

Edenton Town Council Proceedings

Edenton, N. C., September 26, 1969. The Town Council of the Town of Edenton met this day in special session at 11 A. M. at the Edenton Municipal Building. Members present: Mayor George A. Byrum, Luther E. Parks, David G. White, Leo Katkavick, J. D. Elliott and James C. Dall. Mayor Byrum called the meeting to order and explained to those present the need for the passage of the local option 1 per cent sales tax at the election November 4, 1969. A discussion was held by all members present relative to this matter and up-

on motion by James C. Dall, seconded by David G. White, it was unanimously carried supporting 1 per cent sales tax adoption and encouraging the people of Edenton and Chowan County to vote yes on November 4, 1969.

The Town Council also pledged to the voters that if this tax was carried the money would be used for a reduction in ad valorem taxes or if proposed needed capital improvements (water tank, water, sewage extensions, etc.) was undertaken these funds would be used to authorize the cost. In any case, these funds would result in a net tax reduction for the people residing within the corporate limits of Edenton.

Mayor Byrum stated that two members of the Chowan County Board of Commissioners have been appointed to work as a steering committee and that he was requesting Councilmen Herbert Hollowell and James Dall to serve as a committee from the Council to work with the County Commissioners. Councilman Hollowell was designated chairman of the Council's committee.

After a thorough discussion of an offer to purchase part of the property located on the Edenton Municipal Airport from Union Camp Corporation, the Council decided to table this matter until further

information could be gathered. There being no further business, the meeting adjourned.

W. B. GARDNER, Administrator.

School Paper Sponsors Dance

The first social event of the season at Chowan High School will be a dance Saturday featuring the "Soul Scene." Sharole Goble, editor of the Chowanian, said the dance will be from 8 P. M. to 11 P. M.

The Chowanian staff is sponsoring the dance with proceeds to be used to attend the summer workshop at the University of North Carolina at Chapel Hill.

N. C. State Fair Begins October 17

By C. W. Overman

The State Fair begins on Friday, October 17, and runs through the following week. I realize this is a busy season of the year for our farm people, but somehow we can find time to do some of the things that we really want to do. May I urge you to find time and set up your schedule and attend the State Fair. The fair this year is proposed to be the best ever.

BIRTH ANNOUNCED

Mr. and Mrs. Harry Schoettle announce the birth of their second son, Michael John, September 30 in Albemarle Hospital. Mrs. Schoettle is the former Ellen Basnight of Edenton.

See It New

Sew And Swim—A new do-it-yourself bikini kit for the home seamstress offers everything needed to whip up a bare little beach fashion. There's elastic fabric, stretch thread—even a button for fastening the top.

Get The Word for upcoming fashion — it's "art deco." The phrase refers to the art of the period ranging from about 1912 to the thirties, and it's interpreted in fluid, flowing lines, precise, colorful prints. Originally, a break-away from turn-of-the-century stringency, "art deco" is in tune with today's times, too.

The Last Word for homeowners who can't make up their minds where to put the birdbath is a portable, Teflon-coated birdbath, easily moved from place to place; easily cleaned; easily stored in wintertime.

Pep-Up Flavor of summer salad dressings—add cranberry juice cocktail to your mayonnaise or French dressing. Cranberry juice will add a tangy flavor and that pretty red color.

CARD OF THANKS

We would like to express our sincere appreciation for the many expressions of sympathy during the death of our husband and father.

Winner Writes Of Scholarship

By DIANE PEEDIN

I was very honored to be chosen one of the 1969 L. R. Harrill Scholarship winners. Mrs. L. R. Harrill sponsors two scholarships each year in her husband's honor.

Scholarship recipients are chosen on the basis of scholastic achievement and 4-H Club work. These and the twelve 4-H Development Fund Scholarships are given to deserving 4-H'ers each year. All the scholarships are in the amount of \$500.

To receive one of these scholarships, one does not necessarily have to be a state winner or an A student. A combination of above average grades and sincere participation in 4-H activities is what wins. Some of the most important things a 4-H'er can do are in the field of junior leadership. The service he gives to others is one qualification a scholarship recipient should have.

Because I know many of the 4-H'ers in this county, I am sure many of them have the potential to win a 4-H scholarship. However, some of those may drop out of 4-H without realizing what 4-H can mean to them.

If a 4-H'er wins a \$500 scholarship, it pays almost one-half of a year's college costs. Even if he doesn't become a scholarship winner, 4-H helps a young person develop leadership and self confidence. It gives him the opportunity to travel and to meet people from all over the world. A 4-H'er is constantly exposed to learning situations and gets the chance to practice many new skills. Perhaps the most important contribution 4-H can make to a young person is helping him get along with others.

