VOTE Gardner for Governor NOV. 5th

ON DISPLAY FRIDAY—The new line of Ford automobiles will be unveiled Friday with a completely redesigned product. One of the newest features is the new "flight cockpit" instrument panel. Also, all styles are well-appointed and offer a wide variety of options. Tom Hopkins, sales manager, Albemarle Motor Company, is shown here with one of the new 1969 Fords.

Cotton and Peanut Tour: The tour of cotton and peanut variety demonstrations here in Chowan County was very interesting. The new cotton variety TH149 showed up very well at both Fahey and Carroll Byrum's and also at Joe Hollowell's. The bolls are large and this is supposed to be a long staple cotton of good quality that will help us compete with western cotton. Yield data on all varieties will be obtained when the cotton is picked.

At the peanut variety demonstration grown with David Bateman, growth habits of all varieties and mixtures were observed. A few plants were checked for maturity and digging time is still not here but is only 10 days to two weeks away. Better take a look at your peanuts and try to dig them when about 75 per cent of the kernels are mature.

Cotton Defoliation: This should be done at least 10 days and not more than 20 days before harvesting begins. It will allow mechanical harvesters to do a better job. Dew dries earlier, allowing picking to begin earlier in the day. Boll rot, fiber and seed deterioration are retarded due to exposure of lint to the sun and air movement.

as well as reducing damage from the bollworm. Cotton bolls should be 85 per cent mature and that time is now here. Defoliants such as Def or Folex are preferred over desiccants. Defoliants will cause leaves to drop to ground, desiccants will dry them on the stalk.

This Is County Fair Week: The Chowan County Fair at the American Legion Fairgrounds is underway here this week. At this writing, on Monday afternoon, exhibits are coming in a little slower than normal. I don't think this is anything to be excited about because a large portion of the exhibits come in later on in the afternoon.

Yeopim 4-H Club Elects Officers
The Yeopim 4-H Club held its regular meeting on September 18 at the club house.

The president called the meeting to order and the secretary read the minutes. We then said the pledges and the Lord's Prayer. We were then asked for old and new business.

Our new business was to elect new officers. They are as follows: President, Cindy Davenport; vice president, Debbie Overton; secretary and treasurer, Lois Brabble; song leader, Jake Downs; reporter, Linda Parrish; parliamentarian, Tommy Brabble; social chairman, Faye Parrish.

We then discussed our fair booth and decided what time to meet to work on it.

We then closed by singing songs and playing a few games.

The meeting was then adjourned and the Reas served delicious refreshments.

LINDA PARRISH, Reporter.

Peanut Maturity: The dry weather is persisting and late set pods are not developing. The only thing we can do now is to dig the crop that is on the plants at a time when it will give us highest yield and quality.

On Monday morning of this week I visited a number of fields, carefully examining some plants in each one. Mature kernels are ranging from 40 per

field carefully. I have found a few Florigiants that were near the point of beginning to turn loose.

Explained Auto Safety Belts

Pete—When I arrived in Washington I didn't have a single cent in my pockets. In fact, I didn't even have any pockets.

George—How on earth did that happen?

Pete—Oh, I was born here.

NEW YORK—Experts estimate that more than 5,000 lives would be saved each year in the United States and that injuries would be reduced by one-third if everyone used auto seat belts, says the Insurance Information Institute.

Student Art Contest Begins

Contest Begins

An art contest for students in Edenton-Chowan Schools is currently in progress to secure three pieces to hang permanently in the superintendent's new office.

Mrs. Vivian Clark, art supervisor, said the contest is for students in grades one through 12 and will end November 3. The entries will be judged immediately and the winners announced the following week.

Pictures will be judged on creative use of materials and ideas.

The contest is for pictures in any medium but the subject matter must pertain to school or some aspect of education.

Also, Mrs. Clark said an exhibit of student work will be in Shepard-Pruden Memorial Library in September and October. Anyone interested in exhibiting their work should bring it to the library or contact Mrs. Clark.

The supervisor said completed work should be matted and/or framed and ready to hang. The work should be submitted before October 8.

Legal Notices

Notice Serving Process By Publication
State of North Carolina, Chowan County.

In the General Court of Justice
Superior Court Division
George Reid Lane, Petitioner,

vs.
Robert Lester Lane, a Minor, and wife, Marcid Glassbern Lane; and Marian Lane Evans, a Minor, and Husband, Bobby Earl Evans, Respondents.

To Robert Lester Lane, a Minor and Wife, Marcid Glassbern Lane:

Take notice that a pleading seeking relief against you has been filed in the above entitled action.

The nature of the relief being sought is as follows: A Special Proceeding for the sale of intestate's land wherein the respondent, Robert Lester Lane, as an heir is entitled to a share in the proceeds of such sale and the respondent, Marcid Glassbern Lane, as his wife is a party in interest.

You are required to make defense to such pleading not later than November 4, 1968, and upon your failure to do so the party seeking service against you will apply to the court for the relief sought.

This 25th day of September, 1968.

LENA M. LEARY,
Clerk of Superior Court.
