

Local Recreation News C. J. Williams

The softball league opened play Monday night, June 9, with eight teams playing. The teams playing are: Cotton Mill, Carter's Ink, Ellis Tile, Chris Craft, National Guard, Albenarle Tire, Jaycees and Mary Carter. Two games are scheduled on Mondays, Tuesdays, Wednesdays and Fridays, which will complete a 14-game schedule, terminated with a play-off.

Summer Baseball Program
Practice and tryouts are being conducted for boys ranging in age from eight to 15 years. Practice will terminate Friday, June 13, at which time teams will be formed in three separate leagues. We are still registering boys through Friday and the more participants we have the more teams we can have in each league. Our program will be composed of a Little League for boys eight and

nine years old, a Colt League for boys 10, 11 and 12 and a Pony League for boys 13, 14 and 15. It is hoped by having more age division the boys will get more pleasure and interest in participating.

Miss Carol Haste is setting up the program for girls. Any girl, regardless of age, is welcomed to register in the activities available. These activities will include tennis, softball, basketball, volleyball, gymnastics, table tennis or any other activities in which there are enough participants. Registration is done in the Holmes High School gymnasium. Any girl interested in work in arts and crafts is welcomed to the program.

Basketball goals have been erected at the playground on Freemason Street near the tennis courts.

Family Event By Witnesses

What generation gap? You won't find much evidence of one among Jehovah's Witnesses who believe in doing things family style. That's why members of the Edenton congregation are including the youngsters in their plans for attending a summer convention that will draw 45,000 delegates to Georgia's Atlanta stadium.

It won't be base hits they'll be concerned with. It will be the Bible, according to M. E. Beltrami, presiding minister. The big baseball park will become a huge "Kingdom Hall" for eight days of Bible lectures, costumed drama and other instruction on Scriptural themes.

At the Atlanta convention young adults may well be in the majority. Fully a fourth of those attending will be teenagers. Youngsters are used on the convention program and many volunteer to work in one of the convention's 22 departments. The same pattern is followed locally, where young people take their turn in preparing Bible talks for the congregation's weekly ministry school class. In the Witnesses' congregations ministry school students range in age from nine to 90. In addition, families are encouraged to have brief discussions of the Bible on a daily basis, plus a one-hour family Bible study once each week.

Simultaneously with the Atlanta assembly another will convene at New York's Yankee Stadium and this is expected to draw another 80,000 delegates.

Students Must Return Report

All students age 18 to 22 who are drawing social security benefits will receive an important card through the mail within a few days. Fill it out and return it at once to the local Social Security office.

Only students in the 18 to 22 age group who are receiving benefits because they are full time students at an accredited school are required to complete the report. Many don't realize that they can continue to receive their benefits during the summer vacation if they plan to return to school in the fall. The information given by the student on the form will enable social security personnel to determine whether or not we can continue to send his checks after the end of the current school year.

Those who need further information or assistance in completing the form may obtain it from the Social Security office located at 401 South Dyer Street in Elizabeth City.
