Award Voted J. T. Stevenson

CHAPEL HILL—John T. Stevenson of Elizabeth City, who was named Pharmacist of the year at the 1968 convention of the North Carolina Pharmaceutical Association, will be honored at a dinner to be held at the Holiday Inn in Elizabeth City tonight at 7 o'clock. At that time he will be presented the association's Mortar-and-Pestle Award in recognition of his meritorious achievements in the fields of pharmacy and public health. Stevenson has been a co-owner of the Overman & Stevenson Pharmacy since 1925.
 Stevenson has been an active member of the N. C. Pharmaceutical Association since 1919. He has served on most of the organization's standing committees including a term as president in 1962-63. He is a member of the board of directors of the N. C. Research Foundation, Consolidated Pharmacy Fund, Academy of Pharmacy, Association of Professions, American Pharmaceutical Association and National Association of Retail Drug-gists. He is a member and past president of North-eastern Carolina Pharma-

Veterans Corner

EDITOR'S NOTE: Below are authentic answers by the Veterans Administration to some of the many current questions from former service men and their families. Further information on veterans' benefits may be obtained at any VA office.

Q. I made application for a GI home loan before the new 6.75 per cent interest rate went into effect. However, VA approval of the loan did not come through until after the higher rate became effective. Must I pay the higher rate or does the fact that my application was dated prior to May 7, 1968, entitle me to the previous 6 per cent rate of interest?

A. The 6.75 per cent rate can be charged although the loan application shows a 6 per cent interest rate and was received by the Veterans Administration before the effective

date of the new rate unless a lender made a commitment to lend you the money at 6 per cent.

How Tight?

A dress should be tight enough to show there's a woman inside of it—but loose enough to show that she's a lady.

So True!

Many a man is proud of his father and mother merely because they are the parents of a fine fellow like himself.

To do the job right you could install a heating system, a cooling system, a ventilator, an air filter, and a dehumidifier.

Or simply install an electric heat pump.

It takes a heap of machinery to make a house really comfortable. Unless you have an electric heat pump.
 A heat pump does exactly the same things as heating, cooling, ventilating, humidifying and dehumidifying systems do.
 Except a heat pump takes up less room. And can be controlled with just one thermostat setting.
 By the way, a heat pump usually costs less than all those separate systems.
