling the parish office, 482-3522.

More Quality Readers At Edenton Library

Many students have read three or four books suitable for book reports at the Shepard-Pruden Memorial Library. It is the policy to mention their names only once during the summer but if any are among those who have read more than one "quality" book this summer, he or she is to be congratulated. So far there are sixty-five on the list and more will be added the last week before school starts.

Names added this week are: Sandra Bunch, Nancy O'Neal, Nancy Jordan, David Ward, Winborne Blanchard, Joe Conger and Carolyn Griffin.

New Junior Books
 Season of Ponies by Zilpha Keatley Snyder.
 The Question of a Dragon by Edgar Parker.
 To Catch a Mongoose by Barbara Ritchie.

Quacko and the Elps.

20 YEARS AGO

Continued from Page 1, Section 1
 Hicks Field when 20 Coast Guard dogs staged a drill and went through the act of attacking a man.

Freddie Byrum, son of Mr. and Mrs. J. Rodney Byrum, fell from his bicycle and broke his left arm at the elbow.

Reginald B. Rayper was added to the Edenton Police Department to succeed Joseph Northcott, who resigned.

Thirty-six colored men from Chowan County were sent to Fort Bragg for their pre-induction physical examinations.

Cotton prices advanced steadily during the week with middling 15-16 inch cotton averaging 21.42 cents per pound.

The office of Price Administration in Raleigh was investigating reports that A-II gasoline coupons had been extensively counterfeited.

According to an Associated Press story, Lieut. Charles H. Wood, Jr., of Edenton had been cited for his part in sinking a 2,000-ton Japanese cargo vessel near Saipan. Mr. Wood was flying an Avenger torpedo bomber which was equipped with only depth charges for use against submarines. Unexpectedly sighting the Jap ship, Wood dropped depth charges which landed so near the enemy vessel that it was damaged to such extent that its speed was considerably reduced and went out of control. Wood and his pilot continued to strafe the Jap vessel at the waterline until another Avenger equipped with bombs arrived. A hit was made which blew off the bow and the damaged vessel rolled over and was subsequently sunk by destroyers which rushed to the scene and picked up 112 survivors.

CHRISTIAN SCIENCE

"Mind" will be the subject this Sunday in the last of a series of Bible Lessons on names belonging to God, being presented at all Christian Science churches.

"He that formeth the mountains, and createth the wind, and declareth unto man what is his thought, that maketh the morning darkness, and treadeth upon the high places of the earth, The Lord, The God of hosts, is his name" (Amos 4) will be included in the Bible readings.

To be heard also is this statement from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (p. 256): "Infinite Mind is the creator, and creation is the infinite image or idea emanating from this Mind. If Mind is within and without all things, then all is Mind; and this definition is scientific."

Whatever we conceive well we express clearly and words flow with ease. —Boileau.
