## Boy Scout News

Edenton Boy Scout Troop 156 had its regular meeting August 19 at 7 P. M.

Michael Hall, senior patrol leader, called the meeting to order after the opening ceremonies by the Panther Patrol. The minutes of the previous meeting were read and the troop proceeded to talk about the camping trip. After discussion, it was moved and seconded that the Scouts go the weekend of the 24th-25th and to leave at 8 o'clock Saturday morning. Michael Hall adjourned the meeting and the troop went outside to view the project this week—first class cooking. After this, Michael Hall dismissed the Scouts to go home.

Mr. and Mrs. Ralph Smithwick visited Mr. and Mrs. Bob House of Harrellsville Friday afternoon. Mr. and Mrs. Melvin White and son, Billy Martin, and daughter, Peggy, of Baltimore, Md., visited their aunt, Mrs. Maude Foxwell, on Thursday. They were enroute to Fort Bragg to visit their son, Robert, who is finishing his basic training there, after which he will go to Fort Lee for further training and schooling in stock control and accounting.

## News From County ASCS Office

By H. O. WEST  
1969 ASC Committee Elections

Chowan farmers will vote the second week in September to select the ASC community committeemen to serve them for the 1969 committee year. They will take office on October 1, 1968, and will serve through September 30, 1969.

These committeemen are responsible for the administration of the various ASCS programs in their community. The programs include the production adjustment, price support and conservation programs. They also serve as delegates to the county convention for the purpose of electing the county ASC committee.

This year's election will be held by mail. Ballots will be mailed to all eligible voters by September 6. These ballots must be mailed or returned to the ASCS office by September 16. The ballots will be publicly tabulated on September 20.

The farmer committee system of administration of farm programs has been in effect since 1933. From 1933 until 1938, committeemen were appointed by the Secretary of Agriculture. Since 1938, these committeemen have been elected by their fellow farmers.

Farmers with questions pertaining to any phase of the upcoming elections are invited to visit the ASCS office.

## Time To Make ACP Requests

Farmers who plan to establish soil and water conservation practices on their farms with agricultural conservation program assistance should visit the county office to discuss their conservation problems and file their request as soon as possible.

It's important for farmers to file their requests early in order to get the necessary approval and take care of other program

details before the time is at hand to actually begin work.

Under the 1968 ACP, cost-share assistance averages about half of the cost of carrying out such conservation practices as establishing and improving vegetative cover, planting trees and improving existing stands of timber, and practices aimed at the conservation and more efficient use of water.

Farmers are encouraged to seed winter cover crops

on their cropland this fall. Winter cover not only protects the soil, but may be grazed and will, therefore fit well on many livestock and dairy farms.

## TALK ABOUT A COMBINE!

Woodrow Lowe bought the first Lilliston Peanut Combine in his area and has been with them ever since. His reason is clear: "The Lilliston will go when and where the others won't."
