

Mrs. Lavezzo Is New President Of Auxiliary Fisheries Group Shopping With You In Mind

Mrs. John J. Lavezzo, Jr., Monday morning was installed as president of Chowan Hospital Auxiliary.

During the annual installation meeting at the Parish House of St. Paul's Episcopal Church, the following were elected to serve with Mrs. Lavezzo: Mrs. Warren Twiddy, vice president; Mrs. J. D. Elliott, secretary, and Mrs. David Wright, treasurer.

A highlight of the meeting was the annual report, submitted by Mrs. John A. Trexler, who was president for two years.

Following is the text of this report:

This has been a very busy and successful year for the Chowan Hospital Auxiliary. We concluded a successful membership drive headed by Mrs. Jack Leary and continued the health careers at John A. Holmes High School and the students are very anxious to stay active but need leaders.

We purchased a nasal oxygen set and on an electrical agitator we hired Leary Plant Farm to spray the trees and plants three times a year, fertilize and prune when necessary for the sum of \$135 per year.

We worked with Dr. David Wright and the local Health Department in conducting our first and highly successful measles clinic. This was on a Sunday in February.

The Auxiliary decorated a lovely window during the Woman's Club Pilgrimage in April which was enjoyed by the "hordes" of "pilgrims" and townspeople alike. As chairman of that pilgrimage, I thank you. The display was early 18th century medical relics.

Subscriptions to the Virginia-Pilot was continued at a cost of \$65. They are delivered for the patients at the hospital.

Flowers have been placed in the hospital and convalescent home every week by different organizations in the city and county and headed by Mrs. Thomas Ward.

We voted to buy medical books again this year for the doctors' library in the neighborhood of \$150.

The scholarship program is very successful with two girls now in school. The scholarship is \$200 annually but we used some that had been returned to us. The scholarship was

presented by Mrs. R. J. Boyce (Trexler) to Miss Barbara Adams, Miss Ann Jordan and Miss Cynthia Jernigan.

All sewing has been kept up and plastic bibs and pillows made for the convalescent home. These were done by Mrs. George Alma Byrum, Mrs. Joe Conger, Sr., and Mrs. Vol Patterson.

Pencil sales were held at elections.

Mrs. Richard Hardin, last year's ball chairman, reported it as being a

smashing success.

The general fund for the year was approximately \$1,760.27 raised through pencil sales, hospital ball and membership drive.

The new hospital administrator, Mr. Surratt, was a guest at our December meeting and we offered rides to voting places for the December 21st bond issue, which passed.

I thank you for the opportunity of serving this Auxiliary and wish for each of you a happy and healthy New Year.

HOSPITAL AUXILIARY OFFICERS—Mrs. John J. Lavezzo, Jr., seated, is the new president of Chowan Hospital Auxiliary. Talk Scheduled By Journalist

MURFREESBORO — A world-traveler and news correspondent, M. D. Morris, currently teaching writing courses at Cooper Union and Rutgers University, will lecture at Chowan College on Wednesday, January 17, speaking at 8 P. M. in the Columns Building auditorium.

Morris, whose articles have appeared in many newspapers and news-magazines and who has two books—"Okinawa" and "Professional Expression"—in process of being published, has traveled in South America, China, Israel, Greenland, Russia and numerous other nations.

A veteran of World War II, serving as an Army engineer in the Pacific, he has contributed articles to encyclopedias and learned journals.

Educational preparation at the University of Southern California and Cornell University's School of Engineering helped give him a diversified background and Dr. R. Hargus Taylor, Chowan's chaplain, says of Morris, "He speaks easily, but with authority," on a variety of interrelated subjects of interest to thinking listeners who want to understand backgrounds of complex world problems confronting us in our daily lives."

Legion Post Is Recognized

Information received here from Department headquarters of the American Legion in Raleigh indicates that Edward G. Bond Post No. 40 has conducted a highly successful membership drive.

Walter E. Mills, commander of the post, has received a letter from Department Adjutant J. Carroll Wilson reporting that Post No. 40 has exceeded its Legion membership incentive goal for 1968. The Legion adjutant expressed congratulations and thanks to the post leaders and membership workers for their effort.

A statement of high praise for the local post was issued by Robert A. (Bob) Tart of Benson, North Carolina, Department Commander of the American Legion.

