A statement of high praise for the local Post was issued by C. Marcell Williams of Faith, Department Commander of the American Legion.

Commander Williams said "The membership of every Legionnaire makes it possible for the American Legion to maintain service for the sick and disabled in hospitals. Memberships make possible all the Legion programs, such as care for needy children, baseball, Boys' State, Boy Scout troops, oratorical contests, community service and all the others. I am proud to congratulate Post No. 40 upon this notable achievement."

Giant Candle Set For Norfolk

NORFOLK, Va. — The "Largest Yule Candle in the World" will brighten Norfolk's Christmas this year when it is lighted at the Gardens-by-the-Sea on December 12.

Displayed in the rotunda of the administration building, this gigantic candle will represent the spirit of a 19th century Christmas as part of the Norfolk "Four Centuries of Christmas" tour.

The Williamsburg Soap and Candle Company is in the process of making this candle now, and Manager John B. Barnett estimates that it will be two feet wide and at least 10 feet tall upon completion.

According to the Encyclopedia Britannica, giant candles have been made for various occasions but a candle of these dimensions would qualify as the "Largest Yule Candle in the World."

The candlemaker is starting at the bottom of the huge candle and casting it joint by joint. Hundreds of pounds of wax will be heated and then expertly cooled to give the candle just the right substance.

Despite obstacles, the "Largest Yule Candle in the World" will undoubtedly be one of the most outstanding features of Norfolk's 1968 Christmas celebrations.

The candlewick will more closely resemble sturdy rope.
