

# Danger Season For Pedestrians

"This is the danger season when drivers need to be on the alert for older pedestrians," according to Hillel H. Yampol, executive director, Metropolitan Chicago Nursing Home Association. He pointed out that longer hours of darkness, fog, snow, sleet and rain make it harder for drivers to see and stop in time.

"For their part, older persons should avoid jaywalking," he said. "When they walk, they should try to avoid the hours between 4 P. M. and midnight, and they should remember that Fridays, Saturdays and Sundays are the worst accident days."

"Drivers must see to avoid collisions with other

cars or pedestrians. They should keep their headlights clean as well as their windshields. It is especially important during inclement weather to have live windshield wiper blades to insure best possible visibility. Anything less than good visibility may cause a fatal accident.

"Pedestrian - motor vehicle accidents reach their peak frequency in December and remain high throughout the winter, according to the National Safety Council," Mr. Yampol concluded.

### SUPPER IS HELD

Center Hill Homemakers Club enjoyed a covered dish supper on Tuesday night, December 17, at the Center Hill Community Building. As usual with Center Hill, there was a variety of food and a bountiful supply. After the dinner the group joined

in singing Christmas carols. Mrs. White then showed a Christmas film which everyone enjoyed and led the group in several Christmas games. Gifts were exchanged by each member and the evening was enjoyed by all who attended.

## A Thought to Remember

By MARVIN BARHAM

They say the word "lonely" was created and used for the first time by William Shakespeare. He has been dead for only 350 years, and what they used to describe "lonely" before his time, we don't know.

We are sure people were "lonely" 400 years ago—even though they didn't have a word for it.

You would be surprised how many lonely people there are in the world today. We know a person who makes it a regular habit of calling up her friends on the telephone and saying: "I just called because I felt you might be lonely."

The remarkable thing is that the phone calls are a sure cure for her friend's loneliness as well as her own.

It might be a good idea if more people make a practice of this idea.

OUR THOUGHT TO REMEMBER: Friendliness is Contagious.
