

Around The Farms In Chowan County

By C. W. OVERMAN, Chowan County Agent

Quality Concrete Meeting: On Thursday night of this week, December 9, 7:30 o'clock, at the Center Hill Community Building, we will hold a school on making quality concrete and concrete uses. We will have concrete experts to give you the illustrated schooling. This event is being held for the purpose of helping farmers, builders, and any others who are interested in learning more about the proper use of concrete.

1965 Preliminary Peanut Yields: Based on the 63% of the marketing cards that have been turned in at the ASCS office, our average yield of peanuts is 2,774 pounds per acre. This is a nice increase over the 2,447 pounds in 1964 and 2,475 in 1963.

This excellent peanut crop can be attributed to two things. We were given an excellent growing season for which we should be very thankful. Then, most of our peanut growers followed good peanut production practices. We have had good peanut growing seasons before but not nearly as many growers followed good production practices.

Now is the time for growers to take a look at their 1965 peanut yield. If the yield was good and you followed good practices, then continue. If the yield was average or less, a close look should be made to determine why.

Now is an excellent time to take soil samples and put out needed lime. Also it is an excellent time to take soil samples for nematode assay. If our growers who are making below average peanut yields can come up to our 1965 average, then our average should move up to 3,000 pounds per acre and this is not unreasonable.

Soil Testing: We are being successful in sending in

soil samples to Raleigh each week. This is saving postage. I urge all farmers to take soil samples in not only on land to go into peanuts but also corn, soybeans, vegetables, and other crops where a soil test hasn't been taken in the last two years. We have a plenty of soil sampling containers and information sheets but they won't do a bit of good unless they are used.

1965 4-H Corn Contest: The 1965 4-H Corn Production Contest, sponsored by the Edenton Lions Club, was climaxed on Monday night by a very fine dinner meeting held for the 4-H participants and their dads. This marks the 21st or 22nd year that the Lions Club has sponsored this contest.

This year twelve 4-H Club members competed in the contest. The contestants are divided into three age groups for competition: ages 10-12, ages 13-14, and ages 15 and above. In the youngest age group Eugene Jordan, Jr., had the top yield of 133 bushels per acre, Jimmy Evans had 110 bushels, and Jerry Castelleo had 100 bushels. In the middle age group Rodney Jordan had the top yield of 186.6 bushels, Bill Monds had 156 bushels, and Tommy Castelleo had 100 bushels. In the older age group Glenn Bunch, Jr., led with a yield of 156.8 bushels, Tommy Brabble had 120 bushels, Gary Jordan had 108 bushels, Don Evans had 107 bushels, Tommy Forehand 100 bushels, and Allen Bunch 76 bushels.

The average yield per acre for these projects was 121.5 bushels per acre. This is the highest yield that has been made in the contest. In 1960 the average yield was 118.5 bushels per acre which was the second highest. In 1964 due to drought conditions the average yield was 103 bushels.

Youth Grid Team Is Undefeated

The seventh and eighth grade football team at John A. Holmes High School was undefeated in five games played during the past season.

Coach Bill Bunch guided the Baby Aces to one of the most successful seasons on record.

Glenn Leary, Earl Chesson, and Mac Washington were tri-captains of the squad.

Plymouth was the first victim as the local boys rolled to a 33-19 victory. Next came Williamston in a game that saw the local lads post a 20-19 victory.

The second encounter with Plymouth resulted in the Edenton team walking off with a 21-7 victory. Scotland Neck fell 25-13 while the season was rounded out with a 20-6 win over Ahsokie.

Those making up the team included Ted Bass, Tom Shepard, J. M. Parrish, C. Y. Parrish, Richard Britt, Cam Byrum, Mike Covington, Bud Holmes, Robert Smith, Elliott Harrell and Buddy Boyce.

Also Terry Jordan, Woodson Furlough, Frank Nicpraschk, Johnny Barrow, Dossey Pruden, Dillard Dixon, Jimmie Overton, Martin Parker, Ferrell Pavlich, Reggie Griffin, Terry Pike, Arnold Belch, Bill Lewis, Steve

NOTICE OF SPECIAL PRIMARY ELECTION

To Be Held On

Saturday, December 18, 1965

In the

First Congressional District Of North Carolina

NOTICE IS HEREBY GIVEN TO THE QUALIFIED VOTERS OF CHOWAN COUNTY that Governor Dan K. Moore, by Proclamation dated November 18, 1965, has called a special primary election for the purpose of nominating candidates to be voted on to fill the unexpired term of Congressman Herbert C. Bonner on

