LETTERS

to the EDITORS

I am writing this letter in an effort to recognize one of the most outstanding public services our community has — the Rescue Squad.

Recently I was involved in a situation which called for immediate action. The affair was a wedding at our church. Prior to the service, a man fell on the stone floor headfirst and began to bleed profusely. Within several minutes, five members of the Rescue Squad had arrived in answer to a phone call, complete with oxygen and other medicinal supplies. The proficiency shown in such an emergency was outstanding!

I am one person who sincerely believes that the volunteer work these men are doing deserves a lot of credit. They are a shining example of the kind of people more of us should try to become. Can you say you've done as much for our community as these men have?

Dear Editor:
I never have been much on letters to the "Editor" but I don't believe I could make it up here another four or five years without The Chowan Herald!

John and I called Pearl Moore, my sister-in-law, and asked her how the election had turned out. We were too early — it was 10 o'clock and the counting was not complete — So — next morning I called the news desk at the Virginian-Pilot and told them that I was a transplanted Edentonian at Va. Beach with no North Carolina sheet in our morning paper — could he please tell me who had won the race for Mayor in Edenton? He laughed and said I sure as anything was in a mess! That Mr. Byrum, a 43-year-old business man had won. Once again the people have made a wise choice.

I have worked a number of years with George Alma and have seen him give freely of his time and his talents — with just one thing in mind — a better Edenton. My best wishes go with him and his family — you couldn't find a nicer one.

John and Chuckie and I look forward to being in Edenton soon for a day or so.

Sincerely,
Sarah H. Trexler
