County Budget Gets Approval; Commissioners Slash Tax Rate

Chowan County commissioners Monday approved a record high budget for fiscal 1966-67 while cutting the tax rate.

The budget amounts to \$741,683.71.

The tax rate is \$1.55 per \$100 valuation. An additional five cents was levied for fire protection for those residing outside the Town of

This amounts to a three cent reduction in taxes for citizens of Edenton and a six cent decline for others. The 1965-66 rate was \$1.58 in Edenton, plus eight cents for those living outside.

Commissioners appeared extremely pleased with the increase in property valuation which brought about the tax cut, although the budget is higher than this year.

Chairman W. E. Bond said there was a good increase in valuation due to changes in land classifications and new construction. He said while the actual valuation is about \$27,300,000,

the levy will be on \$26,000,000, or \$2 million more than this year.

Chowan County has 37 employes on the monthly payroll and they are paid \$7,172.33. Of the 1966-67 budget, \$338,683.71 is anticipated from sources other than ad valorem tax-

es. The bulk of this comes from surpluses, ABC income and state and federal funds. While the budget is based on an estimated

levy of \$403,000, the 1965 levy amounted to \$433,193.41.

The 1965-66 budget was \$693,364.27, or \$48,-319.44 less than the new one, and anticipated funds were \$314.164.27.

Mrs. Pansy Elliott, county accountant, said a breakdown of the \$1.55 tax rate showed:

Bonds, 14 cents; charity, four cents; health, seven cents; schools, 84 cents; welfare, 10 cents; capital improvements, four cents; revaluation, two cents; agriculture and economics, seven cents; civil defense, one and one-half cents; accountant, one and one-half cents; and general fund, 20 cents.

Chowan County schools have a budget of \$70,259.51 while the Edenton city administrative unit has a budget of \$189,190.55. The new budgets include supplements for every teacher in the two school systems.

The welfare budget amounts to \$240,820.53 but the commissioners anticipate \$209,820.53 from state and federal funds.

A five cent decline in the levy for bonds allowed the commissioners to include the four cents for capital improvements, which is a new item in the budget. Previously the accountant's office budget has been in the general fund, which is limited to a maximum of 20 cents of

The commissioners also received a report from Glenn Perry, jailer, which showed 44 persons confined for from one to 31 days at a cost of

The board agreed to postpone their regular July meeting from Monday until Wednesday due to the fact that the first Monday falls on a legal holiday.

PLEASED COUNCILMEN-Two of Edenton's Town Councilmen who are exceptionally pleased with plans for a new fire station are shown conferring on the grounds at the corner of North Broad Street and Park Avenue. Luther C. Parks, left, chairman of the finance committee and an active volunteer fireman, goes over some figures with J. D. Elliott, fire station building committee chairman. Edenton Construction Company has begun work on the structure which will cost \$85,000.

Lions Post To Hollowell

WINSTON-SALEM - W. Herbert Hollowell of Edenton Tuesday was elected governor of District 31-J, Lions International.

Hollowell, a member of Edenton Lions Club for 19 years, defeated Bob Hollar of Wilson for the district's top office. The conventions of Lions Club members from across North Carolina

was held at Robert E. Lee Hotel. The election of Hollowell ended more than seven months of extensive campaigning. Over the past months the candidate has carried his campaign to every club in the spacious district, and meant more than one

visit to some of them. It was on Hollowell that Edenton Lions Club pinned their hopes for their first native son district governor in the club's 29 year history. And he carried them to victory the first time they sought the top office for an Edentonian.

A host of local club members were at the convention to secure votes for Hollowell in the hotly contested race.

Hollowell, a pharmacist, is a native of Chowan County. He is a graduate of Edenton High School and the University of North Carolina at Chapel Hill. He has been president of Hollowell's Drug Hospital. He was 60. Store in Edenton since 1957.
