

C. H. Wood, Jr. Joins Kaiser

Charles H. Wood, Jr., of Edenton has been recently employed by Kaiser Agricultural Chemicals, a division of Kaiser Aluminum and Chemical Sales Corporation.

Kaiser Agricultural Chemical is a basic producer of fertilizers, nitrogen products and pesticides. Wood is the Eastern District salesman for Kaiser and he and his family will continue to live in Edenton.

N. L. Sugg, Rocky Mount district manager of Kaiser says, "we are highly pleased to have Charlie join our organization as we expand my agricultural chemical

program in North Carolina." Wood is a native of Edenton, where he has been a life long resident. He attended Edenton High School and continued his formal education at The Citadel, the Military College of South Carolina, where he majored in business administration. Wood served four years in the Naval Air Force in World War II as a pilot aboard an aircraft carrier with active service in the South Pacific.

Wood has had 22 years in the fertilizer and pesticide industry. He was affiliated with Olin Mathieson Chemical Corporation and recently with Columbia Nitrogen Corporation.

He is a member and vestryman of St. Paul's Episcopal Church. He is a member of the local Masonic Lodge. He married the former Nell Riddick of Gatesville. They have three children, Charles, Nellie and Emmett.

Area College Is Accredited

The Southern Association of Colleges and Schools voted to admit College of the Albemarle to full membership at the 73rd annual meeting concluded Wednesday, December 4, in Atlanta. Membership is limited to institutions accredited by the association.

"I am thrilled to be able to bring home the good news," said Dr. Bruce Petteway, president of the college. "This recognition is a significant step forward in the brief history of the college."

COA was one of six two-year colleges in North Carolina accredited at this meeting and is among 480 other institutions of higher education in the region, covering 11 southern states and Latin America, holding membership in the association.

Setting standards to measure the academic respectability of colleges and universities is a function of the regional accrediting agencies. The Southern Association has been able to contribute to the improvement of education in the region primarily through awarding or withdrawing accreditation. Accreditation is awarded those institutions which meet the standards of criteria of the association and whose total educational program is coordinated, administered and held in proper balance.

CHARLES H. WOOD, JR.

This timepiece will give you the precise time of day
