Listen to the Sound of Music coming from Griffin's Musicenter, where music really fills the air. For true home entertainment, you can get Zenith's fine stereos in portable and console sets and your choice from the many records in long playing and 45's, popular, classic and religious music. For private listening pleasure, there's several sizes of transistor radios, including the new Chanel Master radio and the clock-radio— from Griffin's Musicenter.

If you're up town and are tired, let me suggest that you go to Rose's and sit down in one of their new swivel rocker-recliners, which are built for real comfort and relaxation. Coming in colors of green, brown, black, gold and orange, these recliners are sturdily built and covered with long wearing vinyl materials. You can see these recliners displayed in the windows at Rose's and just think—the price is only \$29.88!