SATURDAY, DECEMBER 18, 1965

WHEREAS, The Honorable Herbert C. Bonner, Representative in Congress from the First Congressional District in the State of North Carolina, has died, leaving a vacancy in said office, said death having occurred after the last election and before the term to which he was elected had expired; and said death having occurred more than eight months prior to the General Election to be held on November 5th, 1966, and

WHEREAS, Section 163-105 of the General Statutes of North Carolina requires a Special Primary Election to be held within said District for the purpose of nominating a candidate of the several political parties as Representative in Congress, which Special Primary Election is required to be called by the Governor at a date set by him, and

WHEREAS, Section 163-105 of the General Statutes of North Carolina also requires a Special Election to be called by the Governor within said District for the purpose of electing a Representative to Congress to fill the unexpired term of the Honorable Herbert C. Bonner, and

WHEREAS, Section 163-105 of the General Statutes of North Carolina requires the Governor to set a closing date for candidates to file notices of candidacy with the State Board of Elections in his call for the Special Primary and Special Election,

NOW, THEREFORE, in compliance with the provisions of Section 163-105 of the General Statutes of North Carolina, I, Dan K. Moore, Governor, do hereby issue this Writ of Election and Proclamation and order, require and command that a Special Primary Election be held in all of the counties of the First Congressional District, and in all the precincts thereof, on the eighteenth day of December, 1965; and that, in the event of the necessity for a Second Special Primary to be held in said District for the nomination of a party candidate for said office, the same shall be held on Saturday, January 15, 1966; and I hereby set twelve o'clock Noon on the twenty-ninth day of November, 1965, as the expiration of the filing date in which candidates for the office of Representative in Congress for the First Congressional District for the unexpired term of the late Herbert C. Bonner may file their notices of candidacy with the State Board of Elections.

In further compliance with the provisions of Section 163-105 of the General Statutes of North Carolina, I, Dan K. Moore, Governor of North Carolina, do hereby issue this my Proclamation, and require that the qualified voters of the said First Congressional District comprising the counties of Beaufort, Bertie, Camden, Chowan, Currituck, Dare, Gates, Hertford, Hyde, Martin, Pasquotank, Perquimans, Pitt, Tyrrell, and Washington shall meet in the different townships in their respective counties, and the various precincts thereof, and at the places established by law, on the dates herein appointed for the holding of a Special Primary Election and a Special Second Primary Election, if one is necessary, and a Special Election and then and there to vote for the Representative in Congress to fill said vacancy for the unexpired term of the Honorable Herbert C. Bonner.

Dated this 18th day of November, 1965.

West W. Roper
Chairman, County Board of Elections.

More people buy Chevrolets? **Yes!**

Than any other make car? **Yes!**

Any other? **Yes!**

There must be reasons. **Sure!**

Name ten. **OK:**

1. All these comforts are available: steering wheels that tilt or fold and telescope; AM/FM Multiplex Stereo radio, first ever offered in cars; and Strato-bucket seats (to give you just a sampling).
2. Comforton automatic heating and cooling you can order—Just dial the temperature and turn it on; Comforton automatically keeps you comfortable no matter what the weather outside.
3. More engine choices—the widest horsepower range available: the 425-hp Turbo-Jet V8 in Chevrolet and Corvette to a 90-hp Four in Chevy II.
4. Body by Fisher—Craftsmanship by the world's best known coachmakers with everything from luxurious interiors to the long-lasting Magic-Mirror acrylic lacquer finish.
5. Self-cleaning rocker panels flush out salt and other corrosives with rainwater, dry themselves with outside air—another way Chevrolet takes extra care, so you needn't bother.

6. A hushed and gentled ride with body mounts designed to isolate vibration better and shock absorbers matched to body style—coupe, sedan, convertible, wagon.
7. America's only rear-engined car, Corvair, with more weight over the driving wheels where you need it and less on the steering wheels where you don't.
8. America's only true sports car, Corvette, with fully independent suspension, four-wheel disc brakes and engines you can order up to 427 cubic inches.
9. Higher resale value—Chevrolets traditionally are worth more at trade-in time because more people want Chevrolets... new or used.
10. All these safety features standard now: seat belts, front and rear; padded dash and sun visors; outside mirror (use it always before passing); shatter-resistant inside mirror; 2-speed electric windshield wipers for better visibility in a downpour; windshield washers; back-up lights.

Leadership...the Chevrolet Way.
