

AL WARD WORKS ON PROJECT

4-H Dog Care Project Taken

My dog "Rusty" is my good friend. He is a Chesapeake Retriever.

Rusty was given to my family by Mr. and Mrs. Herman White three years ago. He was just a puppy then, even though he was bigger than I was.

I took the Dog Care and Training Project to help me learn how to care for him. It has helped me learn how to feed and groom him correctly. I have also learned how to teach him commands and a few tricks. I received a medal in this project my first year and last year was county winner.

Perhaps we will have a dog show this year. I'm sure that if we did, Rusty would win a prize.

Al Ward,
4-Leaf Clover 4-H Club.

4-H'er's Work Is Rewarding

I have been a 4-H'er for six years. The first year I was in 4-H I turned in a record book on canning. To my surprise, at Achievement Night I won a medal and a boiling water canner for being county champion and my record went to the district.

Every year since then, I have participated in the canning project and now my record is in district competition.

I added different projects since my first year in 4-H. I've won 18 medals, four canners and silver tray. I have carried such projects as Health, Grooming, Safety, Livestock, Gardening, Freezing and Junior Leadership.

Four-H is very rewarding in many ways. There are projects for every age range which teach you things that you can use in your future life.

In 4-H you have fun along with learning. There are summer camps, 4-H Activity Day and there is 4-H Club Congress in Raleigh. You always meet a lot of interesting people by participating in 4-H activities.

Everyone is always proud to win a certificate, medal or a trip for your project books. I would urge all boys and girls age 9-19 to join their local 4-H Club.

Janie Evans,
Oak Grove 4-H Club.

The niftiest knit in the classroom this term has a bit of a Scottish accent. Strictly in the feminine gender is this two-piece knit of Creslan acrylic fiber, with the neat geometric of an argyle-patterned top. The lines are straight and true—lightly A-shaped skirt and crew-necked sweater top, with a little tie belt. This is the knit for the nine o'clock scholar — the young sophisticated who's never late, when it comes to the newest in fashion.

A Family Tradition

Four-H Club work is indeed a family tradition in the Marvin Evans family of the Oak Grove community.

Mr. and Mrs. Evans have served as 4-H leaders since the beginning of community 4-H clubs in their community. They have encouraged many children in project work to strive for excellence.

Under their leadership many youth have learned and excelled. Among these have been their own children.

The Evans' have six children. All have excelled in 4-H. Leon and Don were state winners in project work and were awarded trips to National Club Congress in Chicago. Judy was a state demonstration winner. Lewis was a many times district winner and a top driver in the state tractor contest. The two youngest, Janie and Jimmy, still active 4-H members, have been district award winners.

All six children have been recipients of Chowan County's top honor for leadership, the 4-H Key Award.

Mrs. Evans states that her greatest benefit has been the joy of having the opportunity to work with young people. Their oldest son and daughter-in-law, Mr. and Mrs. Leon Evans, are carrying on this tradition by presently serving as community club leaders.

Wes Chesson Duke Standout

DURHAM — Junior wing end Wes Chesson from Edenton took over the Duke pass receiving leadership Saturday despite the Blue Devils' third straight loss, 14-12 to Pitt.

The Blue Devils picked up only four first downs in the first half, and three of them were on pass completions from Leo Hart to Chesson, of 15, 10 and 11 yards.

The only touchdown which the Blue Devils' offense was able to generate was scored by Chesson with 1:20 to play in the third quarter when he took a six-yard pass from Hart. Chesson now has caught 14 passes for 153 yards this season.

Chesson's greatest contribution, however, was his continued outstanding punting. He kicked nine times for a 39.5 average, raising his season average to 38.1. More significantly, Chesson has allowed only five of his 21 kicks to be returned for a total of only 26 yards.

Against Pitt, Chesson had kicks of 54 and 58 yards in the first half. His average would have been better except for a 19-yarder in the fourth quarter. Chesson's first bad punt of the season.

R. H. Daniels Dies In Hospital

MERRY HILL — Funeral services were held at 3 P. M. Tuesday in Colonial Community Chapel in Edenton for Robert Henry Daniels, 42, of Merry Hill. Rev. Coleman Thomas officiated and burial was in Hillcrest Cemetery in Colerain.

Mr. Daniels died Sunday in the Veterans Hospital in Durham following an illness of two months.

He was self employed as a mechanic. A native of Bertie County, he was born January 31, 1927, son of Mrs. Lucy Miller Daniels of Merry Hill and the late J. Gould Daniels.

He was married to Mrs. Mary Woodley Daniels, who survives.

In addition to his mother and wife, surviving is a daughter, Miss Linda Gay Daniels of Merry Hill; four brothers: Eugene Daniels of Charlotte; J. G. Daniels, Jr., of Merry Hill; Leo A. Daniels of Fredericksburg, Va., and H. C. Daniels of Windsor, and two sisters: Mrs. Elizabeth Webb of Norfolk, Va., and Mrs. Maxine Fennell of Pittsburgh, Pa.

Riverside Baptist Church and a veteran of the Korean War.

Colonial Funeral Home in Edenton was in charge of arrangements.

Early Auto

In 1889, a gasoline-powered automobile made the 900-mile trip from Kokomo, Ind., to New York without an axle failure—a notable achievement at that time. The car was equipped with one of the first axles of tough, strong nickel steel.

A pretty girl always enlivens the conversation.

Open To Public

Historic Hope Plantation located on Highway 308 near Windsor, will be opened to all people interested in the restoration Sunday afternoon, October 12, from 1 to 5 o'clock.

There will be no admission charge and guides will be present to give tours of the beautiful old mansion completed in 1803.

The purpose of the open house is to show a major restoration in progress and to create interest in the preservation of Gov. David Stone's home.
