THURSDAY, NOVEMBER 23, 1967

A LIFT FOR TODAY

I will meditate in they precepts.—Psalm 119:15.

Study of the Holy Bible, which reveals God's infinite love and mercy, is impera-tive to spiritual progress and life enrichment.

May our hearts be filled to the brim with holy joy through communion with Thee by reading Thy Word, we pray, our Father.

Poverty Weaponry

It has been calculated that on an average in the United States, it takes about \$20,000 invested capital to provide one job. That investment takes the form of land, buildings, equipment, and tools. The \$20,000 per job figure indicates that something in the neighborhood of oneand-a-half-trillion dollars has been invested in the 75-million jobs in this country. This total investment represents the savings of millions of our citizens, from the widow's mite to the tycoon's millions.

It would seem to an unbiased observer that the nation has beenu making a pretty relentless war on poverty throughout the 178 years since our Constitution ratified the private enterprise system. Starting with less than 4 million people bunched along the Atlantic seaboard, our population has spread across a completely undeveloped country to the Pacific. Meanwhile, the population has increased to 200 million, enjoying the highest standard of living, and less poverty, than exists anywhere in the world. The reality of the situation is that even the poorest among us are more fortunate than a majority of the rest of the world's peoples.

This is not to say that something shouldn't be done about the povertystricken among us. But it is to point out that what is taxed from the "haves", to give to the "have-nots", as the President expressed it, will not be available as savings to be invested in the land, buildings and tools which provide jobs.

Small business bankruptcies are increasing at an alarming rate. A typical case in point is one reported recently by a CPA who liquidated a bankrupt business and found that "if the business had been able to retail what it paid over a 20-year period in increases in state and city taxes, and for outside accounting

SHRINERS SUPPORT HCSPITALS—Chowan County Shriners Tuesday night played host to the potentate of Sudan Temple and turned over proceeds from last month's fish fry to be used in Crippled Children's Hospitals operated by the Shrine. Arthur T. Moore of Fayetteville, left, spoke briefly about the work of Shriners with crippled child-ren prior to accepting a check for more than \$500 from W. M. ((Dusty) Rhoades, one of the local Shriners. There is no organized Shrine Club in Chowan County but the approximately 20 Shriners here had a successful fish fry on October 14. Formation of a club is being discussed.

Neipraschk converted.

"By Buff" ed up by Wallace who one time took a lateral from Quinton Goodwin, who had Chowan County Shriners enjoyed a fish just taken a short pass from Katkaveck, fry Tuesday night in the Scottish Rite Club and went into the end zone unmolested. home on Granville Street. A lot of the Neipraschk again booted the extra point. "brass" from Sudan Temple attended the meeting and to say the least those fellows like fish just like the boys around here. The final Edenton TD came on a 71yard drive that took 14 plays. Parker

Heard & Seen

It seems like old times again in Edenton with Edenton Aces having their winning And what makes it all the more ways. satisfying is the fact that at the start of the season the prospects appeared very slim to win half of the conference games let alone going through the season with a perfect conference record. And to add to their laurels, the Aces tripped Camp Lejeune for district honors and are now scheduled to meet Clayton at Greenville Friday night for the regional championship. It all goes to show what can be accomplished by team effort—every boy doing his part from end to end. Coach Marion Kirby and every one of the Aces deserve a lot of credit for this year's record and here's one who is wishing them another victory Friday night in Greenville.

It now appears that the North Carolina Natural Gas Corporation is planning to install a natural gas line in Edenton. But in commenting on the proposal, I heard one fellow say we have enough "gas" in Eden-ton already. Of course, he was not talk-ing about the same kind of "gas."

For those who didn't get to see the play "Harvey," presented by local talent in the John A. Holmes High School auditorium Thursday or Saturday nights, they really missed a treat. And I use that word "talent" ' advisedly, for every one of the characters, in my humble opinion, performed just about like professionals. Many times in a play one or two performers sort of stole the show, but in this one every single person was just about perfect, so that if I were a theatrical critic, I'd say the play was just about the best the Little Theater players have presented. And just so all will know who took part in the play, here they are listed: Iris Etheridge, Jill Crandall, Doris Parrish, Dr. Richard Hardin, Jean Peele, Frank Palumbo, Dewey Mills, Joe Conge, Jr., Jane Holmes, Haughton Ehringhaus and Pat Flanagan. John Becker was the producer-director and, of course, there were those behind the scenes who also did a bangup job in helping to make the play such a wonderful success so that all who attended felt that they got their money's worth.

Thanksgiving Is Observed In Area

Edenton and Chowan County residents will join others throughout the country Thursday for the national observance of Thanksgiving.

