

World Day Of Prayer Scheduled Here Friday

Church members in Edenton will join their counterparts across the nation and around the world Friday in the annual observance of World Day of Prayer. Mrs. George B. Holmes, chairman of the local World Day of Prayer Committee, has invited all interested persons in the Edenton area to attend this special service in the Edenton Presbyterian Church at 4 P. M.

Mrs. R. Elton Forehand, Jr., will present the meditation on the theme, "Ye Are My Witnesses."

Other participants in the service tomorrow will include: Mrs. Chester Stevens, Mrs. L. H. Haskett, Mrs. Archie Walker, Mrs. John Lavezzo, Mrs. Jack

Habit, Mrs. Alton Elmore, Mrs. Joe Thorud, Mrs. Bruce Jones, Mrs. E. C. Alexander, Mrs. John H. Woolard, Mrs. George B. Holmes, Mrs. W. C. Moore, Mrs. J. D. Barnhill, Mrs. John M. Bond, Mrs. L. F. Amburn, Jr., Mrs. W. H. Hollowell, Jr., and Mrs. E. C. Shoaf.

"Observed each year on the first Friday in Lent, World Day of Prayer is truly world-wide in character," Mrs. Holmes said. The same order of service, translated into many different languages, is used in all parts of the globe. This provides a unique opportunity for a deep experience of Christian unity in prayer with Christians all over the world.

She pointed out that each year's order of service is designed by an individual or committee in a different country. The 1966 service, being used in 125 countries is based on the international theme: "Ye Are My Witnesses" and was prepared by women of the World Day of Prayer Committee in Scotland.

A project of this year's observance in Edenton is the furnishing of fabric parcels for the 200,000 Vietnamese who have become refugees due to military activity. Most fled their homes with few or no possessions and are now in dire need of clothing.

Donors are asked to assemble the following items, wrapped together, in each gift parcel: Four yards of white cotton cloth; four yards of black cotton cloth; five yards of printed cotton cloth; sewing needles, and suitable thread.

Mrs. Holmes says that these parcels may be delivered to the World Day of Prayer service tomorrow at the Presbyterian Church or left at St. Paul's Episcopal Parish House anytime before March 15.

"This year's service stresses the idea that ordinary church members can change the world by their daily actions," Mrs. Holmes said. "It also reflects the ancient traditions of the Scottish Church."

"For 80 years this unique day of prayer for peace and brotherhood has united women across personal, national and racial barriers in a solemn act of rededication to their common mission throughout the world," she said.

NO SURPRISE — There is no basis for an element of surprise in the decision to chuck North Carolina's congressional redistricting plan. The very legislators who approved the measure only weeks ago, knew at the time it wouldn't pass the test.

The three-judge panel did allow elections in May in the new Congressional districts. Due to the late hour, it would have been a physical impossibility—and a costly undertaking—to have a third session in a matter of months to deal with the question.

When the solons gather in Raleigh in early 1967 they will be under court orders to get the congressional districts in line.

Unless the majority of our representatives take a more serious approach to the redistricting than was evident this year, a lot of valuable time could be spent on the issue.

The debate of the name change of one branch of the Consolidated University of North Carolina consumed much of two sessions. Now the congressional redistricting looms as another question that could hamper the legislature from passing on more important items of business.

Therefore, since the court has spoken the redistricting question should be tackled once more. And it shouldn't take a week to do the job.

Matthews Plans Roads Meeting

State Highway Commissioner Don Matthews of Hamilton will be in Edenton March 21 to meet with Chowan County commissioners. At this time they will discuss secondary road improvements.

Chairman W. E. Bond said the commissioners will meet with highway officials in the court house at 10 A. M. Included in the people to attend will be D. M. Patrick, district highway engineer.

Chairman Bond said anyone in the county wishing to have a secondary road improved should make application with the board prior to the regular monthly meeting on March 7. This will allow commissioners ample time to get the request to the district office.
