High up in the tree the red bird sings
His song of cheer, cheer, cheer,
While far below the tiny wren
Sings his song so loud and clear.
The March wind blows with gusto,
Still, I know that Spring is near.

I know of no more thrilling time of year than Spring, even though March with all her capriciousness seems to make Winter reluctant to go. But it will not be long before the sun shines warm, and the whole outdoors will be our living room. If I were strong enough and could do an effective job of it, I just might get on a "soap box," so to speak and join with many

others in spirit, protesting the Vietnam conflict. I see no reason for the wholesale murdering of the many thousands of our young men. I've been told of many reasons, but none seem good enough to keep continuing what, seems to be, an endless and useless war. Must we wait on a change in government and politics to stop this fighting? Does anyone, now, believe in Brotherly Love?

POWER TO BE OFF IN EDENTON

Electric power will be off Sunday, March 17, 1968 from 5 A. M., until 6:30 A. M., and again Monday, March 18, 1968 from 1 A. M., until 2:30 A. M., in all sections within the city limits of Edenton. All customers of the Town of Edenton on U. S. 17 South, N. C. 32 North, Paradise Road and the Old Hertford Road will also be without electricity during these periods.

The areas that were off on Sunday, March 10, 1968, will not be affected by this outage.

This outage is necessary in order to complete the changes in voltage level of our service from VEPCO and to enable the Town to meet adequately the increasing demands for electricity in all sections served.

The Electric Department wishes to express its gratitude to you, its customers, for the understanding cooperation you have displayed in the past and solicits your continued good will.
