### Is Recognized

A letter of commendation honoring her for her high performance on the 1968 National Merit Scholarship Qualifying Test (NMQT) has been awarded to one student at Chowan High School, Miss Catherine Aman has announced.

The student is Diane Glenna Peedin.

She is among 39,000 students in the United States who scored in the upper two per cent of those who will graduate from high school in 1969. The commended students rank just below the 15,000 semi-finalists announced in September by the National Merit Scholarship Corporation.

John M. Stalnaker, president of NMSC, said: "Although commended students advance no further in the merit scholarship competition, their outstanding record in a nationwide program deserves public recognition. Their significant academic attainment gives promise of continued success in college."

"The commended students should be encouraged to pursue their education since their intellectual talent represents an important and much needed natural resource. Our nation will benefit from their continuing educational development."

The commended students' names are reported to other scholarship-granting agencies and to the colleges they named as their first and second choices when they took the NMQT in February, 1968. The reports include home addresses, test scores and anticipated college majors and career intentions of the commended students. NMSC encourages these students to make every effort to continue their education.

### Sunday School Lesson

Continued from Page 4

The Incarnation is the foundation of the Gospel as we know it today. He, among us, who accepts the Incarnation as a fact, must also accept the humanity—as well as the deity—of Christ.

The heir to a business, starting "at the bottom" and working his way up the ladder, is more apt to make an understanding "boss"—more apt to have a knowledge of the problems that the worker encounters in contributing his time and efforts (and knowledge) to that business.

How much more true, then, is Jesus (who died for the sins of men, that we might be forgiven) a more versed intermediary on our behalf with God? Humanity is an abiding part of Christ's nature, an attribute indispensable in getting God and man together in harmony. This, no Christian can gainsay.
