full time by the VA? A.—The law requires a minimum of 14 semester hours of undergraduate work during the regular semester in order for a veteran to qualify for full time educational assistance

allowance. Q.—Will the Veterans Administration pay for a correspondence course taken concurrently with a residence course?

A.-The VA cannot authorize payment for a correspondence course while payments for a residence course are being made.

Q.-A veteran has been suspended for a semester because of low grades. What action should be taken in order to receive further training?

A.—He should request a counseling appointment with a VA counselor. Before additional educational allowances can be authorized, the counselor must agree to re-entry into the former program or a new program.

Q.-A veteran has had one change of program when he changed from college to a vocational school. He wants to make a second change. Is this permissible?
