

BROAD STREET BULLETIN

— by —
KATE

There was a girl from Queen Anne's
Who made her tea in a pan;
You'd think that she
Would know how to make tea
In a pot, but not in a pan.

The flu bug has finally caught up with me, with all the usual ailments. Then, of course, cloudy weather always makes one feel worse, but I have one consolation — most people DO recover from this pestiferous malady.

There's all sorts of remodeling, renovating and moving around town right now. Marina and Hawk Crummey are completely re-doing their home on Bond Street, Irma and Rick Allsbrook have purchased the house on the corner of Church and Court Street and it's going through extensive renovation, and they'll soon be able to move in. Kathleen Ross has moved from their old home on West Church Street to a very nice apartment on West King Street. Mamie and Hank Quinn have moved from West Queen Street extended to a smaller home in Westover Heights and Judy and Jim Earnhardt are relaxing happily in their ultra modern home on Blount Street. Believe me, all this moving, etc., can add zest to dull routine, but it means patience and hard work, too.

Don't miss the article in this week's Chowan Herald about the new organization about to be started here, of concern to all — no price attached, except perhaps for some of your time now and then. The watchword of this new group will be "If you need help of any kind" . . . You can join and be of help by just being on call sometimes to help someone in distress. This will help you to be "Your Brother's

Brother." I had something especially nice happen to me last week, on Wednesday afternoon to be specific. Our door bell rang and it was Dolly Pate with a most beautiful arrangement of spring flowers — to Buff and me. I was, needless to say, surprised and overwhelmed — curious, too. The card read: "from Phyl John and the children." The thoughtfulness of this fine English lady, along with the knowledge of knowing that she walked from our place to Pate's Florist just to order these flowers — well it just made me cry — of course. At this moment, since I kept them on the porch at night, the flowers are still fresh and we are enjoying them so much.

Some afternoon, if things get dull for you, just take a ride out to Gib Perry's Store. There's anything and everything there and Gib doesn't mind the ladies browsing. It's really fun.

We went to Kitty Hawk Sunday to visit with Buff's granddaughter and her family. On our trip we wondered why there was so much traffic on the road and why so many people were dining at the Point Harbor Restaurant this time of year. Then we were told that most of them had ridden down there to see the big barge which was aground off Southern Shores. It certainly is a curiosity to see that boat sitting high and dry. By the way, Buff's two great grandchildren are just adorable and quite smart, too — it must run in the family.

PINE NEEDLES MEET

By KIM BENSON,
Secretary-Treasurer

January 15 the Eden Pine Needles met at the home of Mrs. F. A. Jordan. Our lesson was about all the different kinds of birds. We saw a couple of films on birds. After that we had a short quiz on birds.

HINTS

If you stop for a coffee break, during a paint job, just wrap your paint brush in wax paper and it will keep ready for use at once. Sponging adhesive marks with a little benzine will quickly remove them.

We offer
good service...
and a good way
to help pay the bill

Don't let sluggish farm equipment slow you down, cut your profit margin. Our Service Department can put back the performance you paid for. We back you with expert know-how, top-quality parts, and modern shop facilities. What's more, if major repair or overhaul is needed, you can count on the John Deere Credit Plan to help pay the bill. Little or no initial payment is required . . . take up to a full year to repay. Tractors . . . combines . . . corn-, cotton-, and beet-harvesting equipment . . . forage harvesters . . . hay balers . . . wind-rows — all are eligible, regardless of make. See us now for good service and convenient credit.