Commander Tart said: "The membership of every Legionnaire makes it possible for the American Legion to maintain service for the sick and disabled in hospitals. Memberships make possible all the Legion programs; such as care for needy children, baseball, Boys' State, Boy Scout troops, oratorical contests, community service and all the others. I am proud to congratulate Post No. 40 upon this notable achievement."

Post Commander Mills explained at "68—Can Do Year"—the theme of this year's drive—was to remind all war veterans of their service to their country which makes them eligible to become Legionnaires.

Life is like a school of gladiators, where men live and fight one another.

Meets Jan. 15

On Monday, January 15, the North Carolina Fisheries Association will hold its annual meeting in the Agriculture Building at 7:30 in Washington, N. C.

The featured speaker will be a representative of the regional office of the Bureau of Commercial Fisheries, Jack Brawner, regional coordinator, Seafood Marketing. Also, H. P. Mefford, seafood marketing specialist, Atlanta, Ga., will be present.

The major business item will be the acceptance of 1968 membership applications and election of directors. A slate has been submitted already, but additional nominations may be made from the floor.

The directors conduct the affairs of the association, so it is important that the best slate possible be elected. This year begins the operation of the association under the self-assessment plan approved recently. More memberships are needed to help guide this important period.

Tenderfoot

Stableboy (to the new rider)—Would you like the Texas saddle or the English saddle? New Rider—What's the difference? Stableboy—Well, the Texas saddle has a horn and the English saddle hasn't. New Rider—I take the English saddles. I don't expect to be in heavy traffic.

Whose business is it to help needy peoples?

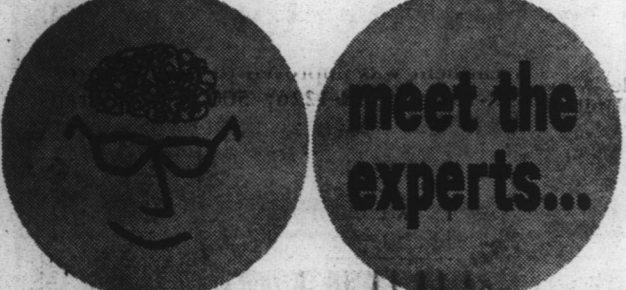

Maybe you feel governments should do everything. Or, that charity should stick close to home. But if everybody waits for governments to act, how will people learn what they can do for themselves? Nor can you draw border lines for human compassion, any more than you can pull America out of the world.

If you still don't want to help, that's your business. But if you believe in helping others less fortunate, that's CARE's business—the work that has made it a universal symbol of American concern.

CARE starts with food. It adds medical attention, educational aid, food production equipment, job tools—the things that develop in hungry people the capacity to feed and otherwise support themselves in the future. Be sure your help is effective. Let CARE bring your personal assistance to those in need. Mail your check.

You may specify Food, Self-Help or Medico programs. In any case, CARE reports how your money was used. Contributions are tax-exempt. Make checks payable to CARE.

Five professional nitpickers criticize the Javelin.

"Javelin is a world apart from the other ponycars in styling, comfort, space and features...the car turned and cornered as if it were nailed to the road...Nearly every interior dimension is larger than its competitors, and three in the full width back seat is a reality...Performance of our test car was just short of surprising...Too few cars have brakes equal to the optional front disc/rear drum power units on the Javelin..." —*Motor Trend, January, 1968*

"BRAND NEW IMAGE BUSTER...transmission responds well to hard active operation and the synchronesh is all but faultless...driving the Javelin is an interesting and satisfying experience...the ability to bring a howl from the rear wheels in any of the lower gears is undeniably exciting...the Javelin has a lot of things going for it..." —*Car Life, December, 1967*

"AN EXCITING NEW SPORTSTER...A real racy-looking car...shows up well on the road-handling course...fun to drive..." —*Popular Science Monthly, September, 1967*

"AN AMERICAN DREAM...seat is surprisingly soft...On long series of tight right—and left hand curves, the quick response, the time it took to go from one steady state to another, was pleasingly impressive...Javelin's brakes were all we could want...optional heavy-duty suspension and wide tread tires really work wonders...you could feel and even control the point at which tire adhesion gave way..." —*Hot Rod Magazine, December, 1967*

"FRONT END OF JAVELIN IS MEAN LOOKING...Fresh, clean lines and a luxurious interior...interior appointments very comfortable and well-laid out...visibility forward is excellent...has a lot more legroom than is generally associated with pony cars..." —*Motorcade, November, 1967*