Dillard Faces Traffic Count

Two motorists were seriously injured in a head-on collision Thursday afternoon on Highway 32, north of Small's Cross Roads.

State Trooper C. T. Thomas said Lindsey Dillard, 42-year-old Negro, Route 1, Tyner, was admitted to Chowan Hospital with head and chest injuries. Mrs. Helen Stallings Wiggins of Hobbsville was transferred to Norfolk General Hospital with extensive injuries.

The 1965 Chevrolet being operated by Dillard and the 1969 Ford operated by Mrs. Wiggins were both considered damaged beyond repair.

Dillard was charged with improper passing. The Trooper said investigation showed he pulled out to pass a truck and met Mrs. Wiggins head-on.

Wildlife Project

The project I liked best was wildlife. In this project I learned many things. One of these was how to identify fish. I had a lot of fun catching fish and it was nice to know what kind they were.

I also learned something about snakes. There are about 40 different kinds of snakes in North Carolina, but only seven kinds are poisonous.

Another thing I learned is how to identify birds. At the end of the year, I was surprised to know that I had seen and identified over 20 birds in my back yard. I built a bird house and I hope a bluebird family will move in next spring.

In 4-H a person learns many things and has fun, too.

Bill Jordan.

Apollo Launch Nickel stainless steel played an important role in the ground support equipment used for the Apollo 10 launch. The mobile launcher contains about one and a quarter million pounds of austenitic stainless steel and tubing in propellant and hydraulic lines. Cryogenic storage and transfer equipment in the two Apollo pads contain an additional 3,500,000 pounds of nickel stainless steel.

STORY TIME—Students at Mary Shelby's Kindergarten were visitors at Shepard-Pruden Memorial Library where Mrs. Sandra Phillips, librarian, took time to show them the facilities and read them a story. Front row, left to right, are: Mark Steven Alexander, James Slade, III, Troy Wright, Tracie Clark, Mrs. Phillips, Susan Downum and Shirley Holmes. Back row are: Paige St. Clair, Dwayne and Wayne Forehand, Dawn Pickler and Penny West. The kindergarten is held at First Presbyterian Church.

So. Security Questions-Answers

Q. I own a business in another state which is incorporated. I am over 65, fully retired now and am not active in business. The only income on the business that I have is the profit it makes. Is this taxable for social security?

A. No. Corporation dividends are not taxable for social security purposes. If you should become active again in the business and receive a salary for your active participation, then any salary for your services would be taxable.

Q. I am going to be age 72 this month. How much can I earn this year without losing any benefit checks?

A. The yearly earnings limit is \$1,680. If you do not earn over this limit for the entire year you will not lose any checks. If you limit your earnings to \$140 per month for all months prior to age 72 you may earn whatever you like after 72 and still not lose benefits. This is because there is a guarantee to pay benefits for all months you earn \$140 or less as well as benefits for all months you are over age 72 regardless of what

you earn in these "over age 72" months.

Q. I will soon be 62 years old and plan to retire. I was born in Italy and my birth certificate is written in Italian. Will this delay my claim for social security?

A. No. The Social Security Administration has translators who can evaluate documents in any language.

Q. I was married last month. I would like to have my married name shown on my social security card. What must I do?

A. Fill out a request for a change of your social security records. You can get a form for this by calling or writing any social security office.

Q. I am 18 and plan to enter a state university in the fall. My mother is a widow and is drawing social security for my younger brothers and me. Will the academic scholarship I won affect my social security checks?

A. No. A scholarship is not considered an earnings for social security purposes and you will still continue receiving checks.

I wanted extra income I could count on . . . and I got it!

The Maverick-maker strikes... again and again and again.

Ford. Take a quiet break. Move into the quieter world of the sleek new Ford with a computer-designed S-frame and a unique new suspension system. The ride is so smooth and vibration-free that you have to test-drive it to believe it.

Torino. All new clear through. Torino is the most completely changed car of the year. Longer. Wider. Smoother. And sparked by six great V-8's up to the big 429 4V Cobra Jet Ram-Air V-8.

Maverick. Still \$1995*. The Simple Machine. The car that held the price line is the best-selling car of the seventies. Maverick already has more than 150,000 happy owners. Join them . . . see how simple life can be.

*Ford's suggested retail price for the car. White sidewall tires are not included; they are \$32.00 extra. Since dealer preparation charges (if any), transportation charges and state and local taxes vary, they are not included, nor is extra equipment that is specially required by state laws.

Ford gives you Better Ideas. It's the Going Thing!
