Acreage Certification
Acreage reports have been reported on 543 farms as of 12 o'clock on

Griffin Attends ECC Workshop

GREENVILLE — Forty-four teachers, nurses, social workers and students from 17 North Carolina counties and the states of South Carolina and Virginia enrolled in the 1967 "Alcoholism In Health Education" workshop at East Carolina College.

The program was designed to give participants an objective and constructive approach to the problems of alcohol.

Enrollees studied sociological, psychological and physiological problems of the use or misuse of beverage alcohol.

Among those attending the workshop was John Griffin, 105 Morris Circle, Edenton, who teaches at Camp Lejeune High School.

Death Claims

Mrs. Edwards

Mrs. Addie Smith Edwards, 31, of Chesapeake, Va., died June 14 at Maryview Hospital after an extended illness.

A native of Chowan County, she was the daughter of the late William and Minnie Smith. Her marriage was to James Bobby Edwards, who survives.

Also surviving are two sons, James Earl and Thomas Paul Edwards, both of the home; two brothers, Hubert L. and Johnnie T. Smith, both of Richmond, Va., and four sisters, Mrs. Decie Lowe of Portsmouth, Va., Mrs. Joyce Lee of Gatesville and Mrs. Miley Barrow and Mrs. Hazel Bass, both of Edenton.

Mrs. Edwards was a member of Broad Street Methodist Church in Portsmouth.

Funeral services were held at 4 P. M. Saturday at First Christian Church with Rev. E. C. Alexander in charge. Burial was in Beaver Hill Cemetery.

Willford Funeral Home was in charge of arrangements.

Monday, June 19. There are still 109 farms that need to certify to the planted acreage. Farms will not be visited as in the past - only 25 per cent of the farms in the county will be visited for compliance purposes. If you have a neighbor that has not certified, remind him to come in the ASCS office and sign his acreage report. Failure to certify applicable acreages by the deadline date June 30 will result in a loss of program benefits and payments.

Final Payments

We hope to be able to pay off all cotton and feed grain participants by the middle of July this year. All payments will be computed in the New Orleans Commodity Office and sent to the county office for delivery. This will eliminate farmers having to come to the county office for their checks.

Bin and Dryer Loans

Now is the time for all farmers to take inventory of their storage facilities to see if they are adequate to take care of their grain and soybean crop. If not they should investigate the possibilities of purchasing new storage facilities and drying equipment. ASCS stands ready to help in this undertaking by offering to lend up to 85 per cent of the out-of-pocket cost of such equipment. The loan on the bin is repayable in 4 equal installments over a period of five years, with an interest rate of 4 per cent. The interest on the dryer loan is also 4 per cent. This loan is repayable in 3 annual installments over a period of 3 years. Interested farmers are encouraged to visit or call the ASCS office for complete details.

The USDA on June 13 announced the schedule of loan rates by grades for the 1967 crop of flue-cured tobacco. Loan rates range from 27 cents to 89 cents per pound, and reflect the average support price level of 59.9 cents per pound. This support level represents an increase of about 2 per cent over the 1966 crop national average support level.

Reminders

Final date to file for a new farm wheat allotment is June 30. Report cotton failure and receive approval before disposing of cotton.

Business Associate Wanted

If you have management or sales ability, to share in a very fast growing business opportunity in the Northeastern N. C. area, you can earn a substantial five-figure income and be your own boss.

This business involves providing services small businessmen want and need. If you have management or sales ability, you do not need experience in this field because all technical aspects of the service are furnished by a national organization headquartered in Washington, D. C. You also receive thorough and expense-free training in Washington, D. C., plus field training. An investment of \$3,000 is required. For full information, write or call:

SILAS FLETCHER

Phone 357-2089, Gatesville, N. C.

his business philosophy is a lot like ours

He buys direct, eliminating in between costs.

He watches his operating expenses.

He sells a quality product... Ann Page Cheeri-Aid

He guarantees satisfaction.

He can because we completely guarantee the Cheeri-Aid.

He sells at a fair price and makes a profit in pennies.

Young businessmen like this could be our competitors some day.

After all, we started with just one product more than a century ago.

Here's an important tip to all young businessmen.

You must care...

about the products you sell... the people you serve.

We always have and still do.