Thursday will find most establishments

in Edenton closed for the holiday. Churches, however, will have special Thanksgiving services. At 9 A. M., Thursday, the service will

be held at St. Ann's Catholic Church

with Father Joseph J. Lash in charge. Ten o'clock services will be held at Edenton Baptist Church and Edenton Methodist Church.

Dr. George Bond, an Edenton native, will be guest speaker at the Baptist Church.

The Public Parade

Continued from Page 1

along the curb.

People come by the thousands to enjoy our community. They are impressed with our stately, beautiful homes. But if they come anytime except during the Pilgrimage, they will be welcomed by unsightly garbage containers. In rare instances this will be a can. The more affluent will have them in a fancy cart. And if they get there before the dogs the lids will be intact.

A Municipal Building, Fire Station, etc., was erected in keeping with the community. The budget contains only \$1,000 for beautification.

Homeowners take pride in their property as well as municipal holdings.

A street washer and back-door garbage collection would make Edenton a cleaner and prettier town. This is neither unrealistic or unobtainable.

tfc

Rev. E. C. Shoaf, pastor, will conduct the service at Edenton Methodist. Church.

Thanksgiving Day, morning prayer, and sermon will be conducted at St. Paul's Episcopal Church by Rev. George B. Holmes, rector, Mrs. Thomas K& Pritchard of Elizabeth City will be organist.

Holy Communion will be celebrated at 10:30 A. M., Wednesday with intercessions and special prayers of thanks-giving at St. Paul's. Members of the congregation are requested to bring items of food to the church during the week with a prayer of thanksgiving for all one's blessings. This food will be dis-tributed Thanksgiving Day.

Municipal, county, state, and federal offices will be closed Thursday and no mail delivery will be made. Peoples Bank & Trust Company's

main office and Consumer Credit Branch will be closed as will First National Bank of Eastern North Carolina, Edenton Savings & Loan Association and the Bank of Hobbsville.

CHRISTMAS MUSIC

Centinued from Page 1 P. Earnhardt, Jr., bass. While in Edenton, the Ciompi Quartet will present a student concert at Ernest A. Swain Elementary School. This concert, for students in Edenton-Chowan Schools, will be held at 9 A. M., December 4.

The quartet is composed of Giorgio Ciompi, Julia Mueller and Arlene DiCecco, violinists, and Lucia Di Cecco, cellist.

Their appearance here has been arranged by the Chowan Arts Council, Edenton Division of the Albemarle. Choral Society and a Foundation subsidy.

services in preparing necessary city, state and federal tax returns" it would still be in business and 23 people would still be employed.

Note that the accountant did not mention what was paid in Federal taxes.

It comes to mind also that not long ago it was calculated that "featherbedding", in just two of our major industries, railroads and steel, was costing \$400 million annually. That amount of money would create a lot of jobs.

So would that \$114 billion in "foreign aid" which we have scattered abroad.

Government can give to some only what it takes from others. If Government takes from others. If Government takes the \$20,000 which would otherwise go into creating a new job, then it is defeating a tried and proved method of overcoming poverty in our land.

More Noise Than Substance

If you do something bad, everybody always knows about it. But, you could go to church every Sunday of your life, take home stray kittens and help old ladies across the street forever and never find yourself a celebrity. The younger generation and most particularly the older teen-age section of it are in this position. The lunatic fringe, the socalled "hippies," the LSD trippers and the troublemakers get all the publicity. Every adult should remember that this minority of the younger generation is not indicative of the ambition, intelligence or solid accomplishment of the vast majori-

ty of young people. As a publisher, Mr. Don Robinson of The American Press observes, it might help if publications, "... would tell more about some of the outstanding achievements of young people and stop encouraging the mentally unbalanced by giving them all the limelight."

The business of developing one's personality is more important than that of regulating others.

Death takes no holidays-so watch ur driving at all times, especially dur-

So far as fog is concerned, England had nothing on this neck of the woods Tuesday night and Wednesday morning. Rick Allsbrook was kind enough to drive the Missus to the airport in Norfolk to meet her daughter-in-law and granddaughter, who flew over from London, and so thick was the fog that it took 'em about four hours to drive from Norfolk to Edenton. And just the same, here's one who would not have ventured out in the sound Wednesday morning-fish or no fish. In fact, I had sort of a hard time finding The Herald office, so that I arrived a few minutes late.

Leroy Haskett is a busy fellow these days getting up with local Masons to get contributions for the Oxford Orphanage and the Masonic and Eastern Star Home for old people at Greensboro. Leroy heads a committee, together with Kermit Layton and Murray Baker, all of whom want to send in a report of local contributions by December 1. Of course, any one of this trio will take contributions after December 1. but they'd like to have a committee amount trio will take contributions after December 1, but they'd like to have a complete report before December 1. Some of the boys may have mislaid their letter from the commit-tee, so fork up, boys, so that Unanimity Lodge will be able to make a creditable contribution toward these most worthy
