Underground Highway

At International Nickel's 68-year-old Creighton mine in the Sudbury District of Ontario, a 16-foot wide concrete-surfaced ramp spirals down a 20-degree incline to a vertical depth of nearly 2,000 feet. To be further extended, this ramp provides an economical method of recovering low-grade nickel ores that would be valueless if more conventional mining techniques had to be used.

Bond Specialist Added By Bank

First National Bank of Eastern North Carolina has become one of only six banks in North Carolina to establish a full-service department trading in municipal and other governmental bonds, it was announced today by C. A. Benson, manager of First National operations in the Edenton area.

Simultaneously, it was announced that J. T. W. (Tom) Pace has joined First National as vice president in charge of the new program.

Pace has been with the bond department of Wachovia Bank & Trust Company at its headquarters office in Winston-Salem for the past eight years. He was in charge of all bond trading activities in four states for the Wachovia system.

M. F. Allen, Jr., president of the \$90-million First National, said the 26-branch system has for some time been "especially

interested in developing a bond department."

Establishment of the bond department, Allen said, "will enable us to expand our ability to assist local communities in efforts to build schools, hospitals, road systems, water and sewer facilities—in fact any type of community improvement which ordinarily is financed through authorized bond issues."

Book Fair Ends

Sparkless Carpets

Carpeting containing fine strands of stainless steel as part of the backing and pile does not build up static electricity that can cause dangerous or unpleasant sparking. Nickel stainless steel is used because it will not rust when carpets are cleaned.

BIRTH ANNOUNCED

Sgt. and Mrs. John Franklin Williams of Fort Mead, Md., announce the birth of a daughter, Angela Denise, on March 4. The grandparents are Ma-tooka and Ralph Williams of Edenton.

To accomplish such an end is no easy task in itself—it requires effort and dedication beyond that which we feel we are capable. Yet everything big has had to have a small beginning. We can be that beginning point. We can be responsible individuals, responsible parents, responsible citizens, responsible Christians. We have only to acknowledge Christ's authority in our lives, and we are on our way to a universal goal.
